200 do Wilkesbarre.
For sale low from vessel.
JOHN RICHARDS & SON.

LOCAL NEWS.

AN INTERESTED crowd watched the laying of the asphalt last evening.

FUNERAL.—The funeral of the late Solicitor General will take place to-morrow.

MATRIMONIAL.—The air is full of rumors of impending matrimony. The medical profession, the banking business, the railways, and the insurance interest, will all, if reports are true, be represented at the altar within a few days.

DEAF AND DUMB SCHOOL.—Mr. Woodbridge is now in Chatham and held a meeting there in the Masonic Hall on Monday last presided over by Rev. E. Wallace Waites. He has a meeting in Newcastle to-night when the Rev. Wm. Aitken will take the chair.

THE LINCOLN TEA MEETING.—The scows will leave for Lincoln at 2.30 to-morrow. At 5 p. m. a train will leave for Glazier's Station, where carriages will be in waiting. The train will return at 10 p. m. Tickets, including passage, supper and concert, 50 cents.

FROST.—Along the line of the Intercolonial between St. John and Shediac great damage has been done to the buckwheat crop in the low lands one half at least has been destroyed, while in some places the potatoes have been damaged through its effects.

A MODEL BUILDING.—Walter McFarlane's new factory at St. Mary's Ferry will be a model in its way. The walls are of brick, the roof will be of iron, the floor of flat stones or brick, the partitions of brick and the window shutters of iron. The building will be absolutely fire proof for the reason that there will be nothing in it to burn. Mr. McFarlane expects to be at work again in full blast by the 1st of October at the latest.

A RARE TREAT.—We are glad to be able to announce a rare musical entertainment in store for our citizens. The celebrated Spanish Students, assisted by the equally celebrated Weber Quartette and accompanied by the pleasing soprano, Miss Josie A. Rand, are to give a concert in the City Hall on Monday evening the 11th instant. No such musical combination ever visited the city, and the house should be filled to overflowing. Remember the date and let every one prepare to go. So excellent an entertainment deserves the largest patronage which the city can give.

AN INCIDENT.—An honest, homespun-clad gentleman came to town to attend the land sale. His pockets were well lined with the wherewithal to purchase permits of Her Majesty, as represented by our jovial friend Adams, and he sojourned at a certain hostelry in this city. Now this honest man had read the papers, and after he had eaten his dinner he thus spoke to a friend, "Silver or cents have I none, nothing have I but a wad of bills, and I dare not pull it out here, for I have heard of people who displayed large rolls of bills in public and were never seen again. I don't like to be mean; but I would rather block my dinner than pull out my money," and he went away sorrowing for he had lots of cash.

THE NEW SIDEWALK.—The working of completing the new pavement has been begun by G. S. Fisher & Co., of St. John. A layer of very coarse gravel, coated with tar, will be first laid, after this will be put a layer of finer gravel, similarly coated, and upon this a layer of finer sand, mixed with a little loam, and tar. This will give a smooth even and solid surface. The gravel and sand have to be dried either in the sunlight or by artificial heat. The warm, dry weather has materially assisted operations. Our citizens will have within the next fortnight as fine a piece of pavement as can be found anywhere. It is important that all the buildings along the new pavement, not already provided with gutters in the eaves, should have them put on without delay.

AN INCIDENT IN THE LIFE OF NEWTON LEE.—Last winter Newton Lee worked in the woods on the head of the Nepisiquit river. After the winter's work and spring drives were over the party took their way to St. John by the Intercolonial Railroad. One of them had purchased himself a new suit of clothes, and having \$35 left, put it in his pocket book, which he placed in his pocket. A short while having elapsed, on feeling for his book he found it was gone. He looked everywhere that he could think of for it, but to no purpose. A man in the cars just stepped up to the foreman of the party, and said to him, "I saw one of your men take that young man's pocket book as he slept on the seat. I will swear that I saw him, and there is the man," pointing to Lee. The foreman stepped up to Lee, and treating the matter as a joke, said, "Come, Newt, give the man his money; the joke has gone far enough." "Money," said Lee; "I never got his money." "But here is a man who saw you take it," said the foreman. "He's a d-d liar," said the unblinking Lee. The foreman kept his eye on Lee all the while, and as soon as the station at St. John was reached he pointed out the offender to a policeman, who took him out of a drinking den, and told him he would either give up the money or go to jail. After some hesitation Lee put his hand in his pocket and handed out the money to the policeman, who gave it back to his owner.

There is no remedy top of the earth that possesses so much real absolute merit as Johnson's Anodyne Liniment. It is both for internal and external use and is worth more in a family than a seventh son.

Our single box of Parsons' Purgative Pills taken one night will make more new rich blood, and will more effectually purify the blood in the system than \$10 worth of any other remedy known at the present time.

The Land Sale.

The attendance at the land sales was very large and in all respects a representative gathering. This being the first sale for five years, and all the old licenses having fallen in the number of applications was very large being in all 1185, and covering about five thousand square miles in all or a little less than one fifth the area of the province. Adding to this the New Brunswick Railway lands and the private lands under permit this year we have probably nearly a third of the area of the province will be operated upon this year. The north shore was of course more largely represented than any other part of the province. Among those present were B H Foley and John Coates of Richibucto; J B Wright of Kingston Kent; Allen Ritchie, of Newcastle; Alex Morton, of Restigouche; E Walker, of Welsford; R T Whitney of Whitneyville, Miramichi; A J Beverage, of Arthurette; G F Baird of Perth Centre; W B Beverage and F T Kenny, of Andover; W C Miller, of Mortimore; Kent; J M Donaldson, of Newcastle; J D Lowery, of Campbellton; Geo Moffatt, of Dalhousie; J A Mowatt, of Campbellton; Alex Morison, and F Sadler, of Chatham; Alliston Chesley, of Salisbury; B B Cushing, of St. John; Scott Fairlay, of Boistown; E W Williams, of Gagetown; D J McLaughlan, of Peticodiac; C A Hallett, of Elgin; J T Doyle, and Geo Dutch, of Restigouche; F Woods, of Welsford; C G Beckett, of Jaquet River; A A Robinson, of Milltown; T L Beaven, of St John; W J Brait, of Kingston Kent; J B Russ, of Nelson; William Richards of Nashwaak; W H Murray, of Kingsclear; Alex Long, of Boistown; R A Phillips, of Cole's Island; W Harper, Salmon River; M F Glea, and G Gale of Welsford; J McAllister, of Salmon River; T Lynch, of Miramichi; J B Snowball, of Chatham; Geo McLeod, of St John; G G King, M P, of Chipman; Geo J Vaughan, of St Martins; R Hutchison, of Miramichi; C D Cormier, of Canaan Station; J Barnes, of Cocagne; K F Burns, M P, of Bathurst; Theo Desbrisay, of Chatham; E J Hilyard, of St John; E J Smith, of Shediac; A Dunn, of Welsford; Donald Buckley, of Chatham; J F Atkinson, of Kent; J D McKay of Bathurst; J A McDonald, of Miramichi; J McLaggan, of Fawcette; A Steeves, of Salisbury; RS Dunn, of Lincoln; W B West, of Grand Falls; R D Richardson, of Chipman; George Clarke, of St John; Robt Dunn, of Chipman; John McNair, of Restigouche; Hugh McLean, of Salmon River; L Desbrisay, of Jaquet River; John Calligan, of Belledune; J A Cameron, of Kent; F J McManus, of Bathurst Village; John Wallace, of Albert; J S Leighton, of Woodstock.

There was not much competition at the sales yesterday, the highest price paid for any lot being \$87 per square mile, which was paid by James Miller for three square miles south of Lake Stream, Queens county. There was some lively competition between D. McLaughlan and W. Muirhead, which resulted in Muirhead paying \$54 a mile for three square miles south of Renous River, and McLaughlan paying \$65 per mile for a similar track in the same locality.

The following lots were also contested, and were purchased by the persons named, for the prices specified below:

Lot 307. Jacob Corey,	2 miles.	\$16
" 326. Justice Fairley,	6 "	50
" 351. C. B. Parker,	3 "	14
" 350. R. P. Whitney,	6 "	30
" 408. R. P. Whitney,	2 "	41
" 251. Wm. Muirhead,	7 1/2 "	61
" 268. C. F. Todd,	6 "	9
" 279. Donald Buckley,	7 1/2 "	60
" 280. M. T. Glenn,	2 "	15
" 283. Hugh McLean,	6 "	13
" 425. L. Lingley,	2 "	16
" 453. C. F. Clinch,	2 "	20
" 456. E. Walker,	2 "	36
" 470. R. N. Doherty,	6 "	37
" 471. R. P. Whitney,	3 "	31

It was proposed to continue the sale in the evening and the Assembly corridor were lighted for the purpose. Everybody assembled and was ready for work, but the Surveyor General decided to postpone the sale. The postponement was not satisfactory to the most of those present, but the excuse, "a meeting of the Council," was as unanswerable as a young lady's "I am engaged," and so the postponement was made until this morning.

"Kiss Me Good-by, Dear."

The *Transcript* man had better come home. Somebody has got hold of the editorial pen, and while the editor is sojourning in Winnipeg, has taken to writing editorials about kisses and things. He has jammed up into about eight inches of space such incendiary remarks as the following: "Make the air vocal with kisses," "the time to kiss is the present," and he raves over "unkissed kisses." This is awful. Westmoreland County is a wonderful place, a noble County, but we are astonished that such monstrous doctrine should be preached from Moncton. "Make the air vocal with kisses." Yes, and have the old man come in to ask what all that noise is about. "Make the air vocal with kisses," and have half the people on the sidewalk look at the gate and tell all around town the next morning what they heard. "The time to kiss is the present." Pretty advice this, when perchance the old lady is just waking out of her nap in the rocking chair, or *pater familias* is just coming in to wind the clock. Yes, the *Transcript* man had better come home as soon as possible. Then to talk of "unkissed kisses." What are they? What are they made of? What is a kiss that is not kissed. We sent out our ironclad brass-bopper copper-fastened special to interview some of the young ladies on the subject. He went up to one and asked "if she had any unkissed kisses." She said "No, but my

brother has any amount of unkissed kisses." As the brother weighs 210 lbs. and is pretty spry, our reporter moved on. Next he met a young miss, and said, "Have you any unkissed kisses about—I mean have you any?" She just looked at him, that was all, she did not speak a word, and that man of brass, iron and copper turned all colors of the rainbow and made some unreviewed remarks about the *Transcript* man, whom we repeat had better come home, before his deputy in charge sets the community in a blaze by his fearful suggestions. "Make the air vocal with kisses." Brother, you never have been there, or you would not talk such rubbish.

YORK COUNTY TEACHERS' INSTITUTE.—The following is the programme for the ensuing session, which will be held at Fredericton, September 7 and 8, 1882:

First Session, Thursday, 9.30, a. m.—Address by the president. Enrollment. Election of officers and Executive Committee. Paper on Health Lessons in Primary Grades, by Miss Duffy, of Regent Street School. Discussion.

Second Session, Thursday, 2.30 p. m.—Paper on Minerals, adapted to the requirements of the Prescribed Course, by G. E. Croscup, A. B. Principal of Model School. Discussion. Discussion on Health Lessons in advanced Grades, to be opened by a member of the Institute.

Third Session, Thursday, 8 p. m.—Paper on Teaching, "Its Lights and Shades," by J. Meagher, Principal of Regent Street School. It is expected that Dr. Rand, and Mr. Parkin, Principal of the High School, will address the Institute at this Session.

Fourth Session, Friday, 9.30 a. m.—Paper by A. Kelly, on Oral Lessons in Country Schools. Paper on Model Lesson on Animals, in Grades III and IV, by Miss Jennie Lyle, of the Model School. Discussions will follow each of these papers in order.

Fifth Session, Friday, 3.30 p. m.—Paper on Grammatical Analysis, by Miss Janie Gregory, of the High School. Discussion to follow. Miscellaneous matters of interest will be taken up at the close of the discussion. It is understood that Principal Crockett will read a paper or deliver an address at one or other of the sessions.

ELDON MULLIN, A. B. Pres't,
Miss F. J. Ross, Vice-Pres't;
J. MEAGHER, Sec.-Treas.
G. E. CROSCUP, A. B.
W. E. EVERETT, Committee.

Mr. H. McCaw, Custom House, Toronto, writes: "My wife was troubled with Dyspepsia and Rheumatism for a long time; she tried many different medicines, but did not get any relief until she used Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. She has taken two bottles of it, and now finds herself in better health than she has been for years."

Jacob Loockman, Buffalo, N. Y., says he has been using Dr. Thomas' Electric Oil for rheumatism; he had such a lame back he could not do anything, but one bottle has, to use his own expression, "cured him up." He thinks it is the best thing in the market.

Mr. J. R. Cuthbertson, Toronto, writes: "My wife had a severe attack of Pleurisy and Inflammation of the Lungs about three years ago, and ever since has been subject to severe colds on the slightest exposure; in fact they were so frequent that her system was quite reduced. She tried several remedies, but without any permanent effect, until she was induced to try Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and I am happy to say it has exceeded our anticipations. I have no hesitation in recommending it as a ROYAL REMEDY for all affections of the Lungs and Chest, and for all classes of Wasting Diseases, and Building up of Weak Constitutions."

Administrator's Notice.

NOTICE is hereby given that Letters of Administration in the Estate of Lemuel G. Nason, late of Lincoln, Sunbury County, farmer, have been granted to the undersigned. All persons indebted to the said Estate are requested to make immediate payment to Messrs. Gregory & Blair, Solicitors, and all claims against the Estate may be presented, duly attested, three months from date.

Dated August 2nd, A. D. 1882.
ANDREW G. BLAIR,
Administrator.
