## LOCAL NEWS.

LUMBER.—The "Hercules" towed two rafts past here yesterday.

NEW SEWER.—The new sewer on Sunbury street, from Charlotte to George streets, is nearly completed.

WORK BEGUN.—The excavations for the C. of E. Hall, on the corner of Carleton and Brunswick streets, have been begun.

PLATE GLASS.—The plate glass has been put in Mr. McDonald's windows, in Wilnot's block, and adds greatly to the appearance of the store.

THE NEW SIDEWALKS.—Work was begun yesterday upon the new Queen street sidewalk. Operations will be prosecuted from Carleton street upwards.

POLICE NEWS.—Mark Finnan was arrested yesterday afternoon for attempting to create a disturbance on Regent street. He was put in the lock-up, with Policeman Wright on guard.

A GOOD PRICE.—A Wellington Ward man put the price of his vote at \$10 at ten o'clock yesterday. The Tory agents were willing to give him \$5, but the old man insisted on the X. Whether he got it or not we do not know.

STILL AT IT.—The *Capital* yesterday said that Mr. Blair was "pledged to do away with Government House." This is the second time our crazy neighbor has made this statement. It was false the first time and it is false now.

THE COURTS.—The Supreme Court will meet on Saturday to hear common motions, and will re-assemble on Monday, when the special paper will be taken up.

The York Nisi Prius sittings, which stand for the 27th, will be postponed.

ORGAN RECITAL.—Remember the organ recital to-night at Marysville. Mr. Sterne will give some magnificent selections and several anthems will be sung by the choir. Arrangements will be made with the ferries for the return of persons from the city. The exercises will begin at 7.30. A collection for conference purposes will be taken up.

A FALSEHOOD NAILED.—The *Capital* states that a certain minister in this city delivered a strong grist sermon on Sunday evening. The reference is to the Rev. Mr. Evans, and it is totally and entirely false. Whatever can be the use of a paper lying like the *Capital* does. There is not one of its three issues in any week which does not contain some deliberate untruth.

GLOUCESTER ELECTIONS.—The local election in Gloucester was held on Monday, and resulted in the return of Messrs. Ryan and McManus, the late members. Mr. Ryan is pronounced in his opposition, and Mr. McManus a thoroughgoing Liberal. He will no doubt work in sympathy with the Opposition. The successful candidates more than doubled their opponents, who were backed by the full power of the Local Government.

AN IMPROVEMENT.—The removal of the fence around the Parliament Buildings is a great improvement. The grounds would look better without a fence, that is, if it is possible to prevent them being turned into a cow pasture. When the rookeries on St. John street and the Crown Land Office are pulled down, the square will be a great ornament to the city. It would not detract from the general appearance if the roadway on King street were made a little more passable.

SICKENING.—The *Capital* and its colleagues have abused Mr. Alex. Gibson in every possible way. Yesterday, however, it got off the following: "We have been informed that Mr. Alexander Gibson, in his usual princely way, will entertain a large number of the visiting Methodist clergymen at his palatial residence, Marysville, to-day." Two or three weeks ago Mr. Gibson was a Grit monopolist, crushing the people of Nashwaak, according to this Tory light. The information in the above paragraph was got from the *HERALD's* list of the places at Marysville where the Methodist ministers attending the district meeting were residing.

Mrs. M. E. CARLETON, a well-known Artist, residing in Boston, Mass., will spend the Summer months in Marysville, and if a sufficient number of pupils will organize a class to begin upon her arrival, will give instruction in Oil Painting, both Landscape and Flowers, and also China Decoration. Mrs. C. studied under the best English and Boston Artists, and is a teacher of much experience. During a residence of a few years in St. John she had charge of the Art Department at Mrs. Crane's School in that city, and also a class in the Government Building, in Fredericton. For particulars enquire at this office. Mrs. Carleton will arrive in this city probably next week.—4 Glns.

AN INSECURE PRISON.—On Monday night the lock-up was again broken into, and three persons, namely, John Poor, Thomas Doran and George Duncan, who were in custody for drunkenness, were liberated. Doran and Duncan were locked up about one o'clock, and the police then left upon their rounds. The building was entered from the front window. The door between the old Court Room and the cells and one of the cell doors were broken open. The whole lock-up is very insecure, so much so indeed that unless one of the policemen stays in it all the time it is hardly worth while putting prisoners in it. The new fence of Messrs. Richards & Son, while it improves the appearance of the place, greatly facilitates such tricks as these. A better provision should be made for the detention of prisoners. The police are efficient, but they cannot get along without a good lock-up.

## SOLID YORK.

## MR. PICKARD'S MAGNIFICENT VICTORY.

Election day opened dark and gloomy. In the city there was very little excitement during the morning. Canvassing teams drove up and down the streets; but the number of voters carried to the poll, during the first few hours at least, was not large. A visit to the different pool booths disclosed the fact that money was being quite freely used by the Tory party. Early in the day there was some very plain talk over the fact that the names of several Liberals had been omitted from the poll books. Among those who were disfranchised in this way was the Rev. Mr. Evans, and on this fact becoming known a great deal of indignation was expressed. There was not much drinking, and until noon very little more stir than at a sharply contested Aldermanic election. By two o'clock tongues began to become a little loosened, and small knots of men might be seen discussing the situation with a good deal of noise and an amazing amount of vehemence. Yet as a general thing everything went along as smoothly and harmoniously as could be desired. A strong effort was made by the Tory agents to prevent a fair vote being given, and many unnecessary challenges were made. There was a little personation in the city, but not very much. As the hour of closing the poll drew near the excitement began to run a little higher, yet there was no disturbance worthy of being recorded. At the several polling places in the city interesting knots of men assembled and discussed the situation. About four o'clock prominent Tory canvassers admitted that they had lost the day, and the encouraging news received from the country districts made the Liberals feel quite confident of a fine victory.

A large crowd gathered in front of the Western Union Telegraph office in the evening and as the messages came cheered lustily. It was near twelve before they dispersed. A huge bonfire blazed near the Parliament building and another at Marysville in honor of Mr. Pickard's overwhelming majority.

The following is the state of the poll as heard from:

SUNBURY.  
Mr. Burpee will be elected by about 75 majority.

(Special to THE HERALD.)  
ST. JOHN CITY.  
St. John, June 20, 7.15.—Tilley elected by 150 majority.

ST. JOHN COUNTY.  
Burpee and Weldon (Liberals) elected by a majority of 150 each.

WESTMORLAND.  
The returns from Westmorland received thus far give Smith (Liberal) 784; Wood, 779. Other returns may alter the relative position of the candidates.

QUEENS.  
Despatches from Queen's state that King (Liberal) was elected by a large majority. In King's Downville (Opposition) leads Foster thus far by 200 votes.

LATER.  
8.30.—Returns are coming in instalments, and it is impossible to tell the complete totals. The following are the returns to date:—Domville defeated Foster by 400; Burns defeated Anglin by 325, four places to hear from; Woods defeated Smith by 318, six places to hear from; Moffatt defeated Haddow in Restigouche by from 200 to 300; Irvine defeated Lindsay by 280, according to latest intelligence.

Later exact returns from Gloucester are as follows:—Burns, 1074; Anglin, 460; Turgeon, 420.

Returns from Albert so far (one parish to hear from) give Wallace 795, Rogers 817. In Pictou County, N. S., returns so far give Carmichael and Lindsay (Liberals) election over Tupper, Junior and McDougall. Despatches from Toronto state that the

Government are sustained by a slightly reduced majority.

In Quebec the Government have secured twenty-two seats ahead.

THE LUNATIC IN A RAGE.—Our lunatic neighbor is in a rage. Nothing has vexed him more than to know that while thousands of copies of the *HERALD* have been purchased for circulation during the campaign, he can find no one who wants his sheet for love or money. On the day before election, when one of the boys attached to the *HERALD* office was engaged in circulating the extra copies of the paper which had been ordered, the gallant, yet ferocious, editor of the *Capital*, made a terrific onslaught upon him, and yesterday he fairly yelps at the *HERALD*. Poor fellow, we are sorry for him. But what a terrible man he is to tell what is not true. He says no one subscribes for the *HERALD*. Well we beg to inform him that the *HERALD*, though only published six months, has a bona fide subscription list of over twelve hundred, and the list is daily increasing. Our crazy neighbor has a slight gleam of reason, for he says that if the Tories are whipped at York it will be the Liberal press which is to be thanked for it. He does us too much honor. But there is a serious side to this matter, or there would be if any one cared about what the *Capital* published. He charges the *HERALD* with publishing false, mean and scurrilous articles. We ask the thousands of people who have read the *HERALD* in the last four weeks whether this statement is true. We have pursued a strictly honorable course; have been outspoken and have said severe things; but we deny that we have published a word that was false or which could not be read in any political deliberative assembly in the land. We recognized that in Mr. Fraser we had a gentleman to contend with and have treated him as such, just as in local politics, while doing everything which lay in our power to support our own party, we have maintained the friendship of our opponents. But with the *Capital* the case is reversed. It began the campaign with falsehoods and it has persevered in them to the end; so that to-day there is not a respectable man in the city who does not hold it in contempt.

THE LOCAL GOVERNMENT and the clique which controls it have endeavored by every means fair and foul to defeat John Pickard and malign every Liberal. Now let the Liberals rally and to-morrow sweep from the field every candidate in York County who supports the local government. Put no man's name on your ticket who has pledged himself in their favor. They have wanted this sort of a fight; now give it to them. Let it be said to the credit of York to-morrow night that she refused to return a pledged supporter of the local government.

MACADAMIZING.—Some very extensive and excellent repairs are being made to the lower end of Queen street and Waterloo row.

## CANADIAN NEWS.

RAILWAY SLEEPERS.—Several other ports in the Province besides Fredericton are engaged in shipping railway sleepers.

POLYMRPHIANS.—Moncton is to have a polymorphian procession on Dominion Day.

LIBRARY.—The people of Portland, St. John, have been made the recipients of a very handsome library at the expense of Hon. Isaac Burpee. Not long since the ladies of that place started to fit up a place for the library, but this gentleman at that time kindly offered to do it, and accordingly has done so. The library contains about 2,000 volumes, besides all the best newspapers and periodicals of the day. The cost of fitting up the library was about \$3,000.

On Friday last a man named McCathele was instantly killed in his box factory, Milltown. A piece of a wooden arm flew off and struck him on the head killing him instantly.

Old Dr Johnson was a benefactor. Seventy five years ago he invented what is now called Johnson's *Anodyne Liniment*, the wonderful success of which in the cure of diseases in the head, throat and lungs is truly astonishing. No family should be without it.

Thousands of dollars might be annually saved to farmers if they would give freely of *Cavalry Condition Powders* to their horses, cattle, sheep, hogs, and fowl. They prevent disease and promote the growth. We said Sheridan's. Those put up in large packs are utterly worthless.
