AND ITEMS OF GENERAL INTEREST.

Last week and the first of this had a decidedly spring-like appearance and took the greater part of our snow off, but still leaving enough to get around.

Supreme court opened on Tuesday at the court house, Andover. There was no criminal business. One civil case to be tried, but by agreement of both sides it was laid over until next court.

The school children on last Wednesday morning got up a petition to the Mayor for a half holiday so as to take advantage of the first and probably the only skating of the season. The request was kindly granted, and fifty or sixty enjoyed themselves on the glassy surface, some of them going up river as far as Powers Creek where rough ice and open water was met.

W. M. G. DesBrisay of the Peoples Bank arrived on Saturday and took charge of the agency here on Monday. Mr. DesBrisay has been in the Woodstock and Hartland branches, and has been at the head office Halifax for the last eighteen months, and will no doubt prove a popular and efficient manager. He will have H. P. Babin of Edmundston who has been here for the last fortnight as assistant.

The boys of the town turned out in force on last Saturday and Monday and cleared the most of the sidewalks off, making quite an improvement, and just in time as Monday night it swung round cold again making the streets quite icy, and giving us a splendid sheet of ice on the Upper Basin making about the first skating of the season. While many other places are almost having an ice famine, we here have all season good, heavy, clear ice from 16 to 20 inches thick of which a large quantity has been harvested.

E. P. McKay who has been manager of the Peoples Bank of Halifax at this place for some time, has been transferred to the management of the branch at Port Hood Cape Breton. Mr. McKay left on Tuesday for his new field of labor. Mrs. McKay went to Edmundston on Wednesday where she intends visiting her mother for a few weeks before joining her husband at Port Hood. Mr. McKay during his stay at the Falls has made himself very popular with all, and the whole community while regretting his loss from among them wish him every success in his future career, and will always be pleased to have a visit from him in the future.

Arnold, little son of Mr. and Mrs. Edmund Murphy, died Saturday morning after a lingering illness of gastric fever and pneumonia. He was a bright little boy, 2 years and 14 days old. The funeral took place Sunday afternoon at their residence. Mr. Demmings preached. The family have the sympathy of the community.

Mrs. A. B. Street and son, Stewart left last Wednesday for a visit to Boston.

The prize drawing last Saturday night at M. H. Craig's was quite exciting, Mrs. Andrew Ritchie getting the lamp. I wonder who will get the album next Saturday.

Toronto News: There is a judge of the Supreme Court of New York who believes in conducting his court on the lines of common sense rather than legal technicalities. A few days ago he expressed his opinion freely and emphatically against the "antiquated and grotesquely verbose phraseology in which lawyers are fond of stating their facts and drawing meaning." He told one lawyer who had a thirty-six page answer to a complaint that he could put it in thirty-six words. It would be well if some Canadian judge were to follow Judge Gaynor's example, and teach the mystifying lawyers a few lessons in brevity and clearness, which would also insure to the profit of the clients.

On the Galle Face, Ceylon, there has lately appeared a mail phaeton and paid driven by a native gentleman in a vividly-colored turban, one day pink, another green, another mauve, and so on. He has a friend beside him and two servants behind. There is another passenger seated between the driver and his friend who escapes attention as a rule, looking like a boy between the two occupants of the box seat. Closer inspection, however, discovers the fact that this is an enormous orang-outang fully dressed in coat, cloth and turban.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and ever that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and today, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 730 S. Broadway, Baltimore, Md.
