FIGHTING THE MAD MULLAH.

British Forces Win a Victory of Dusky Enemies.

London, June 18.—A despatch to the foreign office from the consul general of Smaliland says that the Mad Mullah expedition had heavy fighting May 28.

The flying column of mounted infantry, under Captain Meriweather, struck the Mullah's supply camp during a night march and captured another, covered 100 miles, fought a sharp action and returned to its base, all in 24 hours.

The main force of the British, under Colonel Swayne, departed for Elbab June 2, leaving Captain M. H. Neill with 300 men to guard Zariba. Swayne's column advanced against the Mullah's base. In the meantime the Mullah, with 3,000 followers, attacked Zariba three times. He was finally driven off by McNeill with a loss of 500 men. The British in Zariba had ten men killed and nine wounded. The Mullah is now cut off from his base and a decisive action is imminent.
