

THE NEW DESIGNS SENT FREE TO ANY ADDRESS.

The manufacturers of the popular Diamond Dye Mat and Rug Patterns are filling orders daily from all sections of Canada and the United States. The pretty designs are attracting the attention of all women who are interested in the making up of homemade mats and rugs. Each pattern is brought out in full, rich colors on the best imported Scotch Hessian, ready for hooking. Scores of pretty creations made from the Diamond Dye Mat and Rug Patterns were exhibited at the autumn fairs and attracted much attention. The Wells & Richardson Co., Limited, 200 Mountain St. Montreal, P. Q. will send post-paid to any address sheets of new designs to enable ladies to make proper selections.

Truth Ever Loves the World Began.

There is a small store on the corner of Queen and Regent Streets which at the present time contains more useful and solid goods to the square foot than any other place of its size in the city. New goods have been arriving daily during the last two months from the best manufacturers in Canada. Lucy & Co. keep this place and here you will find a well made suit of clothes, a stylish fall or winter overcoat, a warm suit of underwear, a pair of nobby boots, a fashionable hat, neckties and gloves, in fact everything in wearing apparel for either man or boy; and last but not least a nice stock of boots, shoes, slippers and rubbers for the ladies. A case of watches is now on the way, and when they arrive will be given away to their customers. Die notice will be given of the arrival of these watches so that all may have a chance to secure one.

"My son," said the father solemnly, "when you see a boy always loafing about the street corners, what do you suppose he is fitting himself for?"

Son—To be a police man.

FOURTH LEO'S TOWER.

Quaint Structure Where the Pope Spent Greater Part of Last Summer.

When summer began this year Pope Leo, according to custom, left his apartments in the vatican and went to the quaint old building which is known as "Leo the Fourth's Tower," and which has long been a favorite summer residence of the successors of St. Peter.

The tower was constructed in the fifteenth century, and is situated on the northern side of the vatican hill. Grim and unattractive is its massive exterior, but once inside the portals, the Pope finds himself

in a most delightful home. The rooms are large, and are furnished comfortably though plainly, and from many of the windows there is an extensive view, which cannot fail to please a true poet like Pope Leo. Furthermore, the air here is cool and bracing, and the Pope's physician is confident that it will aid greatly toward maintaining him in his normal good health.

The Word Rival.

The word rival at first meant a brook, then was applied to the persons who lived on opposite sides and quarreled about the water, and still later it was understood as applying to contestants
