MANITOBA'S DANGER

Financial Position of the Prairie Province Arising Out of the Lake Railway Deal.

CREDIT MAY BE STRAINED.

Liabilities Assumed in Canada Northern Deal May Affect Provincial Securities.

Financial men in Montreal, says the Star, are looking with no little interest toward the ultimate action of the bond market as regards the securities of the Province of Manitoba. The millions of Manitoba debentures and sterling gold bonds are held in England, in fact, it is thought that comparatively few are locked up in the strong boxes on this side of the Atlantic. Now that the province has increased its liabilities by many millions of dollars in the recent railway deal with the Mackenzie and Mann interests, it is suggested that the value of provincial securities, will be affected in European financial markets.

Financial men in Montreal are of the opinion that for the Province of Manitoba eventually a day of reckoning will come. In making the contract with the Canadian Northern, the Province of Manitoba, has assumed an additional liability of over \$12,000,000, and an annual payment that may reach \$682,000, and this, combined with the bonds which are now afloat and the guarantees which have already been given, and which by the way do not appear on the financial sheets issued by the officials of the province, may, if matters do not go right cause a financial crisis.

At present there are quoted on the English market Manitoba bonds to the extent of £550,000. These are made up 5 per cent. debentures and 5 per cent. and 4 per cent. sterling bonds. The 4 per cent. due in 1923, are quoted in the London market at 103, while the 5 per cent. sterling, due in 1923, are quoted at 116, and the 5 per cent. debentures due in 1910 are selling around 108.

It seems, however, that this is not by any means the extent of the province's liabilities, for the Government has guaranteed the Winnipeg and Saskatchewan divisions of the Canadian Northern. This guarantee, which was made long before the present railway deal, came to the surface, amounts to no less than \$3,834,000.

This guarantee of railway bonds made on 478 miles of railway on the two branches already mentioned and is at the rate of \$8,000 per mile. A leading financier also pointed out this morning that this railway combine had been given a grant of land in the province which was equal in extent to the whole of New Brunswick.

In financial centres it is considered that Manitoba bonds are quoted at a very good figure, but it is also thought that the recent deal will affect them materially.

Americans are known as a dyspeptic people. The extent of this disease may be inferred from the multitude of so-called "medicines" offered as a remedy. They are often in tablet form and have no value except as palliatives of the immediate effects of dyspepsia. The man who used them may feel better but is surely getting worse. They do not touch the real cause of the disease. Dr. Pierce's Golden Medical Discovery is a medicine specially prepared to cure diseases of the stomach and organs of digestion and nutrition. It is not made to give temporary relief but to effect permanent cure. In ninety eight cases out of every hundred it cures perfectly and permanently.

It has cost Dr. Pierce \$25,000 to give away in the last year the copies of his People's Common Sense Medical Adviser, which have been applied for. This book of 1008 pages is sent free on receipt of 31 one-cent stamps to pay expense of mailing and postage. Address Dr. R. V. Pierce, Buffalo, N. Y.

SPOKE SEVERAL LANGUAGES.

An Incident in a Nova Scotia Assembly Debate.

The little tiff in the House of Commons in England, caused by the attempt of Mr.

Thomas O'Donnell to address the House in Gaelic, is not without colonial precedent, if it is the first affair of the kind in England. There is but one language used in the House of Assembly of Nova Scotia, but on one occasion a member from one of the Acadia constituencies asserted his right to address the House in the language he was most familiar with, and spoke in French. An honourable gentleman from another constituency said he, too, came of a people who still had a language, and he expressed his views on the subject in German. A Highland member, from the classic wilds of Cape Breton, with solemn mien and serious face, arose and addressed the Assembly in Gaelic. The consternation of Dr. Russell, the present M. P. for Hants (who was then the official stenographer on duty), at this sudden turn of affairs may be imagined, but he got over the difficulty in some way, and the speeches are duly set forth in the official reports of that day. No objection whatever was raised to the members using any language they knew how to speak, from Volapuk to Sanskrit, if they wanted to, but the Solemn man from Cape Breton capped the climax, and no language but English has ever since been used in the legislature of Nova Scotia.

THE COUGH

left by the gripe is dangerous; it irritates and weakens the throat and lungs. It opens the door for consumption.

SCOTT'S EMULSION heals the inflammation; strengthens the lungs and the whole body. Every doctor knows this.

It goes right to the weak, irritated parts; you feel better almost immediately; improvement is rapid; soon you are all right and out of danger.

Don't delay. Get a bottle to-day, or send us this ad. and we will send you a free sample.

SCOTT & BOWNE, Toronto, Canada.

BOSTON'S NEW HOTEL.

Will Compare Favorably with the Waldorf-Astoria, It is Claimed.

Boston, Mass., Feb. 21.—The largest building ever used for hotel purposes in Boston, will be erected on the present site of the Brunswick, at the corner of Boylston and Clarendon Streets, Back Bay. The rumor was in circulation that construction would be begun on May 1 next, and that it would be pushed through as rapidly as possible. Amos Barnes admits that he has been at work on the plans for the last year, but asserts that he is not ready at this time to say much about actual details, more than to declare that the hotel when completed will be the largest and most modern in Boston, and will compare favorably with the Waldorf-Astoria in New York.

Mr. Barnes remarked that the site selected is, in his opinion, the best in Boston for a hotel such as he contemplates, and he said, incidentally, that it will not be a "skyscraper." Mr. Barnes has been in the hotel business for thirty-three years, and is well known throughout the country as a successful business man.

The present Hotel Brunswick was built in 1874 and enlarged in 1876, involving a total expenditure of nearly \$1,000,000.

Nervous Headache. A very distressing and common malady, doubtless it has its origin in some unbalanced condition of the nervous system. One of the simplest, safest and most efficient remedies is **Nervine**. Twenty drops in a little sweetened water gives almost immediate relief, and this treatment should be supplemented by bathing the region of pain with **Nervine**. To say it acts quickly fails to express the result. Druggists sell it everywhere.

The Ladies Man.

A gentleman's man is more in my line. I am right up to time in looking after men's interests as far as good tailoring is concerned. If you wish a well fitting, stylish suit of clothes or an overcoat give me a call. At a reasonable figure I will fix you up so you will be satisfied with your appearance among the best dressed men in the province. I. C. Burden, York street, opposite Fion Business College.—d.

BOIESTOWN.

(Special Correspondence to the Herald.) Feb. 18.—This month so far has been very stormy, and the roads and outlying sections have been almost impassable. The management of the C. E. railway are deserving of much praise, for the extra effort made in keeping the road open during the recent storm. The trains are again running on schedule time.

The lumbermen are coming out of the woods in large numbers and report a very successful season's work.

Our station agent, W. T. Sharpe, is in Benton, Carleton Co., visiting his mother, who is in ill health. Joseph Rose of Chatham, is filling his place during his absence.

The gripe is quite prevalent about here

at present and our popular doctor, W. H. Irvine, is very busy.

W. D. Richards, who has been indisposed for some time, is again able to attend to business.

Mr. James Murphy, who has been in ill health for some time, is much better. Mr. and Mrs. Fred Gunter, who spent the winter at Scotch Settlement, have returned home.

Our blacksmiths, Messrs. Duffy are engaged in getting a few logs which they are hauling into Wm. Richards & Co.'s mill pond.

Wm. Richards & Co., have their saw mill running full blast, sawing pool wood. They expect to cut upwards of two hundred thousand feet of lumber.

Isaac Brown (f. Nashwaak Village) has been engaged to finish the interior of the Foresters' Hall, and is already at his work, which he will push to completion at once.

Miss Susie Holt who has spent the last few years in Boiestown, leaves tomorrow to make a short visit to her parents at Indiantown, after which she will leave for Massachusetts to study nursing. Every one regrets Miss Holt's departure for since coming here she has made many friends who will wish her every success in her new profession.

TO IMPEACH SOUTHERN JUDGES.

North Carolina House Votes to Oust the Chief and Associate Justice From Office.

Raleigh, N. C., Feb. 21.—The House of Representatives today by a vote of 62 to 33 passed the resolution impeaching Chief Justice David M. Furche and Associate Justice Robert M. Douglas of the Supreme Court. The cause of this action lies in the decision of the court in White vs. the Auditor and Treasurer of the State, ordering a peremptory writ of mandamus to issue against them to compel them to pay the salary of the plaintiff as Sheriff Fish Inspector in opposition to an act of the General Assembly forbidding the payment.

The Senate consists of fifty members, and it is not believed that two-thirds of this body will vote for impeachment. There is a strong feeling throughout the State against these proceedings, and it is believed that the Senate in its decision will reflect public sentiment and find the judges not guilty.

On a line with, and as part of these proceedings, a bill has been introduced into the House of Representatives forbidding any further payment of salary to Dr. D. H. Abbott, Railroad Commissioner. The Legislature of 1899 endeavored to legislate Abbott out of office and failed through the decision of the Supreme Court. This bill also makes it a misdemeanor, punishable by fine and imprisonment, and a civil penalty of \$100 per day if Abbott attempts to discharge the duties of the office after the ratification of this act.

THE LIQUOR HABIT.

Rev. J. A. McCallen's Lecture.

On the occasion of a lecture delivered before a large and appreciative audience in Windsor Hall, Montreal, in honor of the Father Mathew anniversary, Rev. J. A. McCallen, S. S. of St. Patrick's Church, and President of St. Patrick's Total Abstinence Society, paid the following grand tribute to the value of Mr. Dixon's new discovery for the cure of alcohol and drug habits.

Referring to the physical craving engendered by the inordinate use of intoxicants, he said: "When such a craving manifests itself there is no escape unless by a miracle of grace or by some such remedy as Mr. Dixon's cure, about which the papers have spoken so much lately, and if I am to judge of the value of the Dixon Remedy by the cures which it has effected under my own eyes I must come to the conclusion that what I have longed for twenty years to see discovered has at last been found by that gentleman."

Full particulars of this new medicine are sent sealed free to all applicants. Address Mr. Dixon, 81 Willocks Street, Toronto, Ont.

Reduced Prices.

Lucy & Co. have reduced the prices of a large portion of their stock. The cut includes overcoats, reefing jackets, moose and oil tanned moccasins, shoe packs, over boots, fur caps, storm coats and a large stock of other goods suitable for this season. They have also received a large consignment of boots and shoes from Seguin Latime & Co., the well known manufacturers of St. Hyacinthe, whose goods are among the very best in Canada. They are expecting their spring hats which will arrive within the next few weeks. They are also expecting their spring clothing from Montreal, London and Toronto.—d.

It Hurt To Eat.

The pain, nausea and distress that Dyspepsia suffer after every meal can all be permanently removed by Burdock Blood Bitters.

It tones up and restores the stomach to normal condition so that it digests food without causing discomfort.

Here's proof positive: Miss Maggie Spade, Dalhousie, N.B., writes the following: "I have been a sufferer from Liver Complaint and Dyspepsia for the past two years and felt very miserable. I could not take much food as it hurt me to eat. My friends said, 'Why don't you try B.B.B.' I did so, using two bottles, which made such a complete cure that I can now eat anything I like without it causing me discomfort."

ESCAPED FROM HIS CELL.

An Italian at Sydney in an Asylum on Belief that he was Insane.

BARREHEAD BE TRAVEL THROUGH SNOW-SUIT FOR IMAGES BEGUN.

Sydney, N. S., February 20.—About two weeks ago, an Italian employed in the steel works, received a letter from his home informing him of the death of his mother, and a week later a second letter told of his wife's death. These two blows, following so close on one another, proved too much for his nervous temperament, and in an effort to assuage his grief he turned to literature, possessing a very good education, though he could not speak English.

Finally he became melancholy and declined to eat. His strange conduct caused his boarding mistress to notify the physicians. While undergoing examination it dawned upon the Italian that his sanity was questioned. Then he protested, in a tongue which his examiners did not understand, and his wild gesticulations served only to convince the physicians that the man's reason had temporarily forsaken him. It was decided to confine him in Riverside Asylum, and he was removed thither.

On Friday night last the Italian cut the bars of his window, made a rope of the sheets on his bed, and lowered himself to the ground.

Without hat and barefooted, he made his way over the snow-covered ground to a cluster of Italian shacks, where he sought refuge.

On Monday, accompanied by an interpreter, the Italian appeared at the office of a local law firm and instituted proceedings against several persons, who were connected with his incarceration at Riverside.

Yesterday the asylum keeper again took charge of the Italian and placed him in Riverside.

Dr. McIntyre, the asylum physician, believes that the man is mentally unbalanced, and has asked the asylum authorities at Halifax if they wished the patient returned to Italy or sent to Mount Hope.

WEAK, NERVOUS WOMEN.

Could we read the hearts of women what a vast amount of suffering would

be exposed. Female weakness has produced more invalids among women than any other cause. Have you any of the following symptoms? Nervousness, Weakness, Backache, Headache, "All-Gone" Feeling, Hot Flushes, Variable Appetite, Restlessness, No Ambition, Easily Excited, Painful Periods, Bearing-down Pains, Leucorrhoea, Pimples on the Face, Pains in the Loins, Eyes Sunk, No Vital Energy, etc. We Can Cure You. It matters not who has treated and failed in curing you. Consultation by Mail is Absolutely Free, and if curable we will tell you so. Don't let surgeons operate on you. We can cure you without cutting. Our New Method treatment is mild and pleasant. Family doctors have treated you for years, yet you are not cured—they only help you from time to time. Let us cure you at your own home by our New Method Treatment. Hundreds are being cured. Why not you? We will mail you our Symptom Blank simply for the asking, and we will tell you free of charge what we think of your case. Remember, your letters are kept strictly private and confidential and are answered in plain sealed envelopes. Write at once, enclosing stamp for reply. Address Dr. W. H. SAUNDERS & Co., Sta. C, Chicago, Ill. Mention this paper.

Dec. 21, 1900, dailry.

FREIGHT TRAIN RUNS AWAY.

Slips at Top of Hill and is Wrecked Three Miles Below.

Butte, Mont., Feb. 21.—A thrilling and disastrous runaway of a freight train on the Northern Pacific occurred this morning on what is known as the "Hill Line" of that track, a branch running from the main line to the mines on the hill above Butte. An engine with a train crew consisting of Engineer John M. Hardin, Fireman Joseph Smith, and Brakemen William Fiedler and Patrick Cahill, was pulling four cars loaded with lumber and mining timbers to the Alice Mine, at Walkerville, about a mile above the city. To reach the mine the road climbs and winds along the hill for a distance of about three miles.

When near the top of the elevation the engine began to slip. The air brakes were applied, but failed to work, and before the hand brakes could be reached the train had acquired such momentum in its backward flight

down the momentum that nothing could check it. The train crew remained at their posts. The engine was reversed, but all to no purpose. The train went so fast that all the lumber and timbers were scattered as by a cyclone all along the track. Brakeman Fiedler was knocked off by a flying timber, and his head crushed by the mass. Cahill also was thrown off but escaped with slight injury.

The engineer remained at the throttle

until the engine jumped the track and broke loose from the flying cars. The engine turned over and Hardin was caught under it and seriously if not fatally injured. The freight cars remained on the track for a distance of three miles, over which they flashed across streets and through the residence portion of the town like lightning, and finally jumped the track and piled up on a mining dump.

A Message of Hope to Mothers, Wives and Daughters.

PAINE'S CELERY COMPOUND

The Only Banisher of Disease and True Life-Giver for Broken-down and Afflicted Women.

THE WONDROUS MEDICINE THAT CURES WHEN ALL OTHERS FAIL.

Thankful and grateful women throughout Canada take pleasure in recommending Paine's Celery Compound to their afflicted sisters. The marvellous medicine promptly gives that health and strength that all wearied, nervous, despondent and broken-down women so much need.

Jessie M. Ross, Quyon, Que., writes as follows:

"It affords me much pleasure to testify to the great good that Paine's Celery Compound has done for me. I was completely rundown in health and a victim female weakness, and after using three bottles of the great Compound I was completely cured. It is the best blood purifier I know of, and I recommend it to all who suffer as I did."

Corns! Corns! Corns!

Tender corns, painful corns, soft corns, bleeding corns. The kind of corns that other remedies have failed to cure—that a good many—yield quickly to Putnam's Painless Corn Extractor. Putnam's Corn Extractor has been a long time at the business, experience in fact just know to do it. At druggists.

We have at THE HERALD office some new, neat and tasty dance programme cards. Have a look at them.

Always Busy

We have about completed renovating the interior of our stores, and are busy opening and marking off shipments of goods from our buyer, who is now abroad searching the different market for suitable goods for our many patrons. Our Sale of Remnants in the different departments during the past few weeks has been a decided success, but there are hundreds of rare offerings left yet, and bona fide bargains of the kind and character that you'll find here only.

Prices on all Winter Goods are just Sliced in two.

The Fabulous Number of Overcoats

We bought last fall have been reduced greatly, but the prices we are offering them at now, ought to clear the lot out. Prices less than cost of cloth.

All other Goods Marked Down to Sell. Look in this space for Surprises in a few days.

M. FICKLER & CO.
