

NEW BRUNSWICK.

Within the few past days the weather has been fine, and the farmers are very busy putting in their hay. Should it continue fine one week, nearly all the hay crop will be gathered.

When the freight train from Cambellton was starting from Carleton Station (Northern division) Thursday p.m., in charge of Conductor Merrill, a man by the name of John Johnston attempted to get on the train while in motion and fell between the cars. Two cars passed over him before the train could be stopped, killing him almost instantly. He was a married man and belonged to Acadiaville.

The magnificent potato crop of this season is being ravaged by the bug. Some farmers are applying Paris green diluted in water, with considerable success; others have used finely ground plaster. The London purple is also being used, and is for the most part diluted in water. The potato crop is fortunately so far advanced that the injury done by the bug will not be very great and is not universal.

The freshest in the river has virtually at a stop to sturgeon fishing for this season, and many of the boats have already been taken off. Some of the more prudent declined to accept the low rates lately ruling in New York, have quite a quantity of fish preserved in their freezers, which will soon bring a good figure. One Carleton firm has about 20 tons on hand at present. The season closes Sept. 1st.

A gentleman from the Otnabog, who arrived in the city Monday evening, states that not over two-fifths of the hay along the river sections of Queens is cut, and that while interval hay has not suffered a great deal from the hot weather, highland hay is in a bad condition. The rust has struck the potato vines and without steady bright weather will do great damage to that crop.

The river is rising rapidly and the low lands and islands are pretty generally submerged. The water at Fredericton rose four feet from 5 p.m. Saturday until 7 p.m. Monday, and when the morning boat left the increase was at the rate of an inch per hour. It has now reached the pitch of a spring freshet from Fredericton upwards. The rains of Saturday and Sunday were unusually heavy all along the river.

NOVA SCOTIA.

The American ship Nellie Brett, from Cadiz, bound to Boston laden with salt, went ashore on Red Head, about four miles from Shelburne light, on Wednesday night at ten o'clock.

UPPER PROVINCES.

Hon. Mr. Abbott has been re-elected for Argenteuil by a majority of about 120. Mr. Abbot was unseated on petition, but not disqualified.

BRITISH AND FOREIGN

A despatch from Victoria, B. C., says the town of Yale is in flames. Nearly all the business houses, three hotels, the jail, the Court House and residence have been destroyed. The fire broke out in the Caledonian Hotel and swept everything before it.

A later despatch says: The fire has crossed the street. Openheimer's brick warehouse was the only fire-proof building in the town and it is now in flames. The stock of goods is very heavy; insurance light. The loss will be great. The fire was got under control at 8 o'clock last night. The ruin is most complete, and the loss variously estimated at from \$30,000 to \$40,000. All the best buildings, except the church and Hudson Bay Company's store, and the buildings and warehouse of the railway are gone. Only one hotel is left standing.

Several Russian men of war have been ordered to return to Cronstadt where a commission will inquire into charges raised by the Golos against mismanagement abroad.

A new treaty between Russia and China will be ratified to-day. The territorial boundaries are all agreed upon, and Russia receives an indemnity of 9,000,000 roubles in specie. The Russians are to be entitled to trade freely on both slopes of Tsin Shan as far as the great wall, and a tariff is to be established. Other important concessions are to be granted to the Russians.

A Washington despatch, of the 21st says: Executive Mansion, official bulletin, 12:30 p.m.—The President's condition continues about as at the morning bulletin, except there is a slight rise of temperature. He continues to take liquid nourishment by the mouth as well as by respiration. Pulse 108, temperature, 99.7; respiration, 18.

Official bulletin, Executive Mansion, 6:30 p.m.—The President vomited twice during the afternoon. The administration by the mouth, therefore, has again been temporarily suspended, and nutritive enemata will be given more frequently. The temperature is lower and pulse rather less frequent than yesterday afternoon. The parotid swelling is painless but stationary. Pulse 108, temperature 99.2; respiration 18.

Executive Mansion, midnight.—Dr. Reynolds said, at a late hour to-night, that possibly an effort would be made in the morning to administer nourishment through the stomach. The enemata, since vomiting occurred, has been increased in quantity and two has been administered and retained to-night. At this hour (midnight) the attendants in the sick room cannot be communicated with, but the indications are that the President is resting quietly. The physicians on duty to-night—Dr. Bliss and Reynolds—and members of the President's household, have retired for the night.

A despatch from Westfield, Staten Island, on the 24th says: On receipt of the news concerning the unfavorable change in President Garfield's condition, a very exciting meeting was held. Every man present pledged himself, under oath, to proceed to Washington in case the President died and take part in any movement that might be organized to avenge the Chief Magistrate's death.

A London despatch of the 20th, says: In the Commons, in committee of supply, last evening, after some discussion by the Home Billers, the vote for Chief Secretary Forster's salary was agreed to without division.

The News says the immediate consequence of a rupture of the treaty negotiations with France will be the efforts of the foreign office to enter into closer commercial relations with Italy, Spain and Portugal.

The Standard states that Erskine May, Speaker Brand and other authorities upon the rules and precedents of the House of Commons will, during recess, prepare suggestions for the improvement of the procedure of that body. Suggestions will be laid before the Cabinet prior to the opening of the session.

The Times' Dublin despatch says the popular organs express disappointment at the tone of Forster's and Gladstone's speeches during the debate on the Coercion Act on Wednesday, and echo the call made in Parliament for the release of the "suspects."

Mr. Herbert Gladstone in his speech at a meeting of electors at Leeds, last night said: "One of the most satisfactory points in the foreign outlook is increasing friendship between England and America. If anything is more satisfactory than the outbreak of British sympathy with President Garfield it was the manner in which that outbreak was received in America."

The Observer says that ex-President Hayes, during his visit in England, will be the guest of Mr. Puleston, M. P.

Dillon, speaking at Thurles on Sunday, advised the people not to forget that the Government had insulted Father Sheehy and the rest of the "suspects" by imprisoning them.

The Standard's despatch from Limerick says the military have been ordered to prepare a flying detachment to proceed to different parts of Limerick county at a moment's notice, as disturbance is anticipated.

The Viceroy of India telegraphs that five of Ayob Khan's regiments are encamped outside of Candahar. Ayob Khan will follow. The destination of the forces is reported to be Jaldak.

Another telegram says that news has been received from Candahar that strong reinforcements are on the road from Cabul to join the Ameer's troops at Khatel.

Marriages.

GODDARD-CRIPPS.—At Springfield, K. Co., on the 13th inst., by Rev. E. C. Corey, Mr. Marshall L. Goddard, and Miss Elizabeth Cripps, both of Cardwell, K. Co.

Deaths.

VINCENT.—On the 3rd inst., at Johnston, Q. Co., William Vincent, aged 70 years. For twenty-eight years, deceased was a constant member and clerk of the Second Baptist church of Johnston. He leaves a wife and three children to mourn their loss.

HAYWARD.—At Goshen, July 30th, Elizabeth E., beloved wife of Burton Hayward, leaving a sorrowing husband and two children to mourn their loss.

COOK.—At Cardwell, K. Co., on the 6th inst., of consumption, William Cook, aged 60 years, for many years a devoted member of the Baptist church at Penobscus. He leaves a wife and five children who sorrow the loss of a true husband and parent.

FORSYTHE.—Suddenly at Elgin, on the 7th inst., second daughter of Mr. and Mrs. Forsythe, aged 6 years.

GARLAND.—At Garland Mountain, July 29th, Mr. John Garland, aged 75 years, after a lingering illness which he bore with great patience, took his farewell of friends and loved ones and very willingly gave up the mortal for the immortal life. Brother Garland professed religion in the year 1827, in a Methodist revival and was immersed by John A. McNutt, a Wesleyan minister, and not being satisfied to remain with the Wesleyan church, he joined the first Elgin Baptist church, and when the third Elgin church was organized he was one of the charter members, where he retained his membership until his death. Our brother has left six sons and two daughters and a very large circle of friends to mourn their loss.

McALPINE.—At her father's residence, Cambridge, Q. Co., on the 6th inst., Clothilda, beloved wife of E. H. McAlpine, Barrister, of St. John, and daughter of John Ferris, Esq., aged 30 years. She was converted and baptized into the fellowship of the Mill Cove Baptist Church, by Rev. A. B. Macdonald, in March 1871. She was greatly endeared to her numerous friends at home, and in Portland, St. John, where she resided the last years of her life. She was a beloved daughter, and an affectionate wife, holding firmly to Christ and his service, until she left the scenes of her labor and conflicts to take up the song of victory. Her funeral was largely attended; a sermon preached by the pastor of Mill Cove church, Text 1 Thess. 4: 18.

LIVER COMPLAINT AND INDIGESTION.

Dear Sir:—My business has been that of an engraver and carver in wood. Owing to confinement and ill-ventilated rooms my health gradually declined, when I was unable any longer to prosecute my business. At this time I was suffering from great prostration of strength, extreme indigestion and disordered liver. My usual weight was 135 pounds, but I had become so much emaciated that I weighed 100 pounds. In the early part of May last I commenced taking the PERUVIAN SYRUP, and almost immediately felt its tonic and invigorating influence. In the course of four months I used four bottles. My weight this day is 140 pounds. I have neither liver complaint nor indigestion, but consider myself in a perfect state of health, and in good spirits.

JAMES MORSE, No. 43 Pleasant St. Charlestown, Mass. Sold by all druggists.

Mothers! Mothers! Mothers! Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth, who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle.

HOLLOWAY'S OINTMENT AND PILLS.—These remedies are unequalled throughout the world for bad legs, wounds, foul sores and ulcers. Used according to directions given with them there is no wound, bad leg, or ulcerous sore, however obstinate or long standing, but will yield to their healing and curative properties. Many poor sufferers who have been patients in the large hospitals under the care of eminent physicians, have derived little or no benefit from their treatment, have been thoroughly cured by Holloway's Ointment and Pills. For glandular swellings, tumors, scurvy, and diseases of the skin there is nothing that can be used with so much benefit. In fact, in the worst forms of disease, dependent upon the condition of the blood, these medicines, used conjointly, are irresistible.

The Common Expression, "I feel so dragged," "My food don't digest," "I do not feel fit for anything," which we so often hear during the Spring and early Summer months, are conclusive evidence that the majority of people require at that season especially a reliable medicine that will strengthen the organs of digestion, stimulate the circulation of the blood, and "loosen up" the debilitated constitution. Huxington's "Quinine Wine and Iron," taken according to directions, produces buoyancy of spirits, vigor of mind and gives lasting strength to the whole system.

REST AND COMFORT to the SUFFERING

"Brown's Household Panacea" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lamago and any kind of Pain or Ache. "It will most surely quicken the Blood" and Heal, as its acting power is wonderful. "Brown's Household Panacea," being acknowledged as the great Pain-Reliever, and of double the strength of any other Balm or Ointment in the world should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle. feb21y
