OLD HOME WEEK.

During the past few years some of the New England States have had what they call an Old Home Week, a special occasion set aside for welcoming home former residents who have gone to other states, to carve out their fortunes. Maine and New Hampshire have led in the movement, and the reunions have been of a most successful and happy character. The Maine celebration was held last year at Portland, and included a most distinguished gathering of men eminent in all walks of life. They had their military and naval heroes, their politicians, their great men of letters, the conductors of great industrial enterprises, and indeed gentlemen prominent in every department of human activity, as well as the more humble natives of the Pine Tree State, who temporarily visited their old homes to join in the general felicitations. There were orations, music, reminiscences and reunions that made everybody feel good, and increased the respect which the exiles held for the old home and its associations.

Some such scheme has been suggested by Canadians resident in Boston, and there is no reason why it could not be as successfully carried out as in the New England states. The Canadian club of that city is the pioneer in the movement, which is expected to develop within the next few weeks. It is pointed out that there are in the state of Massachusetts alone some 207,000 and in greater Boston about 112,000 Canadians, and it is felt that a very large proportion of these would return and visit their native provinces, and a large number of tourists avail themselves of special rates on railway and steamboat line, for a trip at that particular time. This would, of course, largely increase the volume of business in the summer between the United States and Canada.

In order to bring this subject to a successful issue, the Canadian Club has sent a letter to each of the boards of trade throughout the dominion, asking co-operation, and suggesting that each province select some suitable week, and arrange special features and attractions.

There must be many thousands of New Brunswickers in Massachusetts, there are certainly hundreds upon hundreds of Frederictonians residing in the cities and towns of that state, and our board of trade, tourist association and city council no doubt will aid any movement looking to a reunion of our sons and daughters, who are desirous of visiting the old home in a body, as is done in the states to which we have referred.

And what an assortment of men and women could be gathered for a celebration of that kind. Many of our former people occupy positions of trust and honor in Massachusetts, many more are as faithfully filling humbler positions yet none the less honorable. The Old Home movement would appeal to all, and there could be organized the most gigantic excursion of tourists that ever came into the province.

Carleton Sentinel: Now that Hon A.G. Blair is suffering from a severe attack of grippe, and has been compelled to seek rest and recuperation at Atlantic City, his enemies are attributing his absence to a desire to avoid a discussion of the railway estimates in Parliament. The Conservative party know, to their sorrow, that Mr. Blair is no coward, but always has the courage of his convictions, and is ever ready to fight hard, and generally successfully in defence of those convictions.

In the discussion in the Senate Wednesday on the proposal to increase the salary of Judges, Senator Ellis of St. John said he thought a Judge should be dignified by his character, not by his salary. They did not want the lawyers who made the highest incomes on the bench, but fair-minded men who would do justice. He did not think any man should remain on the bench after his 70th year.

The constituency of West Hastings, Ont., which has been represented for several years by Mr. Corby, a whiskey distiller, are now asked to take something milder—porter—E. Gos. Porter, nominated as the Tory candidate. It objected to swallowing cold water Foster.

The Sussex Record is now published in eight page form and otherwise is very much improved. It is a credit to its proprietors and well deserves the increased support it is receiving.

Robt Fitzsimmons has scored another victory in a pugilistic way; he has beaten his wife.

Dr. McLeod has won an advantage in the election case, but he has not yet secured the seat in Parliament. The court agrees that service of the petition was made on Mr. Gibson, and now his attorney proposes to file some preliminary objections to the petition being entertained. The gentlemen who back the Doctor will have further financing to do before the case is finally disposed of.

Two of the Supreme Court judges do not agree with an equal number of their brethren of the bench who took occasion to cast reflections on Mr. Gibson, M. P., the respondent in the York election case. It is not necessary for other people to criticize their Honors who levelled their observations at Mr. Gibson, when it is so neatly done by Judges Barker and Judge Gregory.

The Halifax mayoralty contest which ends on Tuesday, has been the hottest that city has experienced for some years. The candidates are the present mayor J. T. Hamilton and Ald George E. Faulkner.

NEWS NOTES

Eight hundred cigar makers are out on strike at Montreal.

General Hector MacDonald has been appointed to an important command of the Afghan frontier.

Two more boys have escaped from the St. John reformatory, making a total of eight who have taken leave of the institution since the head of it skipped.

The British turret steamship Cathness, 18 days from Mororan, Japan, arrived at Port Townsend, Washington, Friday, with seven of her crew of 28 men down with smallpox.

Sergt Richardson, a Canadian who won the Victoria Cross in South Africa while a member of Strathcona's Horse, recently had the great honor of being presented by King Edward VII personally with his V.C.

The Detroit Evening News says that final arrangements have been made for the building of a steel and iron plant at Saint Ste Marie (Canadian side,) which will employ ten thousand men and be capitalized at \$50,000,000.

James H. Arden, a member of one of the mining companies of Dawson, who is now on his way to England, says that the clean up this year in the Dawson camp would amount to \$30,000,000, making it the biggest output in the history of the Klondike.

The Skagway News says that two men names unknown, who arrived Thursday from Nome, Alaska, report that 200 persons had died from exposure or freezing before the middle of January at various points along the coast. Their stories are not credited here, as they lack confirmation.

Alex Terrio is under arrest at Moosehead, Maine, charged with the murder of Mathias Pare the Canadian woodsman who was robbed and murdered in the Maine woods near Ashworth. Terrio admits that he saw Pare the night before the crime was committed, but denies all knowledge of the murder.

Joseph Rummel whose home was near Grand Falls, was almost instantly killed a few days ago while at work in a mill at Rock Bay, British Columbia. It appears that he was trying to pass between two cars at a time, when other men remarked that they were going too fast. He fell and the wheel first caught his foot and then ran over his breast. His whole chest was crushed in, but he stood up again almost straight on his feet and then fell over backwards, dead. The young man was only 19 years of age and had been in British Columbia two years.

No Recruits.

Drill Sergeant Brewer, of Fredericton, has visited Andover, Florenceville, Hartland and Woodstock during the week for the purpose of securing recruits for the 3rd Batt, R.C.R.I., Halifax. While in Woodstock Friday he stated that he had failed to secure any recruits, which result he attributes to so many young men being away on the drives.

Appointed Stenographer.

T. Carleton Gerow, of St. John, who some time ago qualified for court stenographer for the province, has been engaged by Hon A. S. White to act as stenographer during the revision of the statutes.

A lazy liver may be only a tired liver, or a starved liver. A tickle is all right for the back of a lazy man. But it would be a savage as well as a stupid thing to beat a weary man or a starving man because he lagged in his work. So in treating the lagging liver it is a great mistake to lash it with drastic drugs. In ninety-nine cases out of a hundred a torpid or sluggish liver is but a symptom of an ill-nourished body, whose organs are weary with overwork. Let your liver alone. Start with the stomach and its allied organs of digestion and nutrition. Put them in proper working order, and see how quickly your liver will become active and energetic. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

Rainproof Garments.

Positively the biggest stock of ladies and gents waterproof coats kept here. Do not believe this until you see our ladies' stylish coats at \$2.50, \$3.50 to \$6.00; mens raincoats of coat \$2.50, \$3.50, \$4.25 to \$8. Every garment guaranteed or money back. M. Fickler & Co's big stores.—d.

The New Carpets.

The new Axminster, Wiltons and Brussels carpets now selling at Edgecombe's will prove very satisfactory to the purchasers, from the fact that they are imported from reliable and first class manufacturers of these goods, and not from experimental makers. The designs also are the very latest.—d.

MURDER MYSTERY.

Believed that Rev Father Joly has met with Foul Play.

LAKES AND RIVERS WILL BE DRAGGED FOR HIS BODY.

Kept Large Sums of Money in His House,

AND MAY HAVE FALLEN PREY TO ROBBERS.

(Special to the Daily Herald.)

Montreal, April 20.—St. Lin, Joliette county, with the memory of the Nulty murder still fresh in the minds of the people, has another mystery which may prove to be another tragedy.

One night last November Rev Father Joly mysteriously disappeared from his home at St. Emile de Lenegrie, 30 miles back of here. Since then it has been learned that he was wealthy and usually kept large sums of money in his house. This gives rise to the story that he has been murdered.

The matter was reported to Archbishop Bruchesi and he in turn requested the provincial detective department to investigate.

Chief McAskill after hearing all the stories of the villagers, is satisfied that murder has been done, and has detailed officers to scour the woods and swamps, and to drag the small lakes and rivers as soon as the ice goes out and the waters are clear.

Died At Halifax.

(Special to Daily Herald.)
Halifax, April 20.—Wm. H. Hunt, formerly a railway clerk at Moncton who lost his leg in a accident there a few years ago, died here today. He was 44 years of age, and has a brother in the railway service.

Isolated Snow Storm.

(Special to Daily Herald.)
Buffalo, N. Y., April 20.—Snow has fallen here to a depth of twelve inches and it is still snowing. All trains are from thirty minutes to two hours late.

SOUTH AFRICAN WAR.

Train Laden With Cattle and Coal Captured by Boers—British Fatalities.

(Special to the Daily Herald.)

East London, Cape Colony, April 20.—A train laden with cattle and coal was captured by the Boers near Molteno, Cape Colony, Thursday night. The forward locomotive escaped and ran to Stormberg and returned with troops who found the train on fire. A couple of natives were killed, the train hands were stripped and then released.

London, April 19.—Lord Kitchener in a despatch from Pretoria, under date of yesterday, says: "I regret to report that a party of Ninth Lancers have been ambushed and Lieut. A. MacDonald and three men killed and five wounded."

Cape Town, April 19.—R. H. Malan, editor of Ons Land, who had been found guilty of libel in having cast reflections upon the conduct of Gen. French and his troops has been sentenced to one year's imprisonment.

Durban, Natal, April 20.—Details of operations of Col. Dartnell's force on the Swaziland and Zululand borders show that the British compelled the Boers to retire from every strong position with the loss of 80 wagons and 40 carts which were either captured or burned. The British captured a pom pom, a Maxim gun, 5000 head of cattle, a large number of horses and sheep. A number of Boers were killed or wounded. The British sustained practically no losses.

For nervousness, sleeplessness, weakness, brain fog, lack of vitality, nervous prostration, faint and dizzy spells, tobacco heart, whiskey nerves, general debility, etc., see Milbarn's Heart and Nerve Pills.

Lost Both Legs.

Among the returned South African soldiers, who landed at Halifax Friday, was Leo Smith of St. John. He was on the train from Johannesburg which went off the track near DeAr on September 1 last, injuring 25 men, some of whom died. Smith lost both legs, one at the knee and the other at the thigh. He was in hospital at Cape Town until November 14, and was invalided to England where he was in Woolwich hospital till a couple of months ago, when he went on a short furlough to Southampton. He had artificial limbs fitted at Woolwich and walks with the aid of crutches.

His Pay Increased.

In Parliament Friday, Mr. Borden (Halifax) brought to the notice of the house the claims of Captain McKenzie, for 40 years caretaker of the Fredericton drill hall, to whom he submitted some allowance should be made. The minister of militia stated that Captain McKenzie would be kept on and that the department had just increased his pay. (It is understood the increase is given to Capt. McKenzie for taking care of the 71st regimental armory).

THE EXHIBITION

Will Be Held Here on September 17th, 18th, 19th and 20th.

The meeting of Agricultural Society for District No. 34, at the Queen hotel this afternoon was attended by President Campbell and Messrs J. A. Edwards, F. B. Coleman, J. D. Jago, Geo. Y. Dibble, C. Fred Chestnut, William McKay and others. It having been decided at a previous meeting to hold an exhibition here next autumn, it was agreed today to have the same open on September 17th, and remain open until the 20th inclusive.

Messrs F. B. Edgecombe, C. F. Chestnut, and Mr. McKay were appointed a committee to examine the society's grounds and buildings and report on the condition of the same.

Another meeting of the Society is to be held on Monday, 29th inst., to receive the committee's report.
