The News of the City and Vicinity

SINCE YESTERDAY.

General, Social, Personal and Political Items of Interest.

Toronto, March 25—Maritime: Moderate fair. Tuesday, moderate, fresh easterly winds, showers.

Police Court.

One Saturday night drunk was before the police court this morning and was fined $4 or seven days' imprisonment.

Six Baptized.

Rev. J. D. Freeman administered the ordinance of baptism to six candidates at the close of the service in the Baptist church last evening.

County Court.

Argument of counsel in the case of Price vs Cliff is going on at the county court today. Mr Gregory for the defence was heard this morning, and Mr Barry was speaking this afternoon when our report closed.

Unique Picture.

A unique picture is now adorning the walls of the gents' parlour of the Queen Hotel. It is a very lifelike representation of a moose drinking from a lake. A. E. Hanson is the artist and he has skilfully burned the scene on white poplar wood.

Recovering His Health.

Col Frank R. Miles, formerly of Maugerville, who has been undergoing electrical treatment in New York for locomotor ataxia, informs his relatives that he finds the treatment very beneficial, and is confident that his health will be ultimately restored. In his last letter he stated that he expected before long to return to Alaska to look after his mining properties.

Alfred Cooney's Death.

The death occurred at his home near Morrison's mills yesterday, of Alfred Cooney, son of Michael Cooney. He had been a sufferer for some time from consumption, and his death was not unexpected. The deceased was thirty years of age and unmarried. The funeral will take place at nine o'clock on Wednesday morning from St. Dunstan's church. Interment will be at the Hermitage.

For the Pan-American.

The I. C. R. authorities have made application to Surveyor General Dunn for the use of the splendid collection of stuffed birds and animals in the crown land office, to exhibit at the Pan-American exposition. The surveyor general has had the matter under consideration, and it is understood that he has decided to grant the request. The I.C.R. authorities intend doing a large amount of advertising at Buffalo and will have exhibits from all the Maritime Provinces.

Visited the Tropics.

Walter P. Fenety, returned on Saturday from an enjoyable four weeks trip to the Island of Cuba. He says that things are in a very unsettled state in that country just now and it looks as if a war was inevitable. The Cubans are demanding their independence from the United States and will be satisfied with nothing short of that. Mr. Fenety visited Mantanzas, the scene of the first bombardment during the late war and several other outside points, but did not go to Havana. He says the climate is something superb, the average temperature during his visit being 70 degrees above zero. Just at present he does not think Cuba a very desirable field for investors, but has no doubt that it will come to the front in the near future.

LAID TO REST.

Funeral of Miss Carrie McNally Largely Attended.

The funeral of the late Miss Carrie McNally took place from the home of her parents, Mr. and Mrs. Michael McNally, Charlotte street at 3.30 o'clock Sunday afternoon and was attended by a very large number of sorrowing friends and relatives. An impressive funeral service was conducted by Rev. J. D. Freeman, and the hymns, "The Sands of Time are Sinking," and "Jesus Lover of My Soul" were rendered by the choir of the Baptist church. The members of the ministering circle of King's Daughters were among those in attendance at the service. A number of floral offerings from friends in this city and Newport, almost hid the casket from view. Interment was made in the rural cemetery, under the direction of Undertaker Geo. W. Adams.

Full particulars of Miss McNally's sad death are now at hand. It appears that she had been sent out from the hospital at Newport on a diptheria case and reached the home of her patient somewhat fatigued, after having climbed quite a steep hill. She laid down on a sofa to rest and the attending physician noticing that she was unwell, went to another room to get her a tonic. When he returned a moment later, he made the startling discovery that she had ceased breathe. He gave it as his opinion that heart failure had been the cause of her demise.

FIRE AT MAUGERVILLE.

Residence of Wilmot Chase Levelled to the Ground.

A dwelling house situated at Lower Maugerville and owned and occupied by Wilmot Chase, was totally destroyed by fire shortly after one o'clock on Saturday afternoon. The flames were discovered bursting through the roof by the mail carrier and he immediately gave the alarm. The neighbors turned out promptly, but such great headway had been made by the fire that they found it impossible to save anything except the furniture in the rooms down stairs.

Everything on the upper flat, including the bedroom furniture, a quantity of clothing, and a complete set of carpenter's tools belonging to Mr Coase, went up in smoke, along with the building. The loss will be in the neighborhood of $600, and is is understood was partially covered by insurance.

Mock Parliament.

The U. N. B. Mock Parliament held a rather interesting session on Saturday evening. The attendance of spectators was large and some eloquent speeches were delivered. The budget had been under consideration during the evening, and the speaker was in the act of putting a motion, which would have closed the debate, when Governor General McCredie made his appearance and prorogued parliament. His Excellency's action created quite an uproar and will probably lead to his decapitation. A new government is to be formed before the next meeting.

The Candy Season.

The mild weather of the past few days has been just what the maple sugar makers have been waiting for and they are rapidly settling down to work. Sap is reported to be running very freely and new maple candy will be on the market in a day or two.

T J Hicks, of Cambridgeport, Mass., is staying at Long's Hotel.

THE BISHOP DEAD

Right Rev. Dr. Sweeney, Roman Catholic Bishop

OF ST. JOHN, PASSES TO HIS REST.

Veteran Prelate Breathed His Last as He Desired

AT THE ORPHANS' HOME WHICH HE HAD ESTABLISHED.

Sketch of a Long and Distinguished Career.

(Special to Daily Herald.)

St. John, March 25.—Bishop Sweeney died this morning at 9.30 at St. Patrick's Industrial School, where the beloved prelate took up his residence last November. He established this home for orphans, and always desired to die among the little ones he so much loved.

The late Bishop's last appearance was at the Cathedral New Year's day, when he gave the blessing.

He was forty-one years a bishop in the St. John diocese and attained the age of eighty years.

His Lordship has been in a frail condition for the past year and suffered from a stroke of paralysis on Saturday from which he could not rally. His end was peaceful.

Forty-One Years a Bishop.

Right Rev. John Sweeny, D. D., Roman Catholic Bishop of St. John, New Brunswick, was born in Fermanagh, Ireland, in May, 1821. His parents, who belonged to the farming class, were James Sweeny and Mary Macguire. The family emigrated to Canada, and settled in St. John in 1828, taking up land for farming. Bishop Sweeney received his literary education in schools in New Brunswick, and studied theology in the Grand Seminary in Quebec city.

In 1844 he was ordained priest by Archbishop Turgeon. He was then appointed to missionary work, and returned to St. John and entered upon his labors. Subsequently he was engaged in similar mission work at Chatham and Shediac, until 1851, when, on the death of the Right Rev. Dr. Dollard, he became administrator.

A little later he was appointed vicar-general under the Right Rev. Thomas Connolly, bishop of St. John; and in 1860, on the elevation of Bishop Connolly to the archbishopric of Halifax, he was made bishop.

During the many years Bishop Sweeney occupied his high and responsible position he did good work for his people, irrespective of his spiritual administration. He built the St. Vincent Convent and Orphan Asylum; the Convent of the Sacred Heart; the Episcopal residence; the side chapels and spire of the cathedral, and a considerable portion of the cathedral itself; a large brick structure for school purposes; St. Malachi and St. Joseph halls, and an Industrial School near St. John city. His Lordship had a large diocese which included the southern half of New Brunswick, embracing the counties of Westmorland, Albert, Kings, St. John, Charlotte, Queens, Sunbury, York, Carleton, and the larger part of Kent. On this immense diocese he kept a vigilant eye, and was ever careful of his people's spiritual wants. As a preacher his discourses were eminently practical; and whenever he expounded any of the doctrines of his church, he never failed to clearly point out how they should affect the lives of the thousands who listened to his voice. His style was plain, simple and unaffected, so that a listener was at once impressed with the idea that his aim was rather to instruct than to make a display. In the administration of his diocesan affairs he kept quietly at work, and every year showed an improvement in all its branches. He seldom undertook anything that he did not finish; and seemed to know not the import of the word "fail."

Author of the Habitant.

The plan of the Opera House for Dr Drummond's entertainment on March 29 was today placed in McMurray's bookstore. The advance sale of seats in St John and elsewhere has been unusually large. Parties would do well to secure their seats at once, otherwise they may find themselves out in the cold.—d.

ST. JOHN BILLS.

Discussed Before the Municipalities Committee This Morning.

Messrs C N Skinner, Ald Baxter, Ald. Macrea, Henry Hilyard, W B Wallace Mr Brockoff; A P Barnhill, Coun. Lowell, J F Gregory and Col H H McLean were before the municipalities committee of the House this morning in connection with some St John bills which were under consideration.

One of the bills considered was in connection with the harbor of the city of St. John. Mr Skinner was heard on behalf of this measure, and Messrs Hilyard and Gregory appeared in the interests of the lumbering firms, whose rights they contended would be be interfered with by the bill. After considerable discussion, it was agreed to refer the bill to a sub-committee composed of the Attorney General and Messrs McKeown and Hill, who will consult with the parties interested, and endeavor to make a compromise.

Another bill considered by the committee asks the authority to supply light, heat and water to the parish of Lancaster and city of St. John. This was also referred to a sub-committee, after Messrs Hanington, McLean and Bruckoff had been heard.

Messrs. Baxter, Macrae and Barnhill were heard in regard to the third bill, which concerns the Parish of Lancaster, and it was also referred to a sub committee.

The municipalities committee was in session again this afternoon.
