A Simple Bashful Maid.

"I am glad your name is Mary," said Mr. Slowcoach to his sweetheart, whom he had been courting for several years.

"Why so?"

"Because I was reading today and came across a line which said, 'Mary is the sweetest name that woman ever bore.'"

"That is poetically expressed. I've heard my father say it to my mother, whose name is Mary. It is from some poet, isn't it?"

"I believe so."

"But I have also heard my father say that there was even a sweeter name than Mary."

"I think he must have been mistaken," said the lover as he tenderly pressed his sweetheart's hand.

"No; I do not think he was mistaken."

"What was the other name?"

A beautiful blush suffused the charming maiden's cheek, the silken lashes fell and veiled the lovely eyes, and in a tone as soft as the whisperings of an Aeolian harp she murmured:

"Wife."

Unclaimed Moneys.

Nearly every bank of old establishment has on deposit sums of unclaimed money. The aggregate of all these sums, if it could be told, would astonish the world. These moneys in the Bank of England are estimated variously, some placing the aggregate amount at less than \$500,000 and some at many times that sum. In the Bank of England, as in all banks in this country and in England, the total amount is made up of small sums. According to law, the Bank of England should give public access to the list of such lost moneys, whereas it never does anything of the sort. When challenged, it invites legal action, but no one cares for a legal contest with the Bank of England, so the question never is faced.

How do these unclaimed moneys accumulate? Largely through the omission of stockholders to claim dividends and through the fact that many people die without leaving behind them a strict account of their investments.

Hay Fever can be Cured by Japanese Catarrh Cure.

IT KILLS THE GERM WHICH IS THE
CAUSE OF THIS MOST PREVALENT COMPLAINT.

Hay fever has been the cause of much scientific study and research by many of the most prominent physicians throughout the world. Many of them differ as to its real cause, but the majority agree that the cause is due to the little germs contained in pollen grains, principally hay pollen, but many other flowers and plants contribute largely to its cause. Japanese Catarrh Cure has been found the only complete cure for hay fever. It contains an organic compound of Iodine, which is a thoroughly harmless antiseptic, and destroys the hay fever germs completely. It soothes, heals and gives almost immediate relief. You will find it pleasant to use. We will be pleased to send you a trial quantity free. Enclose 5 cent stamp for postage, to The Griffiths & Macpherson Co., Limited, 121 Church St., Toronto. Sold by all druggists, 50 cents, or mailed direct.

Swells With Swell Chests.

"I had occasion to examine two brothers who had applied for policies in our company the other day," said the medical examiner of a life insurance company. "One was 35 years old and the other was 33. They are both unmarried and are known about town as pretty gay boys. Usually there is considerable attached to writing policies for men who are known as 'rounders,' but these two proved to be perfect specimens of physical manhood."

"I was particularly impressed by their chest developments. They both had the same measurement and also the same expansion—from 39 to 43. When I found that they had smoked cigarettes from boyhood, I wondered all the more at the four inch expansion. Then they told me that when they were youngsters they used to delight in seeing how long they could hold their breath under water. Every time they took a bath in the tub one would take a deep breath, duck under, and the other would time him with a watch. A minute and a half, I believe, was the limit of their endurance. They said it was all their mother could do to get them out of the bath and drive them to bed."

Both Expert In Logic.

"Tom," said a father to his son whose school report showed him to have been an idle young scamp, "what have you been studying this term?"

"Logic, father," replied Tom. "I can prove you are not here now."

"Indeed! How so?"

"Well, you must be either at Rome or elsewhere?"

"Certainly."

"You are not at Rome?"

"No."

"Then you must be elsewhere."

"Just so."

"And if you are elsewhere you clearly can't be here."

For answer the father took up a cane that lay near and laid it smartly across his son's back.

"Don't!" cried Tom. "You are hurting me."

"Not at all. You have just proved conclusively that I am not here, so I can't be hurting you."

Before his stern parent had quite done with him Tom felt that there must be after all a flaw somewhere in his logic.—London Tit-Bits.
