RHEUMATIC PAINS.

CAUSED BY AN IMPURE CONDITION OF THE BLOOD.

Liniments and Other Fashioned Remedies Will Not Cure—The Rheumatic Taint Must be Removed From The Blood.

The lingering tortures of rheumatism are too well known to need description, but it is not so well known that medical science now recognizes that the primary cause of rheumatism is impure or impoverished blood. The result is that hundreds of sufferers apply external remedies which cannot possibly cure the trouble. The thing that will really cure rheumatism is an internal medicine that will enrich the blood and free it from rheumatic taint. The surest, quickest and most effective way to do this is to take Dr. Williams' Pink Pills, which are proved to have cured thousands of cases of rheumatism many of them after all other medicines had failed. The case of Mr. Philip Ferris, one of the pioneers of South Essex, Ont., is proof of this. Although Mr. Ferris is 76 years of age he is as smart as many men of 50. But he has not always enjoyed such good health. Mr. Ferris has the following to say about his illness and cure: "For fifteen years I suffered greatly with rheumatism. At times I would have severe pains in the knees, while at others the pain would spread to my hips and shoulders. I tried several remedies which were of no avail until I began using Dr. Williams' Pink Pills. I took eight or ten boxes and they completely cured the trouble and I am now as smart as many men much younger. I have a great deal of faith in the pills for I know of other cases where they have been equally as successful as in mine."

Dr. Williams' Pink Pills made new, rich, red blood and strengthen the nerves with every dose. It is in this way that they cure such troubles as rheumatism, sciatica, neuralgia, kidney and liver trouble, partial paralysis, St. Vitus dance and erysipelas. Through their action on the blood they restore the color to pale and sallow cheeks and cure the ailments that make the lives of so many women miserable. The genuine always have the full name "Dr. Williams' Pink Pills for Pale People" on every box. Sold by all dealers or sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co. Brockville, Ont.

Aden, on the Suez Canal, does a large business in the export of salt secured by evaporating sea water.

Thinner Than a Rail.

Spending every day as much energy as you make, and if the balance goes a little further, well, you get thinner. Not wise to go that way longer. Better use Ferrozone, you will digest more—a little gain the first week, but the gain keeps growing. Not quite so thin! Keep right on, only don't use Ferrozone too long or you will get too fat. Then your blood will be rich, your heart strong, you won't puff so much, you won't get tired quickly. Fat, blood, strength, you have them all with Ferrozone. Sold by C. A. Burchill, price 50c.

The French army portable bakeries, which make bread from the grain, will be put on automobiles.

When you feel weak, run down, nervous or unable to work or think as you ought, take Milburn's Heart and Nerve Pills. They'll build up your health and give you strength and energy.

Two hundred and fifty Trappist monks are now working at twenty-five stations in South Africa.

A Lake Captain's Experience.

Capt. McDonald, one of Kingston's most prominent mariners, writes: "For years I have battled with the agonies of Bronchitic Asthma, oftentimes so bad that I could not sleep for nights at a time. I spent hundreds of dollars on doctors and quacks without getting relief, but one dollar's worth of Catarrhzone perfectly cured me." The above testimonial was given two years ago, and as the Captain lately stated he was still quite free from Bronchitis, it proves Catarrhzone a veritable specific. Catarrhzone two months' treatment, guaranteed to cure Bronchitis, price \$1.00, small size 25 cts. Druggists or Polson & Co., Kingston.

The paper currency of Spain now stands at 43 per cent. loss on the gold standard.

For cuts, wounds, rheumatism, stiff joints, burns, scalds, bites of insects, croup, coughs, colds, Hayward's Yellow Oil will be found an excellent remedy.

TEMPLE.

(Special Correspondence to the Herald.)

Feb. 3.—A good many farmers were glad to see a cloudy Candlemas day as they are in hope winter is half gone.

We have had very icy roads and travelling has been very poor. Geo Burden

had the misfortune of getting his sled broken, while others have been upset.

A crowd of young folks intend going to G. C. Grant's camp tomorrow night.

A "whist club" is to be organized in the near future.

As Dr. Gallupe and Capt. Stackhouse were driving they were thrown from their sleigh, but fortunately no bones were broken.

Our stage driver, Chas. Poore, deserves credit for his promptness, he is never behind time and is always very obliging.

On Friday evening Jan 24th a number from Temple and Hawkshaw, had a surprise party, at Miss Elvya Mannel's. The evening was spent very pleasantly the games indulged in were table croquet, crokinole, sheta, and many other latest games of the season. At 11 p. m., refreshments were served and at 2.30 the party woke up saying they had never enjoyed a better evening.

Miss Gertie Patterson is attending the Seminary at Wolfville, N. S.

Miss Ruby Dow, who has been taking up a course of music at London, Ont., has returned home. Her many friends are pleased to see her back again.

There's a story of a farmer and his son driving a load to market. Of the team they were driving one was a steady reliable old gray mare, the other a fractious, balky black horse. On the way the wagon was stalled and the black horse balked and refused to pull. "What'll we do father?" said the younger man. "Well," said the father, "I guess we'll have to lay the gad on the old gray." That homely compliment to women: "The gray mare's the better horse" suggests how often when there's an extra strain to be borne it is laid on the woman's back. How often she breaks down at last under the added weight of some "last straw." Women who are dragging along wearily through life can gain real strength by the use of Dr. Pierce's Golden Medical Discovery. It puts back in concentrated form the strength making material which working women use up more rapidly than it can be restored by Nature in the ordinary processes of nourishment and rest. Dr. Pierce's Pleasant Pellets are universal favorites with women because they are easy to take and thoroughly effective in curing the consequences of constipation.

A man named Parish was kicked in the face by a pig in an Ottawa slaughter house and lost a tooth and a portion of his jaw.

Neuralgia Almost Drives People Mad.

Only those who have suffered it, know of the darting, distracting pains and aches neuralgia inflicts. Ordinary remedies don't even relieve. It requires an extraordinarily strong, penetrating liniment to drive out the pain. To get relief rub Polson's Nerviline into the spot. Pain can't resist Nerviline which has five times the strength of any other liniment. Drives out neuralgia in half an hour. Never fails! Never harms! Always successful. Try a large 25 cent bottle.

The Polynesian Islands are scattered over 12,000,000 square miles of sea, but comprise altogether only 170,000 square miles of land.

DOAN'S KIDNEY PILLS cure backache, sideache, scanty, cloudy, thick and highly colored urine, diabetes, dropsy and all troubles arising from a weak condition of the kidneys.

Burdock BLOOD BITTERS

WILL CURE OR RELIEVE

BILIOUSNESS, DYSPEPSIA, INDIGESTION, JAUNDICE, ERYSIPELAS, SALT RHEUM, HEARTBURN, HEADACHE, DIZZINESS, ACIDITY OF THE STOMACH, DRYNESS OF THE SKIN.

And every species of disease arising from disordered LIVER, KIDNEYS, STOMACH, BOWELS OR BLOOD.

ONLY ONE MAN ESCAPED.

Twenty-One of the Crew Lost With the Chanarat.

THE FRENCH SHIP CAPSIZED OFF USHANT.

London, Feb. 5.—The first officer of the French ship Chanarat was landed at Falmouth today. He is the sole survivor of the crew of twenty-two men of the vessel, which was capsized off Ushant. The mate was picked up from a small boat, which had capsized several times, but which he had succeeded in righting each time. He is in a critical condition.

The barque wrecked off the Scilly Islands yesterday evening, and which was supposed to be a German vessel, turns out to be the Italian barque Logaro.

News has been received here that the steam trawler Anlaby, with a crew of twelve men, belonging to Hull, has been lost in a snowstorm off Iceland. After tossing helplessly in the English Channel for 65 hours, the Dover-Ostend passenger steamer Marie Henriette was towed into Ostend this morning.

The gale is abating. In view of the severity of the weather, the number of casualties thus far reported is comparatively small.

Reports of damage caused by the wind and snowstorms on the continent and in Great Britain continue to be received. Carriage and street car traffic in Madrid has been stopped, and railroad trains are delayed. Some of the towns in northern Spain are isolated and fruit trees have been destroyed. In Switzerland many villages are cut off from communication.

Telegraphic communication with Italy is interrupted. There is now more snow in Venice than at any time during the past 25 years. The river Tiber rose thirty-five feet. The lower portion of Rome is flooded, as well as the Forum, the Pantheon and the Temple of Vesta. The water of the Tiber is now receding.

Several more wrecks off the British and French coasts are reported and the crews of these vessels have been lost. Numerous ships are overdue.

RESTLESS LITTLE ONES.

Peevishness and Sleeplessness a Sure Sign That Baby is Unwell.

When babies are restless, cross or peevish it is the surest possible sign of illness. Well babies sleep soundly and are cheerful and playful when awake. When baby is cross too many mothers give so-called "soothing" medicines, which contain opiates that deaden but do not remove the trouble. What is wanted is a medicine that will go right to the root of the trouble and make baby sleep well, eat well and be cheerful in a natural way. Such a medicine is Baby's Own Tablets, which are sold under an absolute guarantee that they contain neither opiates nor other harm-drugs. All mothers who have used them for their little ones speak of them in terms of warmest praise. Mrs. Albert Young, Stratford, says: "My baby, who is now five months old, has always been very cross and peevish. She was very constipated and sleepless. She was a thin, delicate looking child and cried nearly all the time. I did not know what to do with her. I tried several medicines but they did her no good. A friend who had used Baby's Own Tablets advised me to try them. I did so, and since using them baby has been quite well, her bowels are regular, and she has grown plump and good-natured. I am delighted with the Tablets and keep them on hand all the time, and whenever baby gets cross and fussy I give her a Tablet and she is all right."

These Tablets are the best medicine in the world for simple fevers, colic, diarrhoea, all stomach troubles, constipation, and all minor ailments of little ones. They are for children of all ages, and dissolved in water, or crumbed to a powder may be given with absolute safety to the youngest infant. Mothers who once try them will never afterwards use any other medicine for their little ones. Sold by all dealers in medicine or sent post paid at 25 cents a box by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

The masons of Valencia, Spain, are the first organization in that country to successfully strike for an eight-hour day.

MALT BREAKFAST FOOD

The Best Breakfast Cereal Produced in the World.

Food preparations purporting to be health foods have come before the public for recognition, and, after a brief exist-

ance, they have been consigned to the realm of oblivion and forgetfulness. Such will be the fate of all food products that come to us without genuine merit.

Malt Breakfast Food came before a critical public with many claims of a high order. It was thoroughly tested and tried by our wealthiest people as well as by those in humbler circumstances who desired something more nutritious and more easily digested than oatmeal, wheat granules, cracked wheat and hominy. The tens of thousands who closely investigated the virtues of Malt Breakfast Food have not been disappointed. They found in it a concentrated nourishment that other foods lacked. It proved more palatable, more satisfying, more appetizing and more energizing than other foods. Old and young, delighted with its many good qualities, say Malt Breakfast Food is the best in the world. All Grocers.

Three hundred and thirty-five places of worship provide 166,391 sittings for members of the Presbyterian Church of England.

Notwithstanding the Introduction of Imitations and Counterfeits the Sales of

PAINE'S CELERY COMPOUND

Have Vastly Increased.

The Great Medical Prescription of Professor Phelps, M. D., is the Only Medicine that Truly Banishes Disease and Sickness.

Shortly after the greatest of modern physicians, Professor Phelps, M. D., gave to the science of medicine the most wonderful remedy of the present day—Paine's Celery Compound—a host of imitators sprung up. As the great public demand for Paine's Celery Compound increases in every section of Canada, imitators become bolder, and as a consequence, the public in many quarters are suffering from these vile deceptions. Today, no other medicine is so largely imitated as Paine's Celery Compound; this is due to its immense popularity.

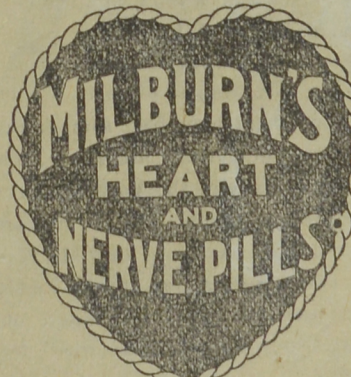

Notwithstanding the introduction of imitations of Paine's Celery Compound in Canada, the sales of the great disease-banisher increase from week to week and far exceed the combined output of all other medicines. People insist upon having the one remedy that makes them strong, repairs their shattered strength, and that frees them from disease. Only a truly great and effective remedy could continue as Paine's Celery Compound has done, to hold its unrivalled place in the estimation of able physicians, discerning professional men and the best people of the land.

If you value life and health, do not hesitate to refuse the "Something Just As Good" and vile imitations when dealers present them to you. See that you get the kind with the name PAINE'S on wrapper and bottle.

Prof. Schurman, the head of the great university of Cornell, is now being abused for saying that the independence of the Philippines is inevitable, after reporting to late President McKinley the kind of way the United States should govern them. It is pretty nearly time some of the papers reminded their readers that he is a Canadian.

STRONG AND VIGOROUS.

Every Organ of the Body Toned up and invigorated by

MILBURN'S HEART AND NERVE PILLS.

Mr. F. W. Meyers, King St. E., Berlin, Ont., says: "I suffered for five years with palpitation, shortness of breath, sleeplessness and pain in the heart, but one box of Milburn's Heart and Nerve Pills completely removed all these distressing symptoms. I have not suffered since taking them, and now sleep well and feel strong and vigorous."

Milburn's Heart and Nerve Pills cure all diseases arising from weak heart, worn out nerve tissues, or watery blood.

A PRETTY ROMANCE.

An Ex-Dalhousian Weds a Cape Breton Girl at Calgary.

Ten long years ago, says the Calgary Herald, Charles Woodworth, a young student at law, was travelling in Cape Breton. The day was sultry, the sun was hot and the young man was weary. As the wayfarer pursued his journey he came to a house with closed blinds and ample shade trees, which looked cool and inviting. Possessed by an impulse he unlatched the gate and walked up to the door. A little girl of about ten years of age responded to the knock and in the prettiest manner possible brought the traveller refreshment.

Mr. Woodworth never forgot the little girl and on Sunday morning a pretty little romance culminated at Calgary when Chas. M. Woodworth and Miss Alberta Beatrice Hart were married in the Pullman car while the west bound train was waiting in the station.

Mr. Woodworth practiced his profession with a great deal of success for some time in Edmonton. A few years ago, however, he migrated to Dawson City, where he now enjoys one of the best legal practices in the Yukon territory. He has been spending the last few months in eastern Canada and the States. His fiancée, however, did not quite see her way to accompany him back to the frozen north and Mr. Woodworth had returned to Edmonton and was winding up some business prior to returning to the Yukon. While there he received word that Miss Hart had changed her mind and would go with him anywhere. He packed his kit, wired her to come right along and he would meet her at Calgary with a clergyman. On Sunday morning when the westbound train pulled in, Mr. Woodworth, accompanied by R. B. Bennett, an old classmate at Dalhousie, Rev. J. W. Litch, another college companion, and S. Edgar, accountant of the Hudson Bay Company, an old New Brunswick friend, boarded the Pullman, where the bride-elect was waiting with a lady friend. No time was lost and Mr. Litch tied the knot with celerity and firmness. The whole affair was over in a few minutes and the same train that brought Miss Hart carried away the newly married couple en route for their future home at Dawson City.

Women Unjustly Accused of Extravagance.

Many women are unjustly accused of extravagance in dress by their neighbors and friends. In ninety-nine cases out of every hundred, these accused women spend less money on clothes than their accusers. These well dressed women are always economical while they appear natty and stylish. They deserve all the frequent changes in dress they enjoy. The new looking dresses, suits and skirts are simply old ones re-colored with some fashionable color of the Diamond Dyes and retrimmed. Such dresses are made up at small cost. Any woman of ordinary intelligence can enjoy several changes in dress each week. Bring out the old, faded and dingy looking garments consigned to the garret or closet, select fashionable colors of the Diamond Dyes, and with little labor you can increase the stock in your wardrobe. The same good work can be done with your children's dresses and your husband's suits. Well dressed people are users of Diamond Dyes.

Action has been taken to upset the Montreal Mayoralty election, on the ground that the name of Mayor Prefontaine was illegally withdrawn.

OUR MOTTO:

"Accuracy, Care and Attention."

Our continued success in business is the best proof that we enjoy the unbounded confidence of the public. We dispense drugs with the greatest possible accuracy, care and attention. Our stock of Toilet preparations is always up-to-date, and our Perfumes the finest and cheapest.

ALL RANKS AND CONDITIONS

of our people are now using Paine's Celery Compound, the great health restorer. No other medicine in the world has such a record of cures to its credit. It makes new, fresh blood, corrects digestion, gives energy to body, nerves and brain. If you feel unwell, give Paine's Celery Compound a trial. J. M. Wiley, Druggist, Fredericton, N. B.

About 70,000 samples of UNION BLEND Tea have been recently distributed in the Maritime Provinces and 100,000 people have been made happy by the knowledge that they are drinking the best tea in the world when they drink UNION BLEND Tea.
