PLEASANT WORK FOR LADIES.

The Maxwell's Favorite

Is the only perfect churn in America. No hard labor. To churn is a pastime, just like sitting

for a photograph. Works by hand or foot, so that a lady can churn, read and sew at one time. For strength and finish it has no equal, being finished throughout with galvanized iron. It works easily, having ball bearings. Can be purchased only from

J. F. VANBUSKIRK

THE BUDGET DEBATE

Premier Tweedie Reviews the Estimates for the Current Year.

HE SPEAKS IN PRAISE OF TOURIST ASSOCIATION EFFORTS

And Expresses Opinion That the Canada Eastern

WILL SOON BE PART OF THE I. C. R.

In the legislature Tuesday afternoon, Premier Tweedie resumed his budget speech.

He said: "I concluded last evening I had given over the items of expenditure for the year and I hope that I have succeeded in showing that this expenditure was a fair one and would have been within the estimate but for the extraordinary expenditure incurred by the small pox epidemic and other causes."

In view of the estimated receipts of 1901 and I think they will show that there is a brighter side to the picture. We calculate upon a revenue of one million and thirty thousand dollars and an expenditure of \$808,000, leaving a balance in favor of the province for \$150,000. Taking up the estimates of receipts we have the same sum for dominion subsidies as last year \$483,000 I have not estimated any increase on account of the census although no doubt the census carefully taken will show that our population has wonderfully increased. The Eastern Extension claim is put down at \$270,000, and as it is for interest which accrued from year to year I think it is properly put into current account. The leader of the opposition last year referred to this item as one that had done good service in the past and might do good service for many years to come. I think that this is nearly the last time we will hear of it. While some members of the opposition may regret that we have succeeded in obtaining this claim the people of the province as a whole will feel gratified. The sum named in the estimates may be greater or less than what we have put it down. We discovered an error in the calculations of the arbitrator which would have increased their award by about \$7000, and this fact has been brought to the notice of the Dominion government. We have calculated the territorial revenue at \$185,000. Some people may imagine that these calculations are made arbitrarily, but as a matter of fact they are based on a careful study of the returns from the scales and the report of a cruiser who supervises their work and makes an estimate of his own. As far as I can learn, the lumber cut this year will be about the same as last year. The receipts from land sales have been good. A few days ago upwards of \$12,000 was realized from 137 miles which were sold. Last year the estimate was very close to the actual result. Some of the opposition papers have referred to land held in the county of Restigouche by the Muskoka Land Company, represented by A. H. Campbell and Company. It has been said that they have sold their licenses for \$150,000 for which they only paid \$3000, and that they have been holding this land for speculative purposes. These parties own 450 square miles of land but I believe that no such sale has taken place. Instead of having paid \$3000 they have paid about \$24,000 including interest. The statement which I hold in my hand shows that from 1894 to 1900 their total payments exclusive of interest for mileage and stampage amounted to \$24,023 which sum the Province has received. Some people say that we should insist on the Company cutting over this land every year. There might be some ground for this contention if land was scarce, but that is not the case. Every year this land is left alone it is becoming more valuable. The Surveyor general has the power to compel leases of land to operate on it if he sees fit or to pay ten dollars a square mile. He could also refuse to sanction the transfer of a license if he thought it had been held for speculative purposes. The sum of \$8,000 which I have placed

in the estimates we have placed the sum of \$9000, for claims on account of the small pox, and to assist the municipalities, as the municipality of Westmorland declined to deal with the bills presented on account of the small pox epidemic. I only know of them incidentally. I am informed that for the county of Westmorland the amount was \$12,000 and for Gloucester \$5000.

Mr. Hazen—How do you expect to pay all these claims with \$9000.

Hon. Mr. Tweedie—We do not propose to pay the whole amount but only a portion of it. The municipalities will be required to contribute part of the expense. We have increased the grant to the tourist associations: those in St. John and in Fredericton have done good work and one has been established in Campbellton. I hope to see the day when tourist travel to this province will be largely increased, and when tourists from the United States will make a round trip from St. John through Nova Scotia and Prince Edward Island coming over the Canada Eastern to Fredericton and going down the river to St. John. When the Canada Eastern becomes a part of the Intercolonial system, as is likely to be the case at an early day, tourist travel will be greatly stimulated. This legislature has placed itself on record in favor of this scheme and we shall be all glad to see this carried out.

Mr. Speaker—In presenting this financial statement, I have endeavored to make it as plain and explicit as it is possible to do in a short time without wearing the House.

I am fully aware that my honorable friends opposite will criticize the statement freely, and in doing so, all I would request of them is that their criticism should be fair and justified by the facts. Any careful business man, going over the statement that I have made, and taking the auditor general's report of the business for the current year, must arrive at the conclusion that the province is in good financial condition. It is to the business men of the country that I appeal, and it is by their opinion that I would be judged. The opponents of the government in their desire to bring discredit upon the government, very often work an injury to their own province. In endeavoring to belittle the financial standing of the province by showing that its bonds today will not bring as much as they did a few years ago, to claim that the government of the country is extravagant and that we are on the eve of direct taxation, has always seemed to me to be unwise and unpatriotic on the part of the opposition. However we may differ upon the administration of affairs of this province, the fact stands prominently forward today that there is a feeling of self-reliance, of faith in the province, and it is evidenced in every branch of industry. The agriculturalist of today is a different man from the agriculturist of twenty years ago. His son is a different man. They have faith in the country and they are bending their energies now to develop the agricultural resources of the province in a very large degree, and with the further assistance of coal storage and the establishment of an agricultural school, greater results will

ASTHMA CURED

There were only four cases of Asthma in Kanaimo, N.C., and have all been cured by Clarke's Kola Compound.

THE FACTS AS GIVEN BY A LEADING DRUGGIST.

Mr. Watkinson, a bricklayer with Vancouver Coal Co., states: "Clarke's Kola Compound is the only preparation that ever gave him any permanent relief from asthma. Before taking this remedy he lost one month's work through asthma, and since he has not lost a day during the past year." He says, "I consider it a God-send to the asthmatic."

A well-known cigar maker, who used to be a great sufferer, and could not do any traveling outside his city, told me the other day from his trip to Ottawa and back, that he had been cured of his asthma by Clarke's Kola Compound. He had no more of it since he took four bottles.

Mr. Alex. Dixon, a well-known contractor here, who was the first case of his kind in the city, has spent hundreds of dollars during ten years in search of a cure, but has at last found it in Clarke's Kola Compound. He took in all about six bottles, and is completely cured. He has sent several letters of endorsement for it. Stated, F. C. Sturman, Pharm. B. Chemist, Vancouver, B.C.

Clarke's Kola Compound will permanently cure any case of asthma or chronic bronchitis. Sold everywhere. Send for Dr. Clarke's Book on Asthma free. Address The G. and M. Co., Limited, 121 Church Street, Toronto.

For sale by John M. Wiley, Druggist.

NOT HEREDITARY

In the main, consumption is not hereditary; it is infectious. People are too afraid of hereditary; better not think of the subject at all. Infection occurs continually.

Low vital force is hereditary; which gives consumption its chance. And infection plants it.

Between the two, the crop is a big one: about one-sixth of the human race, so far as is known.

We suppose it needn't be 5 per cent, if people would take fair care and Scott's emulsion of cod-liver oil.

The care saves life in all ways; the emulsion is specially aimed at the lungs, beside its general food-effect.

We'll send you a little to try, if you like.
SCOTT & BOWNE, Toronto, Canada.

follow, and with the development of our coal areas and other resources, I think that we may not be in doubt about the future of our province. We are giving to every child an education, they are being trained in loyalty to our British institutions, and with the spirit of pride in our land and devotion to its interests, which is abroad to-day, we can confidently be assured that the enterprise, thrift and the intelligence of its people will keep it abreast of the times, and in the forefront with the other portions of this Dominion.

WEAK, NERVOUS WOMEN.

Could we read the hearts of women what a vast amount of suffering would be exposed. Female weakness has produced more invalids among women than any other cause. Have you any of the following symptoms? Nervousness, Weakness, Backache, Headache, "Griping" Feeling, Hot Flashes, Variable Appetite, Restlessness, No Ambition, Easily Excited, Painful Periods, Bearing-down Pains, Leucorrhoea, Pimples on Face, Prings in the Lungs, Eyes Sunk, No Vital Energy, etc. We Can Cure You. It matters not who has treated and failed in curing you. Consultation by Mail is Absolutely Free, and if curable we will tell you so. Don't let surgeons operate on you. We can cure you without cutting. Our New Method treatment is mild and pleasant. Family doctors have treated you for years, yet you are not cured—they only help you from time to time. Let us cure you at your own home by our New Method Treatment. Hundreds are being cured. Why not you? We will mail you our Symptom Blank simply for the asking, and we will tell you free of charge what we think of your case. Remember, your letters are kept strictly private and confidential and are answered in plain sealed envelope. Write at once, enclosing stamp for reply. Address Dr. W. H. SATCHEL & Co., 514, O. Chicago, Ill. Mention this paper.

Dec. 21, 1900, dawlry.

A Few Words With the People of Fredericton About Waterproofs.

You do not buy a waterproof for the fun of it, but you want that garment to protect you from rain, therefore ask a guarantee—no matter where you buy it—to be strictly waterproof, to look like one is not enough. And I bear always in mind, no matter how cheap a dealer offers you one, that the manufacturer can sell 30 or 40 per cent cheaper. Do not believe when one offers you a gold dollar for 50 cents that one is going to do it. He will give you one that looks like a gold dollar, and it is not always the cheapness of the thing that gives satisfaction. It is your money's worth that does it, and above all when you get that which you expected to get, that makes you satisfied. I guarantee every waterproof to be strictly so. I cut every garment to your measure and style, you like best, I keep every coat in repair for two years, free of charge, and if you belong to Fredericton, and are unable to pay all cash I will give you credit.

Talking about cheap coats, if you believe in a cheap waterproof, come and I will sell you one for two dollars and guarantee it to be as good as you get for four dollars of your ready made jobbers. And above all remember that I manufacture those coats right here in Fredericton and you are welcome to come and get a good look before you buy one.

H. SIDEMAN, manufacturer.

Owen Sharkey building.

Fools Use Washes and Snuffs.

Wise people use Catarrhine, why? Snuffs reach only a limited area, washes are limited in their application also. Catarrhine reaches every air cell, the entire mucous surface of the throat, lungs and nasal passages. It requires little wisdom to see that this is the only way that Catarrh, Bronchitis and Asthma can be reached. Catarrhine is simply wonderful! A new size, 25c., and any druggist will enable you to try it. N. C. Polson & Co., Kingston, Ont., and Hartford, Conn.

MAZERALL SETTLEMENT.

(Special Correspondence to The Herald.)
March 16.—Mr. Thomas who has been sick for some time is not better yet. Alex. Goodine is sick again and not able to attend work.

Mr. Henry Mazerall is also in failing health. Father LeBlanc passed through this

place on Saturday and he'd service in the Hanwell church on Sunday.

We are pleased to say that Mr. James Soucie is much better and that he is going to repair his house in the spring.

Miss Mary Soucie and Mrs. Lahey are here visiting their parents.

Charles Bourgeois, who has been working in the lumber woods in Maine for the last five months, has returned home. We are glad to see his smiling countenance once more.

George Sack visited this place a few days ago. He is looking pretty lean and pale. We think some of the fair sex might take him in and give him a few nights' lodging, instead of letting him sleep in the snow-bank and freezing his ears so badly.

Mrs. A. Goodine who has been visiting her sister, Mrs. E. Bourgeois, has returned home.

Miss Priscilla Mazerall entertained a number of her friends on Sunday evening.

Mr. George Mazerall received the sad news of the death of his father who died in St. John on Saturday last. His remains were brought home and buried today in the R. C. graveyard at French Village.

Always the Best.

Lacy & Co., wish to inform the public that they handle nothing but first class goods. Their stock is the cheapest because it is the best. Manufacturers usually have a large supply of inferior goods, the result of errors, inferior workmanship or some other such cause. These they frequently offer at a nominal price but we do not think them fit for our customers. Lacy & Co. don't deal in such goods. They annually return hundreds of pairs of boots and shoes which are not up to the sample. They retain the best only. Their goods are the cheapest because they are the best. Deal with Lacy & Co.—d.

Sea-Sickness Nausea.

and maladies of this type yield quickly to the almighty magical power of Nervine, and if you suffer periodically from any of these troubles, just keep Nervine on hand. A few drops in sweetened water will give almost instant relief and in the course of half an hour the cure is completed. Your money back if you do not find it so.

If you are going to have a wedding in the family come to the Herald office for your wedding stationery.

Are 500,000 people mistaken? Unless about 500,000 people including lawyers, doctors, editors, preachers and all other classes are very much mistaken, Union Blend Teas are certainly the best on the market today. Is there a person anywhere who drinks tea that is not using Union Blend? If so we would like to send that person a sample.

PLEASANT VALLEY.

(Special Correspondence to The Herald.)
March 18.—The weather so far this month has been fine the roads are very good at present.

Our school opened last week with Miss Emma A. Laddie in charge.

Mrs. John B. Young and Mrs. John Urquhart, of Tay, spent a few days last week with their sister, Mrs. Wm. Mc Laggan.

Mr. Isaac Ross, is spending a few days with his parents and other friends at this place.

A crew of men commenced work on the Stanley branch last week again. We are glad to hear that Master Roy only son of Marten Stewart, is recovering from an attack of congestion, under the skillful treatment of Dr. Moore of Stanley.

Mr. Wesley A. Fraser is the guest of his sister, Mrs. Kenneth McBean, today. Donald and Charles Ross are in Fredericton today.

That "Stuffed-up" Feeling.

Do you feel choked up with the cold—find it hard to breathe—feeling of weight or oppression in the chest—cough hard and rasping? Send for a bottle of Dr. Wood's Norway Pine Syrup, take it according to directions and you'll soon breathe easy, your lungs will be cleared of the phlegm and the useless and irritating cough will be checked.

Mr. Eli Butcher, Birtle, Man., writes: "During the past threatening season I contracted a severe cold which caused me to lay up for three weeks. I was clogged up in the throat and chest and could not breathe easy. I sent for a bottle of Dr. Wood's Norway Pine Syrup and it soon gave me great relief and cured me."

Dr. Wood's Norway Pine Syrup.

25c. and 50c. a bottle at all druggists.

Mrs. John McNabb was at this place one day last week.

The Royal Templars of the Tay, intend holding a basket social and concert on Friday next the 22nd.

Warts are Unsightly.

That is the reason no one is clamoring for a few more warts—make them fashionable and a remedy to grow warts would quickly be made a financial success. Yes, Putnam's Corn and Wart Extractor removes them, works quickly and without pain—any druggist will tell you more about this remedy.

PENNAC.

(Special Correspondence to The Herald.)

March 18.—At 4.45 this morning the death took place of Benjamin K. Wade, a resident of this settlement for several months past. The deceased has been suffering from the after effects of typhoid fever contracted in Bangor, Maine, last summer. It was in January when Benjamin returned home, thinking that with his parents' care he would recover, but of no avail. Dr. Mullin was in attendance to the last and added greatly to the unfortunate young man's comfort. The friends of the Wade family will be sorry to hear of their bereavement.

Indian Compositions.

New "composition" stories are furnished by two young Indians whose efforts in this difficult line are reported by The Southern Workman.

The subject assigned to the first boy was the life of General Armstrong. Referring to the general's boyhood among the idolatrous, ancestor worshipping natives of the Hawaiian Islands, he wrote as follows:

"The people of the Sandwich Islands worshipped the idols of their aunts' sisters."

The second boy, a member of the same class, writing upon a different phase of the same subject, got the city of Washington confused with the man for whom the city was named. Referring to the retirement of General Armstrong from the service after the war, he said:

"When General Armstrong finished the war, he wrote to Washington and asked him if there was anything more he could do for him."

Don't be Caught.

Are you thoroughly equipped with clothes? Had you not better place your order with me at once for a working suit or a nice dress suit. I employ skilled labor, use good goods, and always give a good fit. I. C. Burden opp. Fion Business College York St. Fion.—d.

SPRING, 1901.
