HELP FOR THE SUFFERING AND CRIPPLED.

PAINE'S CELERY COMPOUND

A Positive Cure For Rheumatism and Neuralgia.

THE UNSOLICITED TESTIMONY OF A PROMINENT NOVA SCOTIA GENTLEMAN.

No Other Remedy so Generally Prescribed by Eminent Practitioners as

PAINE'S CELERY COMPOUND.

Heaven help the thousands of victims crippled and suffering from rheumatism or tortured by the terrible agonies of neuralgia to lay hold of Paine's Celery Compound, the only remedy that can bring relief and speedy cure.

To those who long for release from the diseases mentioned above, we can give the strong and honest assurance that Paine's Celery Compound has succeeded again and again when other medicines failed, and when even the best medical skill could not check the ravages of pain and disease.

Carefully kept records show that Paine's Celery Compound has made complete and permanent cures in ninety-five per cent of the cases of rheumatism and neuralgia where it has been used.

Mr R G Irwin Registrar of Probate and Registrar of Deeds, Shelburne, N. S. writes as follows:

"Having been largely benefited by the use of Paine's Celery Compound, I gladly and voluntarily add my testimony to its value.

"During six months of the year, 1898, I was disabled and crippled with rheumatism in my right leg, hip, and shoulder. Getting up and down stairs was a very painful and tardy exercise, and for months I could do but little better than drag my leg. Paine's Celery Compound was recommended to me, and I used six bottles, and am now clear of the pain. I firmly believe that the above medicine cured me of rheumatism."

SCOTCH LAKE NEWS.

A Full and Interesting Budget from an Interesting Centre.

(Special Correspondence to the Herald.)

April 17.—John Sinnott, who is perhaps the most popular young man in this neighborhood, has decided to let the homestead for a year or more and go outside to see what dame fortune may have in store for him in other parts. His parents, Mr and Mrs Sinnott will go to Fredericton and reside there during his absence.

A select party was held at the home of Chas Moore on the evening of the 18th inst. Dancing was in order and those present spent a very pleasant night.

Much interest was taken in the experiences of big Adam Moore at Chicago, as recorded in the Herald. Mr Moore is a popular resident of this place and his many friends feel proud of the attention he is attracting towards himself and N. B. sporting matters.

Tyler Roach has so far recovered as to be able to drive a team. His case was prescribed for by Dr Crocker, and later by Dr Weaver of Keswick.

An enterprising young man from the Month Maenquack, who is visiting friends here, talks strongly of building a steam grist mill near the site of the old Manuel saw mill. The people here feel sure that the enterprise would be a financial success, and knowing the advantages it would be to the place, are doing all in their power to persuade him to make the venture. Sylvester Moore would put in a shingle mill in connection. Nature has done so much for this particular spot that it is found at some time to be a business centre.

Mrs Francis Roach is happy to know that her son James, who is in Oldtown, Me, has almost entirely recovered from his recent illness. He spent several months in Oldtown Hospital at a cost of more

Catarrh can be Cured.

Japanese Catarrh Cure is the only permanent cure ever discovered for Catarrh.

SAMPLE TREATMENT FREE.

There are a thousand and one so-called cures for catarrh. Most of them contain dangerous narcotics. They relieve at the time, but it does not last. Now that is just where Japanese Catarrh Cure differs from all other so-called catarrh remedies. It cures and the patient stays cured. It performs what others promise. Japanese Catarrh Cure is absolutely certain in its effects and has never yet failed to cure any case of catarrh, when persistently used. It is a soothing, refreshing and healing ointment, which is inserted up the nostrils, when it is quickly breathed up to the seat of all the trouble, purifying, healing and vitalizing the diseased membrane, and the trouble won't return. We do not ask you to take our word for this. We can prove it by recommendation from physicians and thousands of testimonials. We want you to prove it by sending for a sample box, which you can have absolutely free of charge. Send 5 cents for postage, etc., to The Griffiths & Macpherson Co., Limited, 121 Church St., Toronto. Sold by all druggists. Price, 50 cents.

than one hundred dollars. Tickets are sold at fifty cents per month, entitling the holder to treatment and board in that institution for any length of time if he becomes sick or disabled before the expiration of the time covered by ticket. During the last ten years Mr Roach has endeavored to always hold a ticket and has spent more than fifty dollars for them, but his last had run out just before he took the fever.

Mumps are going the rounds here and, many have had a temporary fatness below the ears, but there have been no serious cases unless it is that of Mrs. D. A. Moore, who is at present quite sick, but as the disease is at its most acute stage just now, we trust in a few days she will be out of danger.

About half a score of our young men have returned from distant lumber camps. Among them are the Edwards boys, Frank Flemming, and Ben Gray.

Parties came this week from Lower Prince William and Keswick Ridge and two bought young collie dogs from S. Moore.

Tyler Roach drove to Windsor Corner, the other day to buy oats. H. L. Moore, who is a guest at the home of the Roach brothers, accompanied him as far as Mapleton, spent the time with friends in that place and came back with him on his return.

Solomon Kitchen of Lower Prince William visited friends here the other day. He has lately returned from Millnockett, Me., and intends leaving shortly for the far west in company with an enterprising young friend.

Sadie Roache, who has been attending school at Bear Island was taken sick on Thursday last at the home of her sister, Mrs Fred Mannel. Her mother has gone to nurse her and will remain until she is well enough to be brought home.

Quite a number of our young folks attended an oyster supper at E. Bickers', Springfield. The downpour of rain caused many of them not to get home till next day, but all declared they had a glorious time.

John A. Gunter was in this place on Thursday looking after some furniture he has stored in his former residence. After spending several months in the woods as right hand man to a lumber firm he looks whole and hearty.

Roach Bros. do not intend to lumber next year and will sell some of their horses the coming summer. These animals are home bred, medium size, young, kind and sound. Any one wishing to purchase a smart driver or an all-purpose horse would be wise to look them up as Roach Bros. are reasonable men and do not want the earth for anything they wish to sell.

STARVED HIMSELF.

A Toronto Moulder who tried to cure his Dyspepsia by the Starvation Method which is never a satisfactory or Successful Treatment—Dodd's Dyspepsia Tablets Cured.

Toronto, employs hundreds of moulders. As everyone knows, the extremes of temperature in which these men labor, has often caused the strongest among them to break down. Stomach Trouble is many times the cause.

George Arthur, of 122 Argyle street, is an example of a moulder, who by the timely use of Dodd's Dyspepsia Tablets retained his good health. He says:—

"I have been troubled with Dyspepsia for six years. It has been a very great inconvenience to me, for after eating a hearty meal, the pains would almost double me up. I have tried several remedies, and have also tried going without my meals, until I was very weak and run down, but no treatment seemed to give me any relief.

"I read of Dodd's Dyspepsia Tablets, and concluded to try them. I am very thankful I did so, for I am now completely cured."

Among other things, Mr. Arthur tried the starvation treatment. Many hope to cure Stomach Troubles in this way. The stomach certainly does need rest, but the system also needs food. How can a man or woman who has to toil from morning till night six days in the week, get along without a full share of good food?

How then may the body receive the strength and nourishment of sufficient properly digested food, and at the same time, the stomach enjoy the needed rest?

Science has answered:—By using Dodd's Dyspepsia Tablets. They digest the food without the aid of the stomach, thus furnishing nourishment to the body, and rest to the stomach.

You may eat what you like, if you are careful to use Dodd's Dyspepsia Tablets after each meal.

Mr. Arthur is well known to the moulders of Toronto, and his experience has been the means of pointing a great many others to Dodd's Dyspepsia Tablets, the only sure cure for Dyspepsia and Stomach Troubles.

A SCIENTIFIC PRODUCT THAT MILLIONS ARE THANKFUL FOR.

MALT BREAKFAST FOOD.

Strengthening, Energizing and Healthful.

As far as food products are concerned, the best authorities assert that Malt Breakfast Food is the only grain breakfast food that contains all the necessary elements in the proportion needed for perfect nutrition. A few words suffice to explain what the world's best "health food" really is. Malt Breakfast Food combines the health-giving properties of pure MALT with the strength-yielding virtues of the choicest WHEAT.

Millions in Canada and the United States use Malt Breakfast Food instead of oatmeal porridge, because it is more favorable to digestive vigor; it is easily assimilated; it is more appetizing; it is richer and more delicious; it is more satisfying and healthful, and quite as economical to use in a large family as the cheapest oatmeal. All Grocers delight to recommend Malt Breakfast Food.

A RHEUMATIC TWO-STEP.

The Greatest Medical Discovery of the Nineteenth Century.

To the Editor of the Herald.

Sir,—In my youth I was fond of dancing, and took in every dance for miles around. That is years ago. I fell a ready victim to rheumatism 12 years ago, and have been a sufferer ever since. Nothing seemed to give me relief, until I secured a box of Dr. Clarke's Wonderful Little Red Pills. My recovery since I began taking these pills, has been miraculous, for the first time in 12 years, I was able to participate in a social dance, and am now almost entirely well. I hope others may profit by my experience.—E. J. Hall, G.T.R., Lindsay.

Sir,—Please use my name in any way you like to show the wonderful results that Dr. Clarke's Little Red Pills have wrought in my case. I was a sufferer for 22 years from dyspepsia, and could get no relief. Six boxes of the pills made me a well man. I might also mention that a friend, who was a life-long sufferer from rheumatism, is also bearing testimony to these marvellous pills, having also been entirely cured.—A. N. Brown, Odessa, N. Y.

Dr. Clarke's Little Red Pills are a positive and certain cure for rheumatism, coughs, asthma, paralysis, catarrh, eczema, lame back, indigestion, all stomach and liver troubles, female complaints, even when the diseases have been standing for many years. KICKED BY A HORSE.

Robert Hall, of Arkona, Ont. Narrowly Escapes Death.

Struck Twice in the Same Place—The Kidneys Turned Out of their Natural Position—Doctors said he would Die, yet Dodd's Kidney Pills Cured Him.

FOREST, Ont., April 19, (Special).—Probably the best known man in the Townships of Warwick and Bosanquet, is Mr. Robert Hall, of Arkona. Mr. Hall says: "Five years ago last April, I was kicked by a horse in the left kidney. The doctor that treated me said the kidney had turned out of its place, and I passed blood for several days.

"I did not get quite well from that until I got another kick, which caused me to pass blood again from my kidneys. "I continued to doctor until last fall, when they told me I could not get well, and that I would die, so I quit taking their medicine.

"I lost the power of my legs, and had to be lifted in and out of bed. I was so low that I was not expected to live from one day to the other.

"I started to take Dodd's Kidney Pills, and from the first, I commenced to improve, and by the time I had taken five boxes, I was quite well. Dodd's Kidney Pills certainly saved my life."

No more startling case has ever taken place in the neighborhood of Forest, and many questions have been asked of Mr. Hall, in explanation of the very startling statements made above.

He has but one answer—"Dodd's Kidney Pills saved my life, and that after the doctors had told me I could not get better, and that I must die."

Mr. Hall is certainly a living monument to the wonderful curative properties of Dodd's Kidney Pills.

Dodd's Kidney Pills is the only remedy known to science that has ever cured Bright's Disease, Diabetes, or Dropsy. They never fail.
