MISS HOWSON WEDDED.

Sister of Mrs. Dr. Scott of the University led to the Matrimonial Altar.

(Toronto Globe.)

One of the prettiest of the season's weddings was solemnized in St. Stephen's Church on Thursday afternoon, when Miss A. Juliet Howson, youngest daughter of the late Dr. Joseph Howson, was married to Mr. Alfred Franklin Burdoin of Dayton, Ohio. The bride, who was given away by her uncle, Mr. Charles Jeffers, looked very sweet and winsome in her wedding gown, a Parisian creation of white net, embroidered with a touch of gold, over white taffeta, the skirt opening in front to show soft ruffles of accordion-pleated chiffon. A berthe of Brussels lace, the gift of the bride's pupils, ornamented the corsage, and her only jewel was a sunburst of diamonds and pearls, the gift of the groom. The long tulle veil was held in place with orange blossoms, and the flowers carried were a shower bouquet of bridal roses. Miss Ethyl Burdoin, sister of the groom, was maid of honor, and the bridesmaids were Miss Elsie Catto and Miss M. MacLean Helliwell. All were becomingly gowned in white silk, with trimmings of chiffon and lace insertions, the little bolero jackets of soft tucked silk opening over

accordion-pleated chiffon. The shower bouquets were of pink roses, and white picture hats garlanded with pink roses and green leaves completed the costume. The groom was supported by Mr. Jas. Williamson, and the ushers were Dr. Hardy and Mr. Charles Wisner. The ceremony was performed by the Rev. A. J. Broughall, M. A., in the presence of a large number of invited guests, the church having been beautifully decorated for the occasion by the Juliet Club, a little society of her pupils in art, named in honor of the bride. After the ceremony a reception was held at the residence of the bride's mother, 16 Brunswick avenue. The drawing-room, in which the newly-married couple received the congratulations of their friends, was a bower of beauty, roses, syringa, water-lilies and ferns being used in decoration, with wonderful effect. The bride and groom were the recipients of a large number of gifts, including heavy silver vegetable dishes, family heirlooms, which were presented by the mother of the bride. Mrs. Howson wore a handsome Parisian costume of black embroidered net, over dove-colored silk, and a black and white toque. Mrs. Burdoin, mother of the groom, was tastefully gowned in black silk grenadine, with which a black lace bonnet was worn.

The brides sister, Mrs. A. M. Scott, of Fredericton, N. B., was daintily attired in pink, with a black picture hat. The groom's gifts to the maid of honor and the bridesmaids were pretty pearl rings, and pearls being set to form a heart, and to the groomsmen and ushers pearl pins of similar design. Mr and Mrs. Burdoin left amid showers of rice for Muskoka, where they will spend their honeymoon, returning to Toronto for a few days before starting for their future home in Dayton, Ohio. Among those present were: Prof. and Mrs. Scott, of Fredericton, N. B.

Paint and Soap Mines.

A natural soap mine and a paint mine are two of the latest mineral discoveries in northwest Canada. Several soda lakes have been found in the foothills near Ashcroft, B.C. Their bottoms and shores are incrustated with a natural washing compound containing borax and soda. No two analyses agree exactly as to the composition of the material. A New York analysis gives 26 per cent. borax, while a Montreal chemist from the same sample gives 16 per cent. borax. Tests prove the substance to be equal to the washing powders in common use. Trials by blacksmiths and farm workmen show that it will remove grease and dirt better than soap. A syndicate of British Columbia men has been formed to put the product on the market. About 275 tons of the compound have been cut and taken out of the lake. It is handled precisely as ice is handled. The blocks are more than nine inches in thickness, are sawed into pieces of fifteen and eighteen inches and weigh fifty pounds each.

Squashes require rich, well manured soil.
