

Dress Hats.

Substantial goods and low prices is the watchword at the corner of Queen and Regent streets. Lucy & Co. are still on deck and defy all competitions. Their busy store proves that the public know a good thing when they see it. They are still running their cheap sale which will not close till the last day of July inst. They have ready made clothes and ready made bargains.

Securely locked in a safe on board of one of the big liners now on the way to New York is the celebrated "Prince Edward of York" diamond, which was purchased a few days ago in London by Alfred H. Smith for \$100,000. The "Prince Edward of York" diamond is a pure white stone of astonishing brilliancy and fire. It was found in South Africa in 1894 and is the most perfect ever brought to this country. It is in the shape of a pear and weighs 60½ karats. Several weeks ago a wealthy British nobleman tried to buy the stone for a coronation present to King Edward VII, but Mr. Smith outbid him.

According to the London correspondent of The New York Herald, the recent British congress on tuberculosis did not pass off without some amusing incidents. Professor Osler, the celebrated Canadian from Johns Hopkins Hospital, Baltimore, is reported to have said, in contrasting the altruistic attitude of the members of the congress with the egotistic attitude of American trusts, that the motto of one was "Pro Bono Publico," while the other adopted the motto, "Damn the Public." The other sensation was when Professor Van Schrotter, a representative from Austria, described the Berlin congress on tuberculosis in 1896 as "exceeding the most sanguine expectations."

Neat Publication.

The latest guide book published by the Intercolonial Railway authorities under the direction of Mr. Creighton, the new press and advertising agent, is one of the neatest and best gotten up affairs of the kind that has come under our notice. The illustrations are gems, the letter press is most attractive, and the work is written in a breezy way that attracts attention. The pamphlet is specially printed for distribution at the Pan-American Exposition, the first edition of it being 25,000. Other editions will be prepared as demands dictate. Mr. Creighton seems to be the right man for his position, and the I. C. R. is to be congratulated on securing his services.

ASTHMA
FOR SEVEN YEARS

And for Three Months Previous to Taking
Clarke's Kola Compound Could
Not Work a Day.

DOCTORS PRONOUNCED HIS CASE INCUR-
ABLE—NOW COMPLETELY CURED.

Clarke's Kola Compound has brought more genuine happiness to thousands of Canadian homes than any other medicine ever known. It is curing Asthma, a disease hitherto considered incurable, and bringing perfect health to thousands of one-time sufferers from this most dreaded disease.

Mr. Matthew Frost, of Port Arthur, Ont., C.P.R. employee, writes: "For over seven years I have been a most unfortunate sufferer from asthma and bronchitis. Many times for weeks I could not sleep other than sitting up in a chair, and for three months previous to taking Clarke's Kola Compound I could not work a day. Our doctors said they could do nothing for me, but give a little temporary relief. I was becoming weaker all the time. A sincere friend brought me a bottle of this grand medicine (Clarke's Kola Compound), and in less than two weeks I was back at work again. I took in all four bottles during two months and have not lost a day's work since, nor have I had the slightest symptom of the disease." This letter is also certified to by Mr. W. J. Clark, Port Arthur's leading druggist. Clarke's Kola Compound has permanently cured thousands of asthmatics. Sold by chemists everywhere, \$2.00 per bottle, three for \$5.00, or sent on receipt of price by The G. and M. Co., Limited, 121 Church street, Toronto. Send for Book on Asthma.

For sale by J.M. Witney, druggist.
