

HARTLAND

(Special correspondence to the Herald).

Oct. 1.—The weather continues warm and dry. We have not only an ice famine, but our water supply is almost to its limit. The domestic supply has been cut off and the water reserved for fire protection. The town is dependent on the old aqueduct for domestic use.

A grand reception was held at the Commercial hotel, in honor of the home coming of Mr and Mrs C. M. Rideout.

C. H. Thistle has sold out his business to H. Smith, Mr. Smith has procured an experienced tinsmith and expects this branch to bring him good returns.

H. Hunter has opened up the new store in the Henderson building. Mr Hunter has a good store and has it well filled with new goods. Mr Hunter is no stranger to the town, and he hopes to get a good share of the trade which is daily increasing in our little town.

The connecting of our town to the opposite side of the river by means of a bridge, even though it is a toll bridge, has given an impetus to trade. We hope to have the tolls removed shortly.

A comic show of trained dogs is billed for the 3rd of October, and was done in the latest style, two men with an automobile went the rounds. This is the first appearance of the horseless carriage in our town.

Rev. A. Hayward preached a sermon to the Orangemen of this town on Sunday Sept. 29th. Mr. Hayward, in his pleasant manner, held the audience spellbound for half an hour.

The Methodist congregation held a social at D. H. Keswick's on Sept. 3rd. A very pleasant evening was spent.

Owen Mannel left a short time ago for Houlton, Me, where he intends working in the potato fields.

HARVEY STATION

(Special Correspondence to the Herald.)

Sept. 28.—The convention of the Manners-Sutton Sunday School Association was held in the upper church, yesterday afternoon and evening. The reports from the different schools in the parish, given by the secretary, J W Taylor, showed the work to be in good condition, and the average attendance at Sunday school increasing. At the afternoon session a paper on Sunday School work was read by Miss Lizzie Robinson and discussed by Rev. Mr. McLean, A. W. Coburn and others. At the evening session interesting papers were read by Miss Hunter, Miss Glendenning and Mrs. McLean. Mr. McLean taught a very interesting and instructive lesson on Bible history. The attendance was good and considerable interest taken. James E. Wilson of the York County Sunday School Association, was expected to attend, but did not come.

Senator M-Sweeney, of Moncton, who has been attending the Woodstock exhibition arrived in the city last evening, and registered at the Queen. He left for home by boat this morning.

PINCHED AND PUNY

South American Nervine is the Antidote for the ills which are induced by humanity's "mad rush" for an existence. The "eat and run" way of living is accountable for more of the pinched and puny faces than any other cause under the sun.

Dyspepsia, indigestion, constipation, sick-headache are the prime causes for broken-up nerves. Nature foretold the strain that we would be compelled to live under and has revealed to medical science the favorite formula—South American Nervine—and its daily joy is to put back the bloom of perfect health in the faces of millions who do honest toil.

A Well-Known Beachville Lady Cured of Catarrh in its Worst Form After Years of Suffering.

JAPANESE CATARRH CURE CURES.

There are hundreds of so-called catarrh cures, but those who have tried them all proclaim Japanese Catarrh Cure the only real and permanent cure.

Miss A. Nott, Beachville, Ont., writes:—"I feel so gratified for the invaluable benefit derived from Japanese Catarrh Cure that I would like to make this wonderful medicine known to all who suffer from this most annoying and disagreeable disease. I had catarrh for years. There was almost a constant dropping in my throat, and my breath was very objectionable to others. Nothing I could get gave me any permanent relief until I used Japanese Catarrh Cure. I used in all six boxes, and it worked wonders in my case. I have not now the least symptom of catarrh, and cannot praise this remedy too highly."

Japanese Catarrh Cure is the only permanent and guaranteed cure for catarrh. All druggists sell it, 50 cents, or mailed, postpaid, by The Griffiths & Macpherson Co., Limited, 121 Church St., Toronto.

Paving a Road.

Sir Mountstuart Grant Duff is one of Great Britain's most experienced colonial officials. For a long time he was Governor of the Madras Presidency, relates a London newspaper. While there he took great interest in educational matters, though whether he approved of lavish schooling for all classes of natives or not may well be considered doubtful in view of the following story: One day he was engaged in his study at Gindri sorting, cataloguing and apportioning to different schools a large quantity of textbooks and educational works which lay littered around him on tables and chairs. An intimate friend was ushered into the room and, seeing the mountains of books behind which the Governor was intrenched, asked with astonishment: "What on earth are you doing?"

Sir Mountstuart looked up, with a smile, and then, with a face grown suddenly grave, replied: "I am paving our road out of India."

You Will Profit By Attending Our Great Remnant Sale.....

All ends of goods and remnants of lots have got to be cleared out in these few days. Our buyer now in Great Britain writes us to make plenty of room as he is buying heavily, and to prepare for an extensive fall trade. And we are receiving from him the latest English "Fads" in Ladies' Jackets, Capes, Wraps, Light Furs and Fall Head Wear.

With our already complete stock a spectator would think that no more goods would be required for this season's trade, but wait and see. And we want everyone—whether they are already a customer of our or not—to call and see if we cannot save them from 20 to 40 percent on any purchases they make.

Some might ask, how can they do it? The answer is easy. With cash buying power equal to the large wholesale firms we go to the fountain head, the makers, get what is latest in style as soon as it is on the market, and not being restricted to quantity we can always effect a satisfactory trade, and sell for cash only.

A visit to our improved warehouse will convince every reader that what we say is true.
