

PREPARING FOR EXHIBITION WEEK.

Tons of new useful goods for every department are being opened every day, in preparation for an

Immense Exhibition Cheap Sale

The whole building will be utilized, which will make more room under one roof than can be duplicated in this city. The Fur Coats and other Fur Goods are in and will be offered at one-third below Furriers' prices. You are invited to visit our stores whether you are interested in buying or not.

CAKE AND HOT COFFEE

Will be served free of charge during Exhibition week.

Particular attention will be given to patrons in the meantime, and we strongly urge all those who can to make their selections from the new arrivals before the great rush of next week. You know what buying in a rush means.

Watch this space for profitable news.

They Make You Feel Good.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create makes one feel joyful. For sale by all druggists.

Manicuring in Public Places.

Cleanliness may be next to godliness, but the persons who manicure their nails in the elevated trains and street cars win their way to paradise at the cost of endangering the salvation of others. Hundreds who wish to make a presentable appearance at their offices and places of business use the cars of the elevated and surface systems as places in which to complete their toilets.

A man will pull a knife from his pocket and proceed to remove the grit from beneath his finger nails. When he completes his operation he looks around with the air of one who thinks he should be commended for his habits of personal neatness. He wonders why many persons glare at him from over the tops of their papers in such a disgusted manner. He does not realize they have put him down for a consummate boor who should be confined in a separate compartment.

HOW TO BOIL WATER.

A Important Point When the Coffee Is Being Made.

"To boil water is the simplest thing in the world," said the steward at one of the leading hotels of Washington. "but how to boil it is quite another thing. I believe we have the name of having the best coffee of any hotel in this city. Of course we use good coffee; but, let me tell you, much of the praise is due to the fact that the water with which to make the coffee has been properly boiled. The secret in boiling water is just this: Always use fresh water and let the kettle be warm before the cold, sparkling fluid is put into it. The fire should be quick, so that the water will boil at once, and the water should be removed from the fire the instant boiling point is reached and poured upon the coffee or tea or whatever beverage is in demand immediately. So many people make the mistake of permitting the kettle to remain over the fire, where the water steams and simmers away, wasting the good water in vapor. Those who drink hot water before breakfast, as many do, should insist on the use of fresh water and having it served as soon as boiled."

Doctors say, however, that to kill germs in suspicious water boiling should last about five minutes.

Orchard Drainage.

One advantage of good drainage in the orchard is that the fruits will usually come to maturity earlier than on undrained land.

Rain.

The southern slopes of the Himalaya mountains record as much as 610 inches of rain in a single year, but to counterbalance this Peru, Egypt and parts of Persia often pass whole years without rain.

The Proper Treatment for Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time, and in some cases within three days. For sale by all druggists.
