Catarrh can
be Cured ?

JAPANESE CATARRH CURE CURES
AFTER FIFTEEN YEARS'
SUFFERING.

Catarrh is more difficult to cure on the Pacific Coast than in any other part of the world, owing to the extreme dampness of the climate and the sudden changes of temperature towards evening. But Japanese Catarrh Cure will cure catarrh in any climate for any person.

Mr. J. H. Crow, 421 Keefer St., Vancouver, the well-known contractor, writes:—"I had been a great sufferer from catarrh for over fifteen years, during which time I tried a score of doctors and every remedy I thought would relieve me, but the result was only temporary relief, in each case the catarrh returned. About a year ago I used six boxes of Japanese Catarrh Cure, and since completing this treatment have been entirely free from catarrh. I can recommend it with every confidence."

Japanese Catarrh Cure is the only permanent and guaranteed cure for catarrh. Price, 25 cents, by all druggists.

The Period of Danger.

During the recent trial of a suit to collect a medical fee a witness was put on the stand to prove the correctness of the physician's bill.

The man was asked by counsel for the defense whether the doctor did not make several visits after the patient was out of danger.

"No," was the reply. "I considered the patient in danger so long as the doctor continued his visits."

Whiting.

All whittings are made from chalk. The more common preparations sometimes contain considerable gritty matter, which scratches highly polished surfaces. These coarse particles may be removed in this manner: Mix the whiting with water to a paste and then add water until it is very thin. Strain through cheesecloth and let the strained mixture settle. Pour off the water and dry the whiting.

Double His Salary.

Dangerous Curiosity.

Laura—Yes, you see she told him her father had lost all his wealth just to test his love for her.

Ada—And then?

Laura—Well, she will know better next time.

On the Right Road.

The Parson—What do you suppose will become of you when you grow up if you never go to Sunday school?

The Kid—Don't yer worry 'bout me, boss. I'm going ter be a politician.—Life.

CAUSTIC GERSTER.

Comment the Singer Made on a Kiss That Patti Received.

While the rivalry between Patti and Gerster in San Francisco in 1884 was at its height it was made known that General Crittenden, governor of Missouri, had given Patti a kiss. Thereupon Mme. Patti was interviewed, when she spoke as follows:

"I had just finished singing 'Home, Sweet Home,' last Thursday evening when a nice looking old gentleman, who introduced himself as Governor Crittenden, began congratulating me. All of a sudden he leaned down, put his arms around me, drew me up to him and kissed me. He said, 'Mme. Patti, I may never see you again, but I cannot help it,' and before I knew it he was kissing me. When a gentleman, and such a nice old gentleman, too, and a governor of a great state, kisses one so quick that one has not time to see and no time to object, what can one do?"

The following dialogue on the subject between Mme. Gerster and a reporter who had interviewed her was afterward published:

Modest Reporter—I suppose, Mme. Gerster, you have heard about that kissing affair between Governor Crittenden and Patti?

Mme. Gerster—I have heard that Governor Crittenden kissed Patti before she had time to resist, but I don't see anything in that to create so much fuss.

Modest Reporter (interrogatively)—You don't?

Mme. Gerster—Certainly not. There is nothing wrong in a man kissing a woman old enough to be his mother.

What the Truffle Is.

The ancient Romans, at whose sumptuous banquets truffles played an important role, supposed that their existence was one of the material results of thunder. More modern botanists have classed it as a species of mushroom, but it can scarcely be termed such. To be exact, the truffle is a tuberculous fungus, a sort of morbid extravasation of vegetable sugars analogous to oak balls or nutgalls and doubtless originating, as these latter, from the sting of an insect.
