LIFE A BURDEN.

The Condition of Mr. Gardiner, Smith's Falls.

He Spent Miserable Days and Sleepless Nights—Hands, Feet and Limbs Stiff and Swollen.

From the Record, Smith's Falls, Ont.

"There is wonderful talk about Dr. Williams' Pink Pills, why don't you try them?"

These words were addressed to Mr. Andrew Gardiner, of Smith's Falls, by a friend when he was in the depths of despondency regarding his physical condition. For three years he had suffered so much that life had become a burden to him and oftentimes he says, he almost wished that he might die. Then he spent miserable days and sleepless nights, now he is enjoying life. Then his feet, hands and limbs were stiff and swollen and he was tormented with a constant stinging, creepy sensation in his body, which gave him no rest day or night, now he is as supple as ever he was with the stiffness all gone. He attributes it all to the use of Dr. Williams' Pink Pills.

Mr. Gardiner is a man of about 65 years, an old and highly respected resident of Smith's Falls. Having heard a good deal of talk about the improvement effected in his health by Dr. Williams' Pink Pills the Record sent a reporter to ascertain the exact truth and Mr. Gardiner told him substantially what is related above. He said that he tried a number of doctors—as good doctors as there were in the country—but got no relief. He was given to understand that the trouble was caused by bad circulation of the blood, but nothing did him any good. He could not wear boots his feet were so swollen and when he tried to walk, his legs felt like sticks. Finally he was induced to give Dr. Williams' Pink Pills a trial. He took six boxes, he said, but did not see that he was much better. He determined to quit taking them but was persuaded to continue them for a little while longer. When he had taken ten boxes he was greatly improved and when he had taken twelve boxes he was so well that he did not need any more. It is several months since he has taken them and he has had no return of the trouble. When the reporter saw him he was wearing his ordinary boots and he said he could get into and out of a buggy as well as any man of his years in the country.

Dr. Williams' Pink Pills are the friend of the weak and ailing. They surpass all other medicines in their tonic, strengthening qualities, and make weak and despondent people bright, active and healthy. These pills are sold by dealers in medicine, or can be had, post paid, at 50 cents per cent, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

At Wednesday's session of the annual conference of the National Union of Conservative Associations at Wolvehampton the party platform was enlarged by calling on the Government to adopt drastic measures to suppress the "organized obstruction of Nationalist members of Parliament," and to arrest Col. Arthur Lynch (the recently-elected member for Galway, who served in the Boer army) immediately on his landing in England.

EATEN BY WOLVES.

Fearful Fate of a Young Lumberman on the Gatineau.

Montreal, Nov. 28.—News reached here today from Gilmour and Houston's lumber camp at Bark Lake, on the Gatineau, of the awful death of a lumberman named Edward Connor, 18 years of age. Connor came into camp as usual on Tuesday evening, leaving his axe standing by the stump of the last tree he had felled. During the course of the evening he came to the conclusion that the axe required grinding, and accompanied by another man set out to fetch it. A short distance from the spot where Connor had left the axe his companion concluded not to go any further, agreeing to wait until Connor returned. The latter had been gone but a short time when the companion heard the howling of wolves. In dismay he at once started on the run for the camp, forgetting all about Connor. When he reached the camp, some distance off, a number of men started out to look for Connor. They were too late. A lot of bones scattered around, rags which had once formed his clothing and his boots were all that remained of the young man.

The Liverpool bank frauds are evolving one tragic sequel and another. The suicide of Laurie Marks on the Boalogue boat has removed a bookmaker whose bank accounts had been restrained, and for whom the detectives had been searching. The Liverpool police have accepted the theory of suicide as the easiest method of accounting for their failure to arrest Bookkeeper Goudie, and are collecting corroborative evidence. The case is widely discussed among bank officials and practical accountants, and the system of bookkeeping employed in the Liverpool bank is sharply criticized as antiquated and unscientific. The operators of a notorious betting ring are also involved in these frauds, and every fresh development in this sensational case excited widespread interest.

Birth-marks which mark and mar the outside of the body are a grief to every mother whose children may bear them. But for every child who bears a birth-mark on the skin there are many who bear an indelible birth-mark on the mind. Nervous mothers have nervous children and many a man and woman owes an irritable and despondent temperament to those days of dread when the mother waited the hour of her maternity. The use of Dr. Pierce's Favorite Prescription strengthens the mother for her trial. With strength comes a buoyancy of spirits and quietness of mind, which is one of the happiest gifts a mother can bestow on her offspring. By giving vigor and elasticity to the delicate womanly organs "Favorite Prescription" practically does away with the pain of maternity and makes the baby's advent as natural and as simple as the blossoming of a flower. There is no opium, cocaine or other narcotic contained in "Favorite Prescription."

Stuart R. Young, retiring city treasurer of Louisville, committed suicide by shooting Thursday evening. Mr. Young's books as city treasurer have been under examination by accountants at the city hall preliminary to the office being transferred to the new city treasurer recently elected.

If Catarrh is Your Trouble.

You will find instant relief and absolute cure in Catarrh, which kills the germs that cause the disease; cures the cough, prevents droppings in the throat, relieves congestion and quickly heals the inflamed membranes. Catarrh cures perfectly the most chronic cases of Catarrh, lung and throat troubles, and is delightful, simple and safe to use. Catarrh is a scientific treatment highly indorsed by doctors and druggists, and sell everywhere for one dollar, small size 25 cts. By mail from N. C. Polson & Co., Kingston, Ont.

EXCURSION RATES TO THE MARITIME WINTER FAIR.

On and after Friday, Dec. 13th, the Intercolonial Dominion Atlantic, and Canadian Pacific Railway, will on application, sell single first-class tickets to Amherst, and give a standard certificate. This certificate when stamped with the official stamp of the Maritime Breeders' Association at the Winter Fair, will be taken at the Amherst station in exchange for a single ticket back to the starting point, good until Dec. 23rd—in other words one fare for the round trip from the 13th of December until the 23rd. Nearly all the branch lines in the Maritime Provinces have agreed to give return tickets at single rate to visitors for the Winter Fair.

Both the Exhibition of Fat Stock and the Educational program will be so interesting that large numbers of people will undoubtedly avail themselves of these low rates.

BABY'S HEALTH.

The Teething Period Dangerous to Little Ones and Very Trying to Mothers.

What mother does not look forward with dread to the time when baby shall be teething? At that time baby is restless, feverish and irritable, and frequently there is some disorder of the bowels and stomach. The poor little sufferer is fighting one of his first battles in this old world of pain, and if not aided in his fight may be overcome. Every wise mother helps the little sufferer as much as she can, and the mothers who have been most successful in this respect have found that Baby's Own Tablets give just such assistance as the little one needs. Mrs W. J. Wright, Brockville, says:—"I have used Baby's Own Tablets quite frequently, and am much pleased with them. I find them especially satisfactory during baby's first year. I have used them in teething, in vomiting, in colic, in indigestion, and in the disorders of the stomach and bowels usually accompanied by restlessness and fever. The action of the Tablets has always been all that could be desired."

Baby's Own Tablets are a sweet, pleasant little lozenge that all children will take readily. They can be crushed or dissolved in water and administered with safety to even the youngest infant. Guaranteed to contain no opiate or any of the poisonous stuffs that make the so-called soothing medicines dangerous to little ones. If you do not find Baby's Own Tablets at your druggist's, send 25 cents to the Dr. Williams Medicine Co., Brockville, Ont., and a box will be sent you by mail postpaid.

The nominations for the Legislature in West Huron, Ont., were held at Goderich, Wednesday, the candidates being Hon J T Garrow, Liberal, and Mr Joseph Beck, Conservative.

DELIGHTFUL RELIEF FROM CATARRH.—Here is one of a thousand such testimonies. The Rev A D Buckley, of Buffalo, says: "I wish all to know what a blessing Dr. Agnew's Catarrhal Powder is in a case of catarrh. I was troubled with this disease for years, but the first time I used this remedy it gave most delightful relief. I now regard myself entirely cured after using it for two months."—24. Joseph Parton, charged with the murder of several of his children by setting fire to his house, has been acquitted, the Grand Jury at Parry Sound, Ont., finding no bill.

Alive, Yet Half Dead.

Feeling miserable. This is the condition of thousands of growing girls and women. Can't eat enough to be truly alive. Digest so little of what they do eat, as to scarcely know what life really means. Miserable? Of course. Eat more, digest more, then feel streaming through life's renewed current, the buoyancy, the strength, the hopefulness of youth. Simply done if you'll just use Ferrozone, the wonderful blood maker, nerve strength and brain vigor. Mr C A Burchill, druggist, knows all about it. Call and ask him about it.

MRS NATION DIVORCED

On The Ground of Gross Neglect of Duty—Pension Divided.

Kansas City, Mo., Nov. 27.—A special to The Star from Medicine Lodge, Kansas, says:—David Nation was today granted a divorce from his wife, Mrs. Carrie Nation, "the joint-smasher." The court exonerated Mrs Nation from the charge of cruelty to her husband, and

divided the property. Mrs Nation said that one reason she fought the proceedings was that she wished to continue to share the pension money drawn by her husband.

Judge Gillett granted the divorce upon the ground of gross neglect of duty. When Mrs Nation first started out on her career of "joint-smashing" a year ago Mr Nation seemed to be in sympathy with her raids, but when she spent all her time away from home, crusading or serving sentences in jail for destroying property, he went to the home of his daughter in Indiana and lived. He was Mrs Nation's second husband, and is nearly seventy years old. The couple had lived together for many years.

When Medical Science Fails

to cure rheumatism, and all the time you suffer dreadfully, why don't you get a bottle of Polson's Nerviline and try that? Rub it into your stiff joints, sore arms, lame back bent shoulders—wherever the pain is. Nerviline has cured plenty of people in this way, and that ought to be proof enough that it will cure you too. It is an unusually strong liniment that cures rheumatism in unusually quick time. Best household liniment known. 15 cents.

Mrs Caroline Norton, aged 24 years, residing at 1323 Vine street Philadelphia, forced her two young daughters to drink carbolic acid Thursday, and then swallowed some of the deadly chemical herself. As a result of her act, one of the little girls died in great agony at a hospital. Mrs Norton has been mentally unbalanced for some time. While her mother was absent from the house, she took the children into the kitchen and committed the deed. When Mrs Norton's mother arrived, she found the three unconscious. They were hurried to a hospital, where it was found that Marion, aged 2 years, was beyond recovery. The mother and the other child, Margaret, aged 4 years, will recover.

DOAN'S KIDNEY PILLS cure backache, sideache, scanty, cloudy, thick and highly colored urine, diabetes, dropsy and all troubles arising from a weak condition of the kidneys.

Ambrose Mahoney, son of Michael Mahoney, of this place, met with a serious accident on Wednesday last. He was repairing the fence around his home, and while untangling some old hay wire with which he was tying the stakes together a piece of wire struck him in the left eye. The eye was badly cut and the sight destroyed. It is also very badly swollen, and Dr. Casswell, who is in attendance, has not yet decided whether he will have to remove the eye or not. The unfortunate young man is suffering untold agony from the dreadful wound.—Gagetown Gazette.

Limping, Limping.

From corns? No necessity for that. Putnam's Painless Corn Extractor removes all corns, large or small, in about twenty-four hours. This is reliable information, your druggist will substantiate it if you ask him. Be sure and get Putnam's, it causes no pain.

The speedy return of Lord Charles Beresford to politics is predicted since his term of service with the Mediterranean squadron will expire in January. The Board of Admiralty has little difficulty in holding Captain Bowles at bay, but stands in dread of vigorous criticism from the most popular office in the navy.

For cuts, wounds, rheumatism, stiff joints, burns, scalds, bites of insects, croup, coughs, colds, Hagyard's Yellow Oil will be found an excellent remedy.

When you feel weak, run down, nervous or unable to work or think as you ought, take Milburn's Heart and Nerve Pills. They'll build up your health and give you strength and energy.

An Important Arrival.

When the express from New York reached Fredericton this morning it brought a case of watches for free distribution among Lucy & Co's customers. These watches are good time keepers and are warranted for one year. Every person who purchases at this counter for cash, a man or boy's suit of clothes, an overcoat or a reefer will be entitled to one of those watches free. All goods will be sold at their regular cash prices and positively no extra charge will be made to parties who receive watches. This is the tenth year since those who are fortunate enough to secure one know the value of them.—d.

JOLLY SCOTCHMEN.

Annual Dinner of the Fredericton Society of St. Andrew.

VERY PLEASANT FUNCTION AT THE QUEEN HOTEL.

An Excellent Report and a Genuine Good Time.

The annual dinner and reunion of the Fredericton Society of St. Andrew took place at the Queen Hotel last evening, and was one of the most enjoyable of the many highly successful functions held under the auspices of that organization during its seventy-six years of existence. The members and guests to the number of about seventy-five assembled in the parlor of the Queen at 8:30 o'clock and half an hour later led by the President, Oswald S. Crockett, proceeded to the spacious dining-hall to the strains of an inspiring quickstep from the bag pipes manipulated by the veteran Daniel Hossack, of Stanley.

The long tables arranged in the form of a magnet, were attractively decorated with cut flowers, and fairly groaned under the weight of good things upon them.

After all had taken the chairs assigned them, the Chaplain Robert Watson, said Grace, after which Secretary McFarlane arose and read letters from Governor McClellan, Premier Tweedie, Chief Justice Tuck, Dean Partridge, W. T. Whitehead M. P. P. and Rev. H. Montgomery, extending best wishes and expressing regret at their inability to be present. He also read messages, exchanging fraternal greetings from sister societies in Campbellton, St. John, Halifax, Quebec, Toronto, Ottawa, Montreal and Stanley.

Oswald S. Crockett, president of the society, presided in an acceptable manner, having Senator Ellis of St. John, and Dr Thomas Harrison on his right, and on his left R D Wilmot, M P and Rev Father Carney. The vice chairs were occupied by Frank L Cooper and Dr. Davidson. The other gentlemen present were:
