LOCAL NEWS.

PERSONAL.—Conductor Holt, of the N. B.
Railway has gone to Manitoba.C. of E. SYNOD.—The Church of England
Synod closed its session on Friday.AUCTION.—H. G. Wetmore's auction attract-
ed quite a number of persons on Saturday.BLOOMFIELD BAZAAR.—The ladies of the
Methodist Church at Bloomfield will hold a
bazaar to-morrow. Persons going from this
city may expect a good time."THAT'S HOW THE MONEY GOES."—Fifty
dollars to the Alumni Society to pay for
dinner tickets for their invited guests. It is
said that the retiring Registrar does not con-
sider such an expenditure to be a proper use of
the University funds.THE MARKET.—The market presented a
busy appearance on Saturday. Large num-
bers were in from the country with produce,
which this year commands a higher price
than the average. Strawberries in abun-
dant could be obtained.OBSERVATIONS.—The roof of the Temper-
ance Hall is undergoing repair.—Mr. Joseph
Phillips has commenced repairing the damage
caused by the late fire.—The patching of the
planks on the west side of York street has
become a necessity that should be attended to.SONS OF TEMPERANCE.—The following offi-
cers were elected by York Division, No 2, S
of T for the ensuing quarter, on Friday even-
ing last: Jas S Beck, W P; Wm Lemont, W
A; F Blair, R S; John Thompson, A R S;
H H Pitts, F S; D S Blair, Treas; M S Hall,
Chap; S Mackey, Con; W Vradenburgh, A
Con; H Sharp, I S; W Jarvis, O S.DROWNED.—A young lad named Barker,
son of John Barker, was drowned Sunday
afternoon near the upper ferry landing. The
little fellow with some other companions
were playing on a raft of logs, and Barker
slipped into the water. He sank before
help could reach him. His body was re-
covered shortly after and an inquest held."DISSENTERS."—A city paper in a late
issue spoke of the Church of England in
Canada taking steps to prevent its members
going "into dissent," and the Metropolitan
recently used a similar expression when
speaking of the Mission Chapel in St. John.
The expression is not a proper one. There
are no dissenters in Canada, for the very
good reason that there is no church estab-
lishment. All denominations stand upon
the same footing here, and the use of terms
which imply an inferior status for any one
of them ought to be strictly avoided.THE STAGE.—The Fifth Avenue Company
is meeting with success in St. John at present.
The first performances took place in the
Institute, but the stage was found to be
too small. The company then went to
the Exhibition Building, where, notwith-
standing the many drawbacks which that
building presented, the company succeeded
in gaining the reputation of being the best
company that has ever visited St. John.
Last week they played "Youth" several
times. It is no wonder that troops find
fault with the stage in the City Hall, when
the one in the Institute is too small even for
an average troop.THE SCOTT ACT.—Judgment was delivered
on Saturday in the case of ex parte Boyne,
in which was involved the authority of the
Court to restrain the recount of the vote
on the Canada Temperance Act in St. John.
The Chief Justice and Judge King read
judgments in which they declared that
Judge Weldon's order for a writ of prohibi-
tion had been improperly granted. Judge
Palmer concurred in the judgments but
Judge Weldon dissented, and set forth the
grounds of his so doing in a written judg-
ment. Judge Wetmore having been engaged
in the Divorce Court during the argument,
took no part. Judge Duff did not hear the
argument, being absent on leave. The re-
count of the votes will now proceed.POLICE NEWS.—The following cases under
the Canada Temperance Act were before the
Police Court Saturday. George Colwell,
offence proved, fined \$50 and costs. Wm.
Russell was charged with a sale on the 7th
inst. The evidence proved a sale on June
30th. The Police Magistrate directed the
complaint to be amended, and on application
of the defendant, who stated he was misled,
the case was adjourned until Thursday next.
Patrick Bradley was charged with a sale
on Friday. Mr. E. L. Wetmore appeared for
the defence. There was a good deal of con-
flicting testimony and the case was adjourned
until Tuesday morning.Henry McDonald was fined \$5 or ten days
jail for being intoxicated. The fine was al-
lowed to stand.Several other complaints will be proceeded
on this week.ANOTHER SLANDER.—The statement in the
Capital that Mr. Lugin received "fifty dol-
lars from the County Council for printing
its report, pocketed the money and did
not do the work," is false and the editor of
the Capital knows it is false, and at the
time the payment to Mr. Lugin was referred
to in the Council, he asked Mr. Lugin to
publish the actual facts of the case in the
Capital. The facts were that Mr. Lugin
received \$30 for reporting the proceedings
of the Council, that he performed the work,
but the proceedings were not published be-
cause the publication of the Colonial Farmer,
in which they were to appear, was discon-
tinued. The editor of the Capital knows
that these are the facts and that they were
satisfactory to the Council. Yet in the
face of that knowledge he has twice pub-
lished the above slander.

Where to go Fishing.

The season for organizing fishing excu-
sions is upon us, and the question—where
shall I go?—is asked by a good many of our
citizens. We think it a good idea to tell of
some of the localities where the best sport
can be had with rod and line, so that they,
who desire to test "the sports and joys of
fishing," may have some guide to direct them
in making their choice. By far the best
places to go to are those which are reached
via the New Brunswick Railway, and many
of the fishing trips to which success can be
had by this route combine a variety of attrac-
tions. In view of the fact that so many
places where all the enjoyment of out door
life can be had, with enough of good fishing
too, lie within two days journey of Fred-
ericton, it is surprising that more people do
not visit them. No more enjoyable holiday
can be spent than one upon the banks of
some of the tributaries which flow into the
St. John in Victoria and Madawaska Coun-
ties, yet it is rare that our Fredericton
people find their way thither. We shall
outline a few excursions which can be taken
by parties of ladies and gentlemen.

THE TOBIQUE.

This stream is deservedly placed first,
because it is, beyond any question, the most
picturesque of any river in the Maritime
Provinces. If a party of ladies and gentle-
men wish to spend a few days in most
enjoyable fashion they cannot do better than
visit the Tobique. What they must take
with them will depend very largely upon
how long they are to stay away and
whether or not they intend to "camp out."
For persons who have only three or four
days to spare we recommend them to tele-
graph to J A Perley at Andover to provide
Indians and canoes, in the proportion of one
canoe to every two of the party. If the trip
is a long one and exclusively for fishing,
each person ought to have his canoe and
Indian, but for a short trip the proportion
above given will be satisfactory. An Indian
and his canoe can be hired for about \$1.50
per day. On a four days' trip (that is four
days absence from Fredericton) not very
many fish will be caught, so that it will be
necessary to provide sufficient provision for
the time the party will be on the stream.
Make all your arrangements so as to leave
Andover early in the morning and let your
excursion be up the Tobique as far as you
can go, making no unnecessary stops, the
first day, and back again to Andover
leisurely the next day. These words
look very prosaic when written, but they
mean a great deal to the person who under-
stands them. Two days
will afford an opportunity of examining the
magnificent scenery of the Tobique Narrows
and the weirdly picturesque Plaster cliff.
It will give you the excitement of a run
through the Red rapids, show you some of
the finest farming districts in Canada, and
if you climb favoring hills, which slope to the
water's edge, will give you magnificent views
of the mountains in which the Nepisiguit,
the Miramichi and the Tobique have their
source. If you have good luck you will get
some fine trout; but you will hardly have
the necessary leisure to get enough to provide
for the wants of the inner man. Another
short trip and our fill of pleasure, is to go by
train to Edmundston, and spend a day as-
cending and another day descending

THE MADAWASKA.

Maxime Martin of Edmundston will furnish
canoes, with French canoe men. You will
have very good trout fishing on this excu-
sion, and a stranger will take much pleasure
from observing the customs of the French
people. By prolonging the sail in your
canoes down the St. John river to Grand
Falls, you will add very materially to the
enjoyment.Another glorious way of spending a hol-
iday, although it takes a little longer than
either of the above excursions, is to take
horses and carriages from Grand Falls and
drive to

SAINT FRANCIS

on our side of the St. John, returning home
on the opposite side. The distance is seventy
six miles each way, and the drive, allowing
for stops of sufficient length to examine the
chief points of interest, will take about four
days. There is good hotel accommodation
along the road; but the day will pass the
more pleasantly if the mid-day meal is taken
picnic fashion beside some stream, of which
there are many all along the way. The por-
tion of the St. John which lies between Grand
Falls and St. Francis is beyond all question
the most interesting in point of natural
scenery of any part of this river, so justly
famed for the beauty of the landscapes which
it intersects.

A Mania for Incendiarism.

Several incendiary fires have recently oc-
curred in this city, and in each instance boys
have been suspected of being the originators.
On Friday evening an event occurred, which
seems to throw some light upon the matter.
About half-past eight o'clock a man named
Williams, employed by Mr. William Aiken,
observed a bright light in the hay loft of the
barn annexed to his employer's premises, on
the corner of Brunswick and Northumberland
streets. He at once went to look for the
cause, and found a young lad heaping hay
and straw upon a fire which he had just
kindled. He extinguished the fire, but
did not take charge of the boy, who, how-
ever, was subsequently found and taken to
his father's place of business, where he was
questioned by his parents and the Chief
Engineer of the Fire Department. He could
give no reason for what he did, except that a
young lad named Winn had told him to set
the barn on fire. He was then taken home.
This is not the only incendiarism with which
this lad has been charged. In fact he seems
to have a mania for setting buildings on fire.On Friday afternoon he went into Henry
Mackey's store, on King street, and, having
bought some candy, asked for, and was given,
some matches. He went immediately to R.
B. Segee's shoemaker's shop, and seeing Mr.
Segee at the door, asked him what he gener-
ally did when the fire bell rang. Segee
said he generally went down to the engine
house. The lad then went into the barn be-
hind Segee's premises, and came out shortly
after. Segee, going in the back premises
soon after, found that the lad had started a
fire in the water closet, which, however, had
gone out, after burning a small portion of the
woodwork.Mr. W. H. Vanwart says that he saw this
boy running out of the Brayley House yard
just before the fire was discovered which
destroyed the barn there last week, and Mr.
George Todd attributes the fire which de-
stroyed his premises on Brunswick street to
this lad.The boy's name is Sheldon McNally, and
he is the second son of Mr. James G. McNally,
of this city. He is at times a bright, in-
telligent lad; but is subject to fits, and is
believed scarcely to be responsible for his
conduct.The Chief Engineer has made a complaint
against him; and Mr. McNally has under-
taken to have his son present for examina-
tion. The lad is only twelve years of age.

The Weather During June.

Synopsis of Temperature, Cloud and Rainfall
at Fredericton, for the Month of June, from
1872 to 1882.

Mean Temperature of the Month.	1872	1873	1874	1875	1876	1877	1878	1879	1880	1881	1882
Date of Warmest day.	30th	20th	29th	24th	20th	15th	20th	25th	30th	13th	20th
Date of Coldest day.	2nd	4th	1st	14th	5th	23rd	11th	7th	4th	10th	5th
Its Mean Temperature.	50 deg	48 deg	45 deg	51 deg	46 deg	54 deg	50 deg	46 deg	53 deg	44 deg	48 deg
Highest Temperature during Month.	80 deg	82 deg	82 deg	83 deg	86 deg	87 deg	97 deg	87 deg	88 deg	86 deg	86 deg
Lowest Temperature during Month.	35 deg	33 deg	34 deg	38 deg	37 deg	42 deg	38 deg	37 deg	32 deg	32 deg	38 deg
Percentage of Cloud.	62	44	70	67	67	61	53	68	40	61	59
Depth of Rain in Inches.	4.0	4.3	4.4	4.9	3.2	1.3	3.1	4.2	2.1	4.2	6.7
Depth of Snow in Inches.	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0

The rainfall of last month is much in excess
of the average. Taking the ten years previ-
ous to 1882, the average rainfall is three
inches and six-tenths, giving for June an ex-
cess of more than three inches.The number of hours of sunshine was two
hundred and twenty-eight. The maximum
daily amount of sunshine was fifteen hours,
and occurred on the 15th.The number of days without sunshine was
three.ARRESTED.—Policemen Vandine and Phil-
lips entered George Colwell's house on Sat-
urday night with a search warrant and
subsequently arrested him for a third offence
under the Canada Temperance Act and took
him to gaol. When the attempt was made
to arrest him Colwell assaulted Vandine and
struck him severely over the head with a club.The horrors of war are nothing to the horrors
of Neuralgia. Immediate relief may be
had by bathing the head with Johnson's An-
odyne Liniment and snuffing it up the nostrils.
Parsons' Purgative Pills are a priceless
boon to the people of the South and South-
west. They effectually prevent fever and
ague and all malarious diseases, and cost
only 25 cents a box.

MARRIAGES.

At the Waverley Hotel, in this city, on the 6th
inst., by Rev. W. J. Kirby, Thomas Harvey, of
Stanley, to Miss Mary Pond, of Fredericton.

DEATHS.

At Cumberland Bay, Grand Lake, of consump-
tion, Annie Estella, daughter of Donkin R. McLean,
in the 21st year of her age. Her end was peace.
