LOCAL NEWS.

FIRST WATER.—The Alexandria threw first water on the fire Wednesday.

AMERICAN EXPRESS.—Whittier & Hooper have been appointed agents for this company in this city.

THE EXODUS.—About a dozen young men left the city yesterday for the United States to reside there in future.

TAKEN HIS DEGREE.—Mr. C. A. Yandall, of this city, has been made L. L. B. at the National University, Harvard.

PERSONAL.—Campbell G. Berryman, Esq., formerly of St. John, now practising law in Washington, D. C., has just received the degree of Master of Laws from the National University of that city, and C. A. Yandall, Esq., of Fredericton, the degree of Bachelor of Laws.

THE OLD FOLKS' CONCERT.—The old folks' concert at Marysville was a complete success. The hall was crowded by an audience largely composed of people from the city. The costumes of the singers were excellently gotten up, and the pieces were rendered for the most part in good style. The choruses in particular were very well done. The concert was in fact a complete success and we congratulate the performers.

OPEN AIR CONCERT.—The Fredericton Brass Band gave an open air concert on Phoenix Square last evening. Such a treat is greatly appreciated by the citizens as appeared by the large number on the street. The music was excellent, the band playing the following programme:—

Band march.....Reunion.
Fantasia.....An Irish Air.
March.....Minstrel.
Waltz.....Fireside.
Overture.....Forepaugh.
Galop.....Comet.
God Save the Queen.

CONGREGATIONAL MEETING.—The annual congregational meeting of St. Paul's church was held on Wednesday night. The Treasurer's report showed a balance to the credit of the congregation, after providing for an exceptional expenditure of \$500. The plans for the new church were exhibited by transparencies, under the direction of Mr. John Babbitt. The following trustees were elected for the ensuing year: John J. Fraser, J. L. Inches, G. F. Gregory, Jas. Hodge, J. R. Howie, J. S. Neill, Dr. McAllister, Jackson Adams and A. Sanderson. It was decided to proceed with the erection of the new church at once.

LIBERAL RALLY AT ST. STEPHEN.—Our St. Stephen correspondent writes: "A large and enthusiastic Liberal meeting was held in Chipman's Hall on Wednesday evening. Geo. F. Hill, Esq., was in the chair and shortly addressed the meeting and then introduced Hon. A. H. Gillmor, who for an hour and a half kept the attention of his audience, while he exposed the fallacy of the policy of the present Government and some of their corruption. The spirit of the meeting contrasted favorably with that of the Tory meeting held a few days ago, and the electors were not slow to observe it. The St. Stephen Cornet Band was in attendance and played some fine selections. The success of the meeting greatly encouraged the party, who feel that the mass of the people are with them in the contest. Mr. Thomas Potts, of St. John, is to address the electors here on Wednesday evening next."

The Richest Yet.

We did not intend to refer to the Tory bar room again; but the following from the *Maritime Farmer* is so inexpressibly rich that we cannot pass it:—

Sir,—Our attention has been called to an article in to-day's *HERALD*, implying that the Reform Club Room was being used by the Liberal-Conservative party as a Free Bar Room, and that "liquor was given away to every elector who wished it."

This, no doubt, is intended as an electioneering dodge. We therefore feel it our duty to emphatically deny it, and to state that it is untrue.

BENJAMIN CLOSE,
Chairman Liberal-Conservative Com.

JOHN BLACK, Secretary.

Fredericton, June 6, 1882.

Will somebody tell us what this wonderful letter means? If it is intended to deny what the *HERALD* stated, it don't do it; because the *HERALD* did not say the bar room was in the Club Room, but in one of the rooms of the building, where it is, "as nobody can deny." The statement that "This, no doubt, is intended as an electioneering dodge," refers, of course, to the next preceding paragraph, namely, "That liquor was given away to every elector who wished it," and because the liquor was given away as an electioneering dodge, these gentlemen feel it to be their duty to deny it. The inference is that if it was not given away as an electioneering dodge they would not deny it. Well, between the *Capital* and the Committee they have got things into a pretty muddle. Had they better not deny it some more?

Port of Fredericton.

Liberalism in Queen's.

To the Editor of the Herald:—

Sir,—The canvass in Queen's County in favor of the Liberal candidate, G. G. King, Esq., goes bravely on.

During the past week Mr. King and E. C. MacAlpine, of St. John, have been addressing crowded audiences in the Parishes of Peter'sville and Canning. On Monday evening, 29th May, they spoke to a crowded house in the Temperance Hall, Jerusalem. The chair was occupied by Dr. McLean, who introduced the speakers in a neat speech, in favor of the Liberal party, and denouncing the National Policy. Mr. King, who was received with repeated bursts of applause, proceeded to show how burdensome the present tariff was to the people of this Province, and how greatly under it, the cost of living was increased. Taking up the Government's own returns, laid on the table of the House of Commons last winter, he showed how that the Government themselves only claimed three new enterprises in this Province as due to the National Policy. These were the Sugar Refinery at Moncton, employing 65 hands; The Peters Combination Lock Company at Moncton, 50 hands, and the Nut and Bolt Works in St. John, 25 hands, making a total of 140 hands extra employed in New Brunswick under the N. P. The average rate of wages for these 140 hands is \$1.25 per day, making in all \$175 per day, or in round numbers \$50,000 per year, as an extra home market for the farmers of this Province. Then taking up the census returns he found that there were about 50,000 families in New Brunswick, so that if these 140 hands employed under the N. P. purchased all their supplies from the farmers it would only afford an extra home market to the farmers of New Brunswick of (\$1.00) one dollar per head. But he further showed that as a matter of fact these 140 only purchased one-quarter (¼) of their supplies from the farmers, so that in reality the extra home market provided under the National Policy to the farmers of New Brunswick only amounted to (25 cts.) twenty-five cents per head. He continued in a masterly manner, showing the cost of living was greatly increased under the present tariff. How that the poorer classes of cottons were taxed 60 and 70 per cent., whereas the more expensive kinds worn by the rich were only taxed 22 per cent. How the broadcloth of the rich was only taxed 22 per cent., while pilot cloth and other cheaper grades were taxed 50 and 60 per cent. He explained that the present tariff favored the farmers in only two instances, namely, the extra 10 per cent. on early green stuffs and one cent per pound on hams and bacon. That these were the only two solitary instances in which the National Policy (so called) was of any benefit to the farmers, while they, at the same time, were taxed nearly double what they formerly were on everything they purchased. He alluded to the reason given by the Government for bringing on the election a year in advance of the time, and at a season of the year when farmers are so busy. These are only a few of the matters on which Mr. King dwelt. It would be impossible in a mere outline to give any adequate idea of Mr. King's able and exhaustive speech. His remarks were frequently applauded during their delivery and at the close. He was followed by E. C. MacAlpine, who showed that the only class benefited by the tariff were a few manufacturers and monopolists, such as Redpath in Montreal, who had recently purchased in England Chiselmurst Palace, the residence of the late Napoleon 3rd. He showed how the sugar duties imposed by the N. P. cost the people of the Dominion \$1,500,000 per annum, while the loss to the revenue was \$700,000 per annum. He showed how the tax on breadstuffs cost the Maritime Provinces \$500,000 per annum. He reviewed a number of other Government extravaganzas and closed by a complete exposure of its mismanagement and corruption, amid loud applause.

On Thursday and Friday evenings Mr. King, Messrs MacAlpine and Palmer (ex-Sheriff) addressed crowded audiences at Armstrong's Corner and at the Broad Road, where they met with unbounded enthusiasm. The news from all parts of the County is most encouraging, and the intention is to give Mr. King a larger majority than in '78.

Yours, etc., QUEEN'S COUNTY.
Canning, Q. C., June 5.

A SCANDALOUS ATTACK.—The attack made by the *Farmer* upon Mr. Crockett excites universal condemnation. We are prevented by lack of space from making any extended reference to it to-day.

Provincial News.

The St. John medical men held a meeting on Wednesday to provide arrangements for the meeting of the New Brunswick Medical Society in that city on July 3rd.

The Catholic Total Abstinence Union holds a convention at Milltown on Friday.

Trout have begun to come into the St. John market via the water pipes. Probably they are looking for their share of the Fishery Award.

Very large shipments of eggs are being made from St. John to the United States.

The Baptist (Southern) Association is to meet at St. George on Tuesday next.

The ship laborers have been giving trouble in Chatham. They want 70 cents an hour.

Salmon are reported scarce at the North Shore.

Hotel Arrivals.

BARKER HOUSE, June 8.—W. H. Crocker, Woodstock; W. Allenworth, St. John; T. P. Taylor, Sheffield; J. R. Sinnett, Sussex; Jas. S. White, Oromocto; J. R. Wark, Conductor St. John & Maine Railway; A. Sandeman, Montreal.

Great age carries with it a certain respectability whether it attaches to a person or thing. This is seen particularly in the case of Johnson's Anodyne Liniment, which is the most marvelous internal and external remedy ever discovered. It ought to be kept in every house.

If farmers and others continue to buy dust and ashes put up in big packs and sold for condition powders it won't be our fault. We have exposed the swindle time and time again. *Sheridan's Powders* are the only kind we know of worth carrying home.

Mr. C. W. Macully, Pavilion Mountain, B. C., writes: "Dr. Thomas' Electric Oil is the best medicine I ever used for Rheumatism. Nearly every winter I am laid up with Rheumatism, and have tried nearly every kind of medicine without getting any benefit, until I used Dr. Thomas' Electric Oil. It has worked wonders for me, and I want another supply for my friends, &c."

Mr. Henry Marshall, Reeve of Dunn, writes: "Some time ago I got a bottle of Northrop & Lyman's Vegetable Discovery from Mr. Harrison, and I consider it the very best medicine extant for Dyspepsia. This medicine is making marvellous cures in Liver Complaint, Dyspepsia, &c., in purifying the blood and restoring manhood to full vigor."
