Miss Matilda Fleming, daughter of Geo. Fleming, of St. Marys, and Fred Sanborn, of Cloquet, Minn., were united in marriage at the residence of the groom's sister, Mrs. Hugh Graham of Cloquet on Jan. 31st. The

marriage was somewhat romantic. The bride's brother, Harry Fleming, resides at Cloquet, and Mr. Sanborn, who is a personal friend, saw the young lady's photograph at Mr. Fleming's home. Correspondence ensued, resulting in a short engagement and subsequent marriage. Miss Fleming left here on Jan. 28 and was met by Mr. Sanborn on the train a few miles from Cloquet. Their marriage followed immediately upon their arrival at their future home.

DEATHS IN SUNBURY.

One of the Departed Had Reached the Great Age of 97 Years.

On the 6th instant, Aaron Phillips, one of the pioneer settlers of Little Lake, Sunbury Co., and one of its oldest citizens died after a protracted illness from heart disease. A widow and two sons and one daughter survive him.

On the 8th inst. Spafford Tracy, of Tracy Station, died after one day's illness of cerebral hemorrhage. The tragic suddenness of this death has cast a gloom over the community. Mr. Tracy was a man greatly respected. He leaves a wife and three children.

On Friday morning the 15th inst. there passed away James McQuestion of Three Tree Creek, the oldest man in Gladstone, and perhaps the oldest in Sunbury Co. Mr. McQuestion was born in County Londonderry, Ireland, 97 years ago. He emigrated to this country when quite a young man and after a time settled at Three Tree Creek, where he lived an independent farmer in easy circumstances the rest of his days. His wife, who died ten years ago, was Eliza McLaughlin of Derry. They had five sons and six daughters. Two sons and one daughter are deceased. When James McQuestion settled by the Oromocto the county was one vast wilderness, with few clearings and few roads. Traffic was mostly by water. He lived to see much of the wilderness reclaimed and to see many of the inventions and discoveries which have been the glory of the Victorian age. He lived the simple and upright life which makes for length of days and peaceful old age—died without a single enemy and mourned by a host of friends. In common with the few nonagenarians, he lived a loyal subject under five sovereigns of the Empire.

THE ROYAL VISIT.

Details of the Trip to Canada are Lack- ing.

Montreal, Feb. 20.—The Star's special cable from London says: "The public is still uncertain as to the exact details of the Duke of York and Cornwall's visit to Canada. In some quarters it is asserted that the Ophir will remain in Halifax a month to enable the Duke and Duchess to tour Canada. Others say they will only visit St. John, Halifax, Quebec and Montreal.

"Canadians here urge if royalties are to visit Toronto, Winnipeg and Vancouver, the governments of Ontario, Manitoba and British Columbia should at once cable, through their governor general, urging the King to arrange for this extension of trip."

Going to Cuba.

Walter Fenety left by this afternoon's train for New York, whence he is to take passage by steamer next week on a business trip to Havana, Cuba. He expects to be absent about a month.

SPORTSMEN'S SHOW.

New Brunswick To Have a First Class Exhibit at Chicago.

TO INCLUDE STUFFED MOOSE, BEAR, CARIBOU, ETC.

From the Crown Land Office Collection.

THE PARTY TO LEAVE ON SATURDAY AFTERNOON.

It is very satisfactory to know that New Brunswick is to be well represented at the first annual exposition of the International Forest, Fish and Game Association to open at Chicago on the 27th inst. The exhibit is to comprise some of the best specimens from the splendid collection belonging to the Crown Land Department, and in placing them at the disposal of the guides who are to attend the show, Surveyor General Dunn has shown himself alive to the best interests of the province. Under Hon. Mr. Dunn's wise administration the receipts from the sale of game licenses have grown from a few hundred dollars to over \$8000 per annum, and the steps being taken to make our attractions known to the people of the West cannot fail to result in a further increase.

The Herald understands that on account of the New York Sportsmen's show opening at the same time there will be no exhibit from the State of Maine at Chicago, and this should be somewhat of an advantage to New Brunswick. The Maine people arranged to go to New York first and afterwards to Chicago, but a change in the date of the Chicago show made it necessary for them to alter their plans.

The Fredericton Tourist Association, which since its organization five years ago, has done much to make the splendid attractions New Brunswick possesses as a resort for sportsmen and to artists known to the people of the United States, will be directly represented at the Chicago exposition, and thousands of their illustrated pamphlets will be placed in the hands of the people of the West. The result of this advertising cannot but prove advantageous to the city of Fredericton and the province.

The Canadian Pacific Railway has also taken a practical interest in having New Brunswick represented at the Chicago exposition, and in addition to providing space for the New Brunswick exhibit, they are furnishing free transportation for the exhibit, and the members of the Guides and Tourist Association who are to accompany it.

The New Brunswick exhibit is to include one moose, one caribou, one pair of beaver, three bears, two lynxes, two caribou heads, several very large moose heads, a number of stuffed game birds, and half a dozen of the large framed portraits of hunting scenes belonging to the crown land office collection. The exhibit is now being boxed up and will be placed in a baggage car provided by the C. P. R., for shipment on Saturday afternoon.

W. H. Allen of Penniac has completed work on the log cabin, which is to be part of the New Brunswick exhibit and has it here ready for shipment. It is to be taken to Chicago in sections and set up in the New Brunswick booth.

SANITARIUM FOR CONSUMPTIVES

Dr. Bayard Outlines a Plan to the Local Government.

At a meeting of the local government held in St. John Wednesday, Dr. William Bayard was heard in support of his scheme for the establishment of a provincial sanatorium for consumptives in their early stages.

The doctor outlined his plan, which was for an institution such as are established in many places in Massachusetts and New York, consisting of a group of cottages instead of one large building.

In the vicinity of Fredericton he thought the most favorable conditions exist for a sanatorium. High land with a pine forest in close proximity and a good supply of pure water made the most essential requirements.

Dr. Bayard estimated the cost of a suitable institution between \$30,000 and \$40,000. He thought it possible that the money might be raised by public subscription if the provincial government would provide for the maintenance of the institution.

OROMOCTO ENTERTAINMENT.

Energetic Citizens Raising Funds for a Sidewalk.

An Oromocto correspondent writes:—The younger part of the community of Oromocto gave an entertainment in the Public Hall, on Monday night, Feb. 18th, the proceeds to go towards a much needed want (sidewalk) through the main street and to the churches, etc.

The Hall was very tastefully decorated with evergreen, flags, etc., and a large and appreciative audience were delighted at the way in which the programme was carried out.

The Rev. H. E. Dibblee was appointed chairman, a duty he performed to the satisfaction of everybody, and with some well chosen remarks explained the object of the concert which would open with a chorus by the whole company, followed by dialogues, tableaux, songs and recitations.

Great credit is due to all who took part in the different pieces, which were rendered in good style, showing the effect of

thorough rehearsals and study of the different characters.

Those who took part were Misses Minn, Lena and May Brennan, Elsie Holter, May Dunphy, Kathleen Stocker, Messrs John Brennan, H. Rutledge, E. Carr, J. E. Stocker, Geo. Johnson, West Smith, Jack Crawford, Frank McElroy, Alvin Hughes and Fred Cogswell.

Now that the movement has begun some of the older heads have decided to throw their energies into what the younger part have so nobly begun. It has been decided to have another entertainment at Easter and on a much larger scale.

Should you, Mr. Editor, ever visit Oromocto, and I have the felicity of walking on our sidewalks dry shod, I am sure you will feel repaid for your kindness in inserting this, instead of wading in the mud, as many of our Fredericton friends have had to do, and with the use of some very naughty words.

The report of the Nova Scotia mines department shows that the yield of gold in that province during the year was 30,000 ounces, approximately valued at \$570,000. Gold was discovered in Nova Scotia in 1860, and this year's yield is the largest, with one exception, since then. On one occasion the yield reached a total of 31,000 ounces.

The trustees of the Massey estate have offered \$40,000 for the building of a convocation hall and library at the Ontario Agricultural College. It is pointed out in their letter to the Premier that the late Hart A. Massey was a farmer in early life, and that he always kept in close touch with the farming community.
