

ECZEMA.

That torturing and disfiguring disease has its cause in an impure condition of the blood. The impure condition of the blood often arises from a diseased condition of the stomach and allied organs of digestion and nutrition.

When digestion is imperfect, the nutrition of the body is inadequate to its needs. The blood becomes thin, poisons accumulate in it, and these poisons often manifest themselves in some eruptive disease.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It eliminates poisonous substances from the blood, purifying it and increasing its quantity and richness. The "Discovery" cures perfectly diseases of the blood and other diseases which originate in a diseased condition of the stomach.

The "Discovery" is absolutely a non-alcoholic and non-narcotic medicine. There is nothing "just as good."

"For three years I have suffered with that dreaded disease, eczema," writes Mrs. J. Koepf, of Herman, Oregon. "I was told to try Dr. Pierce's Golden Medical Discovery, which I did, and after I had taken fourteen bottles I was permanently cured. It has been a year since I stopped taking your medicine and it has never appeared since. I think your medicine a wonderful cure and hope others suffering as I did will take it and be relieved of their suffering."

Doctor Pierce's Pleasant Pellets are powerful aids to the cleansing of the clogged system. By all dealers in medicine.

FLOWER AND TREE.

A single leaf of the orange tree carefully planted will often take root and grow.

Rosin and tallow in equal parts make an excellent covering for wounds in fruit trees.

"Belting" a tree—that is, killing it by

destroying the bark in a circle around the trunk—injures it for lumber.

In transplanting trees all roots that have become bruised or broken should be cut clean away behind the broken part.

A pan of water kept steaming in the stove will keep the atmosphere in good condition for the growth of house plants during the winter.

Trees should always be trimmed when young and growing in such a manner that there will be no necessity for cutting off large limbs.

Wood mold, provided it is fine and free from roots and sticks, with the addition of a little well rotted compost, makes a splendid soil for the pots or boxes in which to grow the house plants in winter.

Orchards generally produce full crops only every other year. This is because the full crop of one year so exhausts the fruit producing qualities of the soil that it is not able to make a full crop the next year.

The Linseed Poultice.

A dispensary doctor in the Emerald Isle is expected to dispense many things besides drugs.

His life is certainly not a bed of roses. These people are woefully ignorant, yet no Irishman likes to confess to want of adequate knowledge.

One day I ordered a linseed poultice to be put on an old man's chest. The next morning he was no better, and I was accused of incompetency.

"I put the plaister to him, your honor," said his wife, "though he spit an' spit like a big snail. But it ain't done no good! An', docthor, honey, it was a big dose!"

Then I realized Mrs. Moulton's method of poulticing her good man's chest. She had applied the soft mass internally!

Another time I compounded (we are our own dispensers in the Isle of Destiny) a box of pills for "brown kitties." The result of grinding these with a big stone and wearing the powder as a charm was not satisfactory. My verdict as "crowner" certified "natural causes." It should have been given as "crass ignorance."—Good Words.

The GLASGOW WOOLLEN CO.

To Fill Large Contracts—Good Wages
Easily Earned.

A Pair in 30 Minutes

We want a few more workers in this locality, at once, and in order to secure your co-operation without the delay of correspondence, we herewith explain our full plan in this advertisement. The work is simple, and the Machine is easily operated, and with the Guide, requires no teacher. If you wish to join our staff of Workers let us hear from you promptly with the Contract, order form, and remittance, as a guarantee, and we will send machine and outfit to begin work at once.

OUR METHOD OF DOING BUSINESS

We wish to secure the services of families to do knitting for us in their homes. Our method is the same as adopted in England. We are the introducers of this plan and the largest knitting concern in Canada.

After long experience, we have been able to produce an Automatic Machine by which all kinds of seamless knitted goods are now done by our Family Machine, thereby enabling anyone of ordinary intelligence to quickly learn to do the work from the Instruction Guide. All we require is that you use the machine according to directions. The Machine being made expressly for this purpose, and the operation so simple, it cannot possibly make a mistake in its work.

The great demand now is for Bicycle Stockings, Woodmen's Socks, and Motormen's Mittens, and as we are unable to supply the demand, have taken this method of advertising for more help.

The large export trade to the North-west Territories, British Columbia, and the British Colonies, furnishes an unlimited demand for our goods, and, with the combined operation of the many families we are employing, together with the large amount of knitting we are able to turn out, by which we save rents, insurance, interest on capital, etc., enables us to undersell any manufacturers of this class of goods, and we have sale for all the knitting we can have turned out.

The price we pay for finished bicycle stockings is \$10.00 per hundred, or at the rate of 10c per pair; woodmen's socks, 5c, and motormen's mittens, 12c a pair. All other work in proportion to size.

The machine can be operated by any one of a family, and at our prices any energetic family should be able to sustain themselves comfortably, and in time be a source of independent comfort.

Our plan is to send out each machine to beginners with a sock or stocking partially knitted, and remaining in the machine ready to be continued, and also enough yarn to knit one pair of sample socks or stockings and a simple and complete Instruction Guide, showing how the work is to be done. When the samples have been finished and returned to us satisfactory, we send a quantity of yarn, which you knit and return likewise when finished. We prepay charges on all work one way, and our workers pay return charges. The work, as we have stated, is simple and rapidly done, the machine having a capacity of ten thousand stitches a minute. We have many persons now in our employ who can knit from twenty-five to thirty pairs of socks or stockings a day, and where the time of a family is devoted to the work, you can readily see that \$15.00 or \$20.00 per week can be easily earned.

We furnish our workers all the materials, yarn, etc., free, and everything that is necessary for the work. We are furnishing the machines only for the exclusive use of those desiring to take employment with us, who must, in order to become a member, send us this Contract Order Form, properly signed by them, and at least one good reference, and remittance accordingly, to give us the necessary assurance that the quantities of valuable yarn we may send from time to time will not be wasted or misappropriated. Our contracts are annual, and this confidence must be established if we are to succeed. We guarantee fair dealing and prompt payment for work, so do not ask us to deviate from our terms, as we cannot make a distinction with one and not another; besides, we are doing an extensive business, and must be governed by business principles.

The manufactured price of the machine is \$15, and positively will not be sold to any others than those who will agree to do knitting for us.

If at any time after you commence, and have done an amount of work equal to the purchase price, and wish to discontinue, we will take back machine and refund the amount paid for same, after deducting cost of our expenses only.

There is a Large Demand by the Trade for this class of work. Our workers can depend upon it year after year, and if you engage with us (whole or spare time) we will keep you supplied with work as long as you do it satisfactorily for us and return it promptly. We entrust our workers with large quantities of valuable yarn, and as we give

references as to our honesty and integrity, we must ask you to do the same, in order that we may know with whom we are dealing.

We have, in as brief a manner as possible, endeavored to show you what our work is, and we simply say as to the machine, it is just what we represent it to be, and will positively do everything we claim for it, or refund the money. Each machine, securely packed with an outfit, is set up for work, thoroughly tested, and a sock or stocking partially knitted before boxing and shipping. Should you decide to engage with us, it will be necessary to send us Cash Contract Order Form, properly signed by you, and at least one good reference, together with the remittance, accordingly, upon receipt of which we will forward machine and outfit ready to commence.

Our References—Express Companies, Banks, or Toronto Business Houses.

If you wish to examine the machine and see the material before undertaking the work, you can do so by sending \$3.00 as a guarantee of good faith, and to defray expense of shipping, and we will send everything to your nearest express company, leaving a balance of twelve dollars to pay the agent and 25 cents for the return charges on the money to us.

We are so frequently and unnecessarily asked if one can learn to knit without a teacher. We say, Yes; it requires no teacher; any person of ordinary intelligence who can read the Instruction Guide can learn to knit at once.
