

Hearing Restored After Physicians in Toronto and Winnipeg Failed.

JAPANESE CATARRH CURE CURED.

Neglected catarrh is the cause of deafness in nine out of every ten cases. When you hear a little buzzing, roaring sound occasionally in your ears you can be sure partial deafness will follow sooner or later, unless Japanese Catarrh Cure is used.

Mr. D. N. Spencer, 11 Coolmine Ave., Toronto, writes:—"I have been troubled with catarrh and deafness for a number of years, finally I could not converse with any person at a distance. I spent much money on advertised remedies, and doctored with specialists in Toronto and Winnipeg while there three years ago, but my hearing became no better. About a year ago I procured a sample of Japanese Catarrh Cure. I afterwards followed up this treatment as directed, and shortly I found my hearing completely restored, and my catarrh does not trouble me now in the least. I can conscientiously recommend it to any person troubled with catarrh or catarrhal deafness. Japanese Catarrh Cure is a volatile, healing made, pleasant to use, and permanently cures catarrh wherever located. THE "DROP-OFF" HEART

Doctors didn't give Mrs. James long to live—but Dr. Agnew's Cure for the Heart felled them and cured her.

For fifteen years Mrs. John A. James, of Warton, Ont., was a great sufferer from Heart Disease. For days at a time she was confined to bed, and it seemed as though every breath might be her last. Her physicians said that she might "drop off" any minute. With woman's tenacity in suffering, and believing that "while there's life there's hope," she started using Dr. Agnew's Cure for the Heart. Three bottles cured her. This remedy relieves in thirty minutes. 75

Roosvelt's Nine Letters.

There are nine letters in Roosevelt's name—a mystical number. Nine consists of a trinity of trinities. According to the Pythagorean numbers man is a full chord, or eight notes, and deity comes next. Three, being the trinity, represents a perfect unity, twice three is the perfect dual and three times three is the perfect plural. This explains the use of nine as a mystical number and also as an exhaustive plural, and consequently no definite number, but a simple representative of plural perfection. There are nine earths, nine heavens, nine gods, nine muses, nine worthies, nine virgin priestesses, nine lives in a cat, nine rivers in hell, nine crowns in heraldry, nine heads to the hydra, nine tailors to a man, nine buttons of official rank, nine planets, nine crosses, nine points of the law, nine spheres, etc.—Victor Smith in New York Times.

Signaled by Cormorants.

The Bell Rock lighthouse keepers had a singular experience the other day. Toward midnight, according to The London Globe, the Arbroath tugboat hove alongside and wanted to know what was wrong. The captain stated that the signal "Send boat immediately" had been shown. Explorations discovered that two cormorants, tired of fishing, had perched themselves on the signal pole in so peculiar a way that at Arbroath, twelve miles away, it appeared as if the distress signal had been hoisted.

The Hairs of Your Head.

A German physiologist recently devoted himself with great patience to the counting of hairs on different heads. He ascertained the average number on a human head and found that, taking four heads of hair of equal weight, the number of hairs, according to color, was as follows: Red, 90,000; black, 103,000; brown, 109,000; and fair, 140,000.

How It is Divided.

Out of the £22,000,000 sterling Britain spends annually on her navy, shipbuilding is the largest item, costing £9,500,000. Pay comes next, four and three-quarters millions. Naval armaments cost two and three-quarter millions.

Jack McLean in St. John.

Jack McLean, the baseballist, so well known here, is in town on his way to Fredericton, where he will stay a few days. He came from Boston Wednesday. The big catcher is bigger than ever, having taken on considerable flesh since doffing the regimentals of the diamond. He says he is signed to play with the Brooklyn National League team next season, which will be the best engagement he has ever had, and has a position on the first or regular team. Capt. Kelly of the Brooklyn, is a Cambridge man, like McLean, and both are very friendly. —Globe.

To Fill Large Contracts—Good Wages Easily Earned.

A Pair in 30 Minutes

We want a few more workers in this locality, at once, and in order to secure your co-operation without the delay of correspondence, we herewith explain our full plan in this advertisement. The work is simple, and the Machine is easily operated, and with the Guide, requires no teacher. If you wish to join our staff of workers let us hear from you promptly with the Contract, order form, and remittance, as a guarantee, and we will send machine and outfit to begin work at once.

OUR METHOD OF DOING BUSINESS

We wish to secure the services of families to do knitting for us in their homes. Our method is the same as adopted in England. We are the introducers of this plan and the largest knitting concern in Canada.

After long experience, we have been able to produce an Automatic Machine by which all kinds of seamless knitting is now done by our Family Machine, thereby enabling anyone of ordinary intelligence to quickly learn to do the work from the Instruction Guide. All we require is that you use the machine according to directions. The Machine being made expressly for this purpose, and the operation so simple, it cannot possibly make a mistake in its work.

The great demand now is for Bicycle Stockings, Woodmen's Socks, and Motormen's Mittens, and as we are unable to supply the demand, have taken this method of advertising for more help.

The large export trade to the North-west Territories, British Columbia, and the British Colonies, furnishes an unlimited demand for our goods, and, with the combined co-operation of the many families we are employing, together with the large amount of knitting we are able to turn out, by which we save rents, insurance, interest on capital, etc., enables us to undersell any manufacturers of this class of goods, and we have sale for all the knitting we can have turned out.

The price we pay for finished bicycle stockings is \$10.00 per hundred, or at the rate of 10c per pair; woodmen's socks, 5c, and motormen's mittens, 12c a pair. All other work in proportion to size.

The machine can be operated by any one of a family, and at our prices any energetic family should be able to sustain themselves comfortably, and in time be a source of independent comfort.

Our plan is to send out each machine to beginners with a sock or stocking partially knitted, and remaining in the machine ready to be continued, and also enough yarn to knit one pair of sample socks or stockings and a simple and complete Instruction Guide, showing how the work is to be done. When the samples have been finished and returned to us satisfactory, we send a quantity of yarn, which you knit and return likewise when finished. We prepay charges on all work one way, and our workers pay return charges. The work, as we have stated, is simple and rapidly done, the machine having a capacity of ten thousand stitches a minute. We have many persons now in our employ who can knit from twenty-five to thirty pairs of socks or stockings a day, and where the time of a family is devoted to the work, you can readily see that \$15.00 or \$20.00 per week can be easily earned.

We furnish our workers all the materials, yarn, etc., free, and everything that is necessary for the work. We are furnishing the machines only for the exclusive use of those desiring to take employment with us, who must, in order to become a member, send us this Contract Order Form, accompanied by them, and at least one good reference, and remittance accordingly, to give us the necessary assurance that the quantities of valuable yarn we may send from time to time will not be wasted or misappropriated. Our interests are mutual, and this confidence must be established if we are to succeed. We guarantee fair dealing from our terms, as we cannot make a distinction with one and not another besides, we are doing an extensive business, and must be governed by business principles.

The machine and price of the machine is \$15, and positively will not be sold to any others than those who will agree to do knitting for us.

If at any time after you commence, and have done an amount of work equal to the purchase price, and wish to discontinue, we will take back machine and refund the amount paid for same, after deducting cost of our expense only.

There is a Large Demand for the Trade for this class of work. Our workers can depend upon it year after year, and if you engage with us (whole or spare time) we will keep you employed with work as long as you do it satisfactorily for us and return it promptly. We entrust our workers with large quantities of valuable yarn, and as we give

CHAINED FOR TEN YEARS

EVERY BRINGS RELIEF.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The REV. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good received from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-sized bottle."

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 120th street, New York. I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully,

O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle, and I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit.
