

A SMALL GALLERY. Hay Fever can be Cured by Japanese Catarrh Cure.

BUT IT IS COMPLETELY FILLED WITH CANADIAN PICTURES.

Royal Canadian Academy Gathered the Eighty Representative Pictures by the Artists of the Dominion for Exhibition at the Pan-American Fair at Buffalo—Some Fine Specimens.

(Special by Martha Craig.)

The directors of the Pan-American Exposition could only give a small gallery to the Canadian artists, which they have completely filled. Eighty pictures in all are exhibited. The exhibit was made through the efforts of the President of the Royal Canadian Academy, Mr. R. Harris. The pictures were collected by the members of the academy. All the expenses entailed were paid by the academy, with the exception of a small grant made by the Government.

Amongst the pictures, the portraits by Mr. R. Harris, R. C. A., and Mr. W. Greer, R. C. A., are remarkably good.

Amongst other notable pictures are "The Bathers" by Blair Bruce, R. C. A., of Hamilton, and "London Bridge" by Bell-Smith, R. C. A. A portrait of himself by Monsieur Dyonnet, R. C. A., of Montreal, is being very much admired. A woman playing the mandolin by Monsieur St. Charles, R. C. A., of Montreal, is a fine production. The same may be said of Monsieur Franchère's "Little Epicure" and Henri Beau's "Spring."

Mr. G. A. Reid, President of the Ontario Society of Artists, is represented by some decorative panels.

Mr. S. Challoner, R. C. A., the youngest member of the academy, has a very fine picture at the Exhibition entitled "Workers of the Field."

The excellent work that has been and is being accomplished by the Canadian Academy is now widely known and thoroughly appreciated by the Canadian public. The impetus that has been given to industrial art is changing gradually but permanently the character of Canadian manufacturers, such as furniture, wall papers, carpets and general decorations.

The happy idea of founding a Canadian Academy was first suggested by His Excellency the Marquis of Lorne and Her Royal Highness the Princess Louise.

His scheme provided for the formation of a Dominion Art Association, having for its object the exhibition of loan pictures, pictures of artists not previously exhibited at any Dominion Exhibition. Architectural drawings, designs for manufacturers, and all kinds of useful things for household purposes; and that these exhibitions be held in Ottawa, Halifax, St. John, Fredericton, Quebec, Montreal, Toronto and Winnipeg. In September of the same year His Excellency and Her Royal Highness visited the gallery of the Ontario Society of Artists and presided at a meeting of the artists in Toronto, when the project of the formation of an academy was discussed, and the following resolution unanimously adopted:

"Resolved, that the members of this society, having listened to the valuable suggestions of His Excellency in regard to the enlargement of the society's usefulness by the establishment of a Royal Canadian Academy to embrace the whole Dominion (leaving all present art organizations intact), desire to express their cordial approval of His Excellency's views, and also that an early meeting of the society be called for the purpose of taking practical steps in that direction."

The academy was in due time organized from the Ontario Society of Artists and the Art Association of Montreal. The first officers elected by His Excellency were: L. R. O'Brien, President; M. Matthews, Secretary; N. Bourassa, Vice-President; James Smith, Treasurer.

The Government of Canada gave the most generous and cordial support to the academy and placed at its disposal a commodious building for its first Exhibition.

The first Exhibition proved to be a great success. It was attended by

IT KILLS THE GERM WHICH IS THE CAUSE OF THIS MOST PREVALENT COMPLAINT.

Hay fever has been the cause of much scientific study and research by many of the most prominent physicians throughout the world. Many of them differ as to its real cause, but the majority agree that the cause is due to the little germs contained in pollen grains, principally hay pollen, but many other flowers and plants contribute largely to its cause. Japanese Catarrh Cure has been found the only complete cure for hay fever. It contains an organic compound of Iodine, which is a thoroughly harmless antiseptic, and destroys the hay fever germs completely. It soothes, heals and gives almost immediate relief. You will find it pleasant to use. We will be pleased to send you a trial quantity free. Enclose 5 cent stamp for postage, to The C. W. Griffiths & Macpherson Co., Limited, 121 Church St., Toronto. Sold by all druggists, 50 cents, or mailed direct.

His Excellency. The Princess Louise was unable to be present, but she sent a message expressing her regret. The members of the Government and the Parliament were present, as well as many of the prominent citizens, and were much pleased by the exhibition of skill and genius displayed by Canadian artists. In subsequent years great progress has been noted. To-day the exhibit at the Pan-American is of a high standard, and will bear favorable comparison with the best foreign work.

Mr. F. W. Meyers, King St. E., Berlin, Ont., says: "I suffered for five years with palpitation, shortness of breath, sleeplessness and pain in the heart, but one box of Milburn's Heart and Nerve Pills completely removed all these distressing symptoms. I have not suffered since taking them, and now sleep well and feel strong and vigorous."

Milburn's Heart and Nerve Pills cure all diseases arising from weak heart, worn out nerve tissues, or watery blood.

Why Housekeepers Lose Appetite.

The woman who orders a dinner has eaten it before it reaches the table. If she cooks it, too, then she has eaten it twice. Is it any wonder she has no appetite for a third course of it?

WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The REV. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-sized bottle."

DRS. TAFT BROS' MEDICINE CO.,

Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful. After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether. Very truly yours,

REV. DR. MORRIS WECHSLER

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th street, New York. I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully,

O. D. PHILLIPS, M. D.

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle, and I am ever grateful. I have family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit. Home address, 235 Rivington Street.
