

THE PRESIDENT'S POCKETS.

Buffalo, N. Y., September 11.—The President's clothes which were removed at the Exposition Hospital have been sent to the Milburn residence where the pockets were emptied. In the right hand trousers' pocket was \$1.80 in currency, with coins was a small silver nugget, well worn, as if the President had carried it as a pocket piece a long time. Three small pen knives, pearl handled, were in the pockets of his trousers, evidently they were gifts that he had prized and was in the habit of carrying all of them. A battered coin, presumably a pocket piece was in the left hand pocket. The President's wallet is black leather and is well worn. It contained \$45, in bills. In the vest pocket was a silver shell lead pencil. Three cigars was also found, two of which the Chief Magistrate had chewed. He also had an open faced gold watch. There was not on the President's person a single clue to his identity unless it was on some old cards in the wallet which were not examined.

THE AREA OF CANADA

COMPARED WITH THE STATES OF THE AMERICAN REPUBLIC.

Great Heritage of Canadians—Their Country Is Second to None on the Face of the Globe—European Comparisons Give Us an Even Better Idea of Our Great Size—Possibilities of the Country.

Canadians have the greatest and richest country in possibilities upon this continent. How great and vast these interests are can be gathered in a manner from the following statistics selected after diligent research from various sources of information.

Ontario with an area of 220,000 square miles, is larger than all the following States of the Union: New York, 49,170 square miles; Massachusetts, 8,315; Connecticut, 4,990; New Jersey, 7,815; Maine, 33,040; Pennsylvania, 45,215; Maryland, 12,210; Indiana, 36,350; Vermont, 9,565 square miles, making a total of 206,670 square miles, and in which we can comfortably include the following additional states, viz.: Delaware, 2,050 square miles; District of Columbia, 170 square miles; Rhode Island, 1,250 square miles, or a total of 210,140 square miles. After including the above, we can still afford to be generous, and leave room for another state as large as New Jersey, with 7,815 square miles, and still have some 4,000 square miles to toss off if closely cornered. Quebec is nearly 9,000 square miles larger than the Province of Ontario, measuring 228,900 square miles. The two Provinces named, with British Columbia, possessing an area of 383,300 square miles, total 834,200 square miles, and is as large as all of the following Western States, viz.: Colorado, 103,925 square miles; Idaho, 84,800 square miles; Illinois, 56,650 square miles; Iowa, 56,025 square miles; Kansas, 80,080 square miles; Michigan, 58,915 square miles; Minnesota, 83,365 square miles; Ohio, 41,060 square miles; Oregon, 96,030 square miles; North Dakota, 70,795 square miles; Utah, 84,970 square miles; leaving 15,000 square miles to spare. Our Northwest Territory alone comprises 906,000 square miles; this area added to the three provinces already named, gives a total of 1,740,200 square miles or by the way of still further comparison, an extent of territory larger than Alaska, by 577,390 square miles. But a larger part of Canada still remains to be considered, viz.: Manitoba, 78,956 square miles; Assiniboia, 89,535 square miles; Saskatchewan, 107,092 square miles; Keewatin, 282,000 square miles; Alberta, 106,000 square miles; Athabaska, 104,500 square miles; Territory east of Keewatin and south of Hudson Bay, 196,800 square miles; territory of Hudson's Bay, 353,000 square miles; islands north and northwest, not enumerated in above, 300,000 square miles; Great Lakes and River St. Lawrence, not included in above, 47,400 square miles; Prince Edward Island, 2,000 square miles; New Brunswick, 28,200 square miles; Nova Scotia, 20,600 square miles.

Students of the Canadian situation can best understand the magnitude of the heritage the British in the past have been so careless about, and are now at this day growing so solicitous for, by comparing the Canadian areas with those of the United Kingdom itself and the European nations. All Britain and Ireland, for example, contain 120,930 square miles; England and Wales, 58,311; Scotland, 29,785; Ireland, 32,532, and the islands, 302. This

A Well-Known Toronto Traveller Cured of Catarrh After Eight Years' Suffering.

JAPANESE CATARRH CURE CURES.

Mr. R. E. Fleming, the well-known and popular Toronto representative of Messrs. Ewing & Sons, Cork Manufacturers, Montreal, writes:— "I have been a constant sufferer from catarrh of a severe and most disagreeable type for eight years, which became worse each winter, in spite of the hundreds of dollars I spent with catarrh specialists and many remedies, which only afforded temporary relief. I tried Japanese Catarrh Cure about a year ago, and since completing this treatment have not felt the least symptom of my former trouble. A few months ago I recommended it to a friend similarly affected, and he is now completely cured also. I can highly recommend it to any person troubled with this most annoying disease."

Japanese Catarrh Cure relieves cold in the head in one minute, and is absolutely guaranteed to cure any case of catarrh of the nose or throat. Sold by all druggists. Price, 50 cents. A free sample will be sent to any person troubled with catarrh. Enclose 5 cent stamp. Address: The Griffiths & Macpherson Co., Limited, 121 Church St., Toronto.

entire area, if it could be set down in Ontario, would leave not very far from half the Province still untouched— plenty of room, at any rate, for another England, Wales and Ireland. The whole of the United Kingdom and Ireland, if they could be dumped into British Columbia, would take up less than a third of that Province, leaving an unoccupied area big enough to accommodate the same twice over, with a trifle of 20,000 square miles to spare.

Ontario alone, 219,650 square miles, is bigger than France, 210,000 square miles; Germany, 212,000 square miles; Italy, 114,000 square miles; Spain, 182,758 square miles.

Ontario and Quebec alone, 447,150 square miles, are bigger than Austria-Hungary, 286,311 square miles; Sweden and Norway, 288,771 square miles, and all the smaller States of Europe put together, added to either of the above. The biggest State in Europe is Russia, containing about 2,041,809 square miles. Our Northwest Territories, 906,000 square miles, Manitoba and Northwest districts, enumerated above, 1,617,783 square miles, total 2,523,783 square miles, are big enough to swallow all Russia in Europe, and leave 481,974 miles to spare, an unused area greater than all France and Germany put together.

In summing up, one must not overlook the immense possibilities in commerce in connection with this vast territory. We must not forget the valuable wealth in our forests, in gold, silver and other minerals, our extensive fisheries, and huge areas of fertile wheat lands. One can scarcely comprehend in a newspaper article what an enormous heritage Canadians possess, much of it yet to be peopled and developed.

Napawee's First Church.

The first Church of England built in Napawee was in 1836 and 1837. John Gibbard was one of the carpenters in the finishing. The first Wesleyan Church was built in 1841 and 1842. Daniel McLiver was one of the carpenters. So was Mr. Gibbard. Belyat Conger, another old resident, was one of the masons. The first Methodist Episcopal Church was commenced in 1846 and finished in 1847. It was popularly known as "the White Church." Ezra Spencer, who afterwards lived and died at Roblin, was the contractor and builder.

To Whip the Editor.

"What are you crying about?" asked a kind hearted stranger of a lad standing in front of a newspaper office weeping as if his heart would break. "Oh, pa's gone up stairs to whip the editor!" "Well, has he come down yet?" pursued the gentle Samaritan. "Pieces of him have," said the boy, with a fresh burst of tears, "and I'm expecting the rest every minute."—Exchange.

The Rush Must Continue!

We have advices from our manager Mr. Fickler, now in Dublin, Ireland. He has visited the larger cities of England, and informs us he has bought extensively for immediate shipment, and to make room for the goods. That means to dispose of what we have on hand, as our stores are already crowded with goods, and we have decided to call a clearing sale, such as has never been here before, not of old, unseasonable goods, but the very choicest of the latest productions of Fall and Winter Wear, for Men, Women and Children. Nothing will be spared. The buying public have learned to look for our sales, as they always mean a saving of from 20 to 50 percent to them, and this one they can look forward to as greater than any that it has been their good fortune to attend yet.

Men's and Boys' Clothing

Overcoats Fall and Winter, will be sliced down to unheard of low prices. Boots and Shoes, always known as the best values in the city, lower yet. Men's and Boys' Underwear, Top Shirts and other furnishings away down, so anyone can buy them. Men's and Boys' Hats at less than factory prices.

Dress Goods and all Lines in Dry Goods. . .

Cost prices takes anything for a period. And last, but far from least, comes our ladies Cloak and Mantle Parlors, up one flight. It has won the admiration of all who have seen it. There will be found as desirable an assortment of Ladies' Fall and Winter Coats and Capes in the newest fabrics in cloths and furs of all kinds, as can be presented to your notice. A visit to our stores or a glance at our display will show you that what we say is no idle talk and our stock is selected to meet all requirements of all classes. The rich as well as the poor can find exactly what they want here and at an immense saving. Call and look over the goods, note the prices, and we are satisfied that we will have you for a customer.

Remember, everything will be sold as marked, and your money back if not satisfied.
