NO. 8

LOYAL ADDRESSES

Of the City of Fredericton
and Municipalities of

YORK AND SUNBURY.

Presented to H. R. H. the Duke
of York

AT ST. JOHN THIS AFTERNOON.

Following is the full text of addresses presented to H. R. H., the Duke of York at St John this afternoon, on behalf of the corporation of Fredericton, and the municipalities of York and Sunbury. The civic address was presented by Mayor Crocket, City Clerk Beckwith, Alds Everett and Moore, the York municipal address by Warden Morehouse and Couns Jewett and Scott, and the Sunbury address by Warden Lewis H. Bliss, and Couns. Thos. P. Taylor and F. C. Taylor.

THE CIVIC ADDRESS.

To His Royal Highness George Frederick Ernest Albert, Duke of Cornwall, Duke of York, Earl of Inverness and Baron Killarney, K.C., P.C., K.T., K.P., C.C. M.C., C.C.V.G., LL.D., D.C.L., Etc.

May it please Your Royal Highness:

The mayor, aldermen and commonalty of the city of Fredericton rejoice with grateful hearts that Your Royal Highness has safely reached our shores in the course of your extensive tour through the wide dominions of the Empire. In tendering Your Royal Highness our congratulations thereon we desire to include Her Royal Highness, the Duchess of Cornwall and York, and to assure you that we hail with delight such visits; not only as giving us an opportunity of expressing our loyalty to the throne, but as evincing the interest which Your Royal Highnesses take in the lands and the peoples, over which in the course of Providence you will hold joint and intelligent sway.

We may be permitted on this historic occasion to affirm through Your Royal Highness—the son and Heir Apparent of our most Gracious Sovereign, King Edward—our devotion and loyalty to his Throne and person, and to express our gratification at the evidences which Your Royal Highness has met of such loyal attachment wherever you have sojourned throughout our extensive and expanding Empire. May we be permitted also to say that while we deeply deplore the loss of so many loyal and gallant sons of the Empire in the South African war, we rejoice at the spontaneous outburst of patriotism which the war called forth in every portion of His Majesty's dominions.

Our congratulations and our rejoicings, however, are not unmingled with regret. We fully shared the universal sorrow which took hold on the nation at the death of our beloved and revered Sovereign, Queen Victoria, whose long, wise and beneficent rule enshrined her in the hearts of her people.

The recent death, too, of the Empress Frederick of Germany, our late beloved Sovereign's eldest daughter, has called forth our heartfelt sympathy for His Gracious Majesty the King, for your Royal Highness and all the members of the Royal Family.

Finally, we beg leave to say that in tendering our homage and expressing our devotion and loyalty to the Crown, it would have greatly enhanced our pleasure had arrangements permitted your Royal Highness to visit our city, the provincial capital, priding itself in bearing its name from one of your Royal ancestors, and fondly recalling that memorable visit of your Royal father, which marks an epoch in our history.

(Signed) W. C. CROCKET,
Mayor.

CHAS. W. BECKWITH,
City Clerk.

THE MUNICIPAL ADDRESS.

To His Royal Highness George Frederick Ernest Albert, Duke of Cornwall, Duke of York, Earl of Inverness and Baron Killarney, K. C., P. C., K. T., K. P., G. C. M. G., G. C. V. O., LL. D., D. C. L., etc.

May it please Your Royal Highness:

The Warden and County Council of

the Municipality of York most respectfully desire to join with the other municipalities in welcoming Your Royal Highness to the Province of New Brunswick, and in giving some expression to the uniform pleasure and enthusiasm which your visit has excited in the hearts of the people of our county in common with all the inhabitants of this broad Dominion.

The visit of Your Royal Highness on this occasion is hailed with greater delight in that we have also to welcome to our shores your illustrious Consort, Her Royal Highness the Duchess of Cornwall and York.

In Your Royal Highness's progress through this vast Empire, Your Royal Highness, as the heir apparent to His Most Gracious Majesty King Edward the Seventh, has received the homage and devotion of loyal and true hearts wherever it has been the lot of Your Royal Highness to sojourn. We, too, desire to give expression of our unwavering loyalty to the Crown which we have inherited from the Loyalist founders of the Province of New Brunswick.

May we be permitted to congratulate Your Royal Highness in that you participated in the consummation of the federation of the Commonwealth of Australia, and in this connection we beg leave to remind Your Royal Highness that the visit of your illustrious father, His Most Gracious Majesty King Edward the Seventh as Prince of Wales, to the scattered Colonies of North America, was a great and real incentive to the confederation of the Dominion of Canada.

We feel that the blood that has been shed in South Africa, has not been shed in vain, but that it has consummated a true union of loyal hearts and hands throughout this vast Empire, and that through the consciousness of the unity of our race, and the dignities of its destiny will result a united and federated South Africa.

We would most respectfully assure Your Royal Highness of the grief and sorrow that overwhelmed the people of Canada at the death of our most Gracious Majesty, Queen Victoria, the sweet remembrance of whose many virtues shall last till time shall be no more. We would beg leave to assure you of our deep regret at the untimely death of the illustrious Empress Frederic of Germany, the beloved sister of our Most Gracious Majesty.

We trust that Your Royal Highness, and your illustrious consort, will enjoy a safe and pleasurable voyage to our Motherland and will retain many happy recollections of your progress through the wide Empire which in the course of time it will be your duty wisely to rule and govern.

And hereupon we pray God to have you in His Holy Keeping.

(Signed) C. E. MOREHOUSE,
Warden.

(L. S.) F. ST. JOHN BLISS,
Secretary-Treasurer.

SUNBURY MUNICIPAL ADDRESS.

To His Royal Highness George Frederick Ernest Albert, Duke of Cornwall, Duke of York, and Baron Killarney, K. C., P. C., K. T., K. P., C. C. M. C., C. C. V. O., L. L. D., D. C. L., &c.

May it please Your Royal Highness:—

The Warden and County Council of the Municipality of Sunbury desire most respectfully to join with the other Municipalities of New Brunswick in welcoming to the Province Your Royal Highness and Your Royal Consort.

We beg to offer to Your Royal Highness as Heir apparent of His Most Gracious Majesty King Edward the Seventh, the homage and devotion of a people not less loyal than our forefathers, the founders of this province, who abandoned homes of ease and luxury for the hardships and dangers of a life in the wilderness in order that they might leave to their posterity a country under the dominion of the British Crown.

The period that has elapsed since this province was last visited by the Heir apparent to the throne (in the person of His Most Gracious Majesty the King, then the Prince of Wales,) has been one of wonderful development in the Empire. Our own Dominion, which at the time of that visit consisted of a few scattered provinces has become the greatest of England's daughters, while, following in the footsteps of Canada has come the federation of the Commonwealth of Australia, in the consummation of which it must have afforded Your Royal Highness great satisfaction to participate.

In strong contrast to the peaceful development of these two colonies we see the dreadful struggle, now happily drawing to a close, by which His Majesty's dominions have been extended in South

Africa. But while we grieve over the loss of many valuable lives in the accomplishment of the duty of the Empire we rejoice in the fact that by the shedding of Canadian blood this Dominion has been drawn closer to the Mother Country. Nor can we feel that the great expenditure of blood and treasure has been in vain, when the result has been the establishment of a true and lasting union of loyal hearts and hands among all British people and through the consciousness of that unity, and of the dignities of its destiny will result a united and federated Empire of world wide extent.

We most respectfully assure Your Royal Highness of the overwhelming sorrow of our people at the death of Her late Most Gracious Majesty our beloved Queen Victoria the Good, whose memory we will ever cherish in our hearts; and also of our profound grief at the untimely death of our Good Queen's first born child Her late Serene Highness the Empress Frederic of Germany.

We wish Your Royal Highnesses a pleasant continuance of your tour and a safe return to the centre of the great Empire over which it will one day be Your Royal Highness' duty to rule; and we venture to hope that Your Royal Highness will retain happy recollections of a too brief sojourn among the people of the Province of New Brunswick.

And we fervently pray the King of Kings to grant Your Royal Highness a long and happy life, and to keep you under His especial care and protection.

LEWIS H. BLISS,
Warden.

JAMES S. WHITE,
Secretary-Treasurer.

A puny child is always an anxiety to the parents. There seems generally no reason why the little one should be weak when it is so well fed. But the fact is that it does not matter how much food the child takes if the stomach cannot extract the nourishment from it. No benefit can be derived from just eating. That is the condition of many a sickly child. The stomach and organs of digestion and nutrition are not doing their work, and the body is really starving. It is little use to give fish foods, like cod liver oil or emulsions, in such a case, because these also have to be digested; they may lighten the stomach's labor but they don't strengthen it. Strength is what the stomach needs. Dr. Pierce's Golden Medical Discovery strengthens the stomach, nourishes the nerves and increases the action of the blood making glands. It is superior to every other preparation for children's use, on account of its body building qualities, and also because it is pleasant to the taste and contains no alcohol, whisky or other intoxicant. Dr. Pierce's Pleasant Pellets are a valuable aid when the bowels are irregular. They are small. Children take them readily.

Why Catarrh Cures Catarrh.

It goes to every affected part and kills the germs that keep up the diseased condition. Catarrh Cures never irritates, but stimulates the mucous lining of the nose, throat and lungs to normal action, and keeps the nasal passages free from offensive discharges. Catarrh Cures contains no dangerous drugs or opiates, and is delightfully pleasant and simple to use. Catarrh Cures is an absolutely certain cure for any form of Catarrh and sells for dollar at druggists, small size 25c. By mail from Polson & Co., Kingston, Ont.

Within a period of fifteen days the Rev. A. E. Pates, of Compton, Quebec, officiated at three funerals, the united age of the deceased aggregating over 248 years.

Your Nerves are Weak.

You sleep badly, appetite variable. You eat but gain no strength. Morning tiredness makes you wish it were night. When night comes refreshing sleep is hard to obtain. You're run down, your blood is thin and watery, your nerves have grown weak, the thought of effort wearies you. You need Ferrozone; it makes blood—red, strong blood. An appetite? You'll eat everything and digest it, too. Strength? That's what plenty of food gives. Ferrozone gives hope, vigour, vim, endurance. Use Ferrozone and get strong. Sold by C. A. Barchill.

MINISTER OF RAILWAYS

In an Address at a St.
John Banquet

REFERRED TO THE OUTLOOK
FOR TRADE AT THAT PORT.

Some Important Statements.

Speaking at the banquet to Agent General Duff-Miller at St John, Tuesday evening, in reply to the toast "Our commercial interests," Hon. A. G. Blair, Minister of Railways referred to the pleasure it gave him to add his quota of praise to the efficient manner in which the guest of the evening had represented New Brunswick's interests—commercial and otherwise. Mr Miller had struck the right chord in the direction of successful immigration in informing the people of Great Britain concerning the great latent resources of this province and the opportunities of people coming with a little means in search of happy homes in this side of the Atlantic. Mr Miller had done more than any one person in the direction of placing this necessary information before the crowded centres of the home land. Referring to Mr Miller's suggestion of the federal authorities assisting in the immigration efforts of New Brunswick, he agreed with the suggestion, and recently the matter had been brought to the attention of the minister of agriculture, who had been impressed with the importance of the idea and had promised his co-operation in this direction. Turning to St John's commercial interests, Mr Blair said, lying as the city does on the eastern seaboard its people must necessarily look for its prosperity to become one of the gateways through which the enormous commercial interests of Canada, to and from the west, must flow. We have no reason to be despondent, St. John's record has been a good one in the past and pointed to a future increasing prosperity. Canada itself is prospering, as the foreign trade is sufficient to show. As compared with the United States the foreign trade per capita trebles that of the neighboring republic. The foreign trade of the United States was but \$26 per head of population, compared with \$79 per head of foreign trade as shown by Canada. Our trade has grown from \$218,000,000 to \$296,000,000, or an increase of 81 per cent.

Here in St. John, a better day is dawning. We can confidently look for an increase in our exporting and importing business, because the business in the country behind this national gateway is increasing. St. John occupies a most commanding position to receive a large share of the business at least during the winter season. Referring to the fact that today the two great railway lines entering St. John were working in harmony to bring business to St. John, he was glad to know that the great C. P. railway had settled its policy to do its utmost in the direction of making St. John its export port during the close of navigation of the St. Lawrence River. So far as the I. C. R. is concerned, he would not hesitate to say that all that he could do to further the interests of this port would be done, because it was in his opinion the proper Canadian idea to build up the national ports on the Atlantic seaboard. The city had put its shoulder to the wheel in a manner which, the future would demonstrate, was for the best interests of St. John. He trusted St. John's hopes and aspirations in this regard would be fully realized and, as an individual, as St. John's member of parliament, and as a minister of the crown, he would spare no interest in this direction.
