

Edward the Diplomat.

Paris, Nov. 27.—The members of the British Parliament, who, with their wives and daughters are remaining the visit to London of French Senators and Deputies representing the International Arbitration Group, had a busy day. The most prominent of the Parliamentarians were entertained by the leading Deputies and others by the staff of the Siecle. Visits to the Senate and Chamber of Deputies followed, and at 5 o'clock a reception was given at the Elysee, Baron d'Estournelles de Constant introducing the members and their ladies individually to President and Madame Loubet.

Tonight there was a great banquet, at which Mm. Berthelot and Janies were the principal speakers. M. Berthelot recalled the efforts of the two countries in the cause of freedom, and strongly urged the adoption of a general system of arbitration. He rejoiced at the signing of the treaty between Great Britain and France, and added: "No doubt the United States will willingly join us."

Sir William Henry Houldsworth proposed the health of President Loubet and thanked the French people for the cordial welcome they had given the visitors.

Premier Combes made a great speech in praise of international arbitration. He declared that the treaty between France and Great Britain had been ratified by the public opinion of the two countries, and criticized whoever said that the limitations of the treaty rendered unimportant the essential act. These limitations, he said, were due only to prudent introduction of new principles, but he believed that the seed sown would grow to a mighty tree. M. Combes said it was the duty of the government to give the treaty in its existing form the sanction of experience. He had no doubt that it would result in spreading faith in arbitration, and possibly the day was not far distant when nations would agree to submit all differences, however unimportant, to arbitration.

In conclusion the Premier said: "I propose the health of the Sovereign to whom we owe it, Edward."

MAN'S MOST CRITICAL AGE.

Very often the vital resources are small at forty-two, but if not then, between fifty-seven and sixty-two years of age there is a strange slowing down and loss of vitality. It is important that this transient period of decay should be checked; strength must be fortified. The wise man will use Ferrozone whose potency is particularly applicable to these critical periods. Ferrozone quickens the whole being, imparts vigor and power, pushes back the onset of senility in a very manifest way. It's because Ferrozone gives strength, vitality and vigor that it is useful to old men. Try it. Price 50c.

Hasty Marriage and Suicide.

Deseronto, Ont., Nov. 27.—A sad end has come to a little romance which began in this town a few years ago. A young fellow named Fred H. McKee lived here then, being noted as a good-looking, stylish chap, very fond of society. One day a pretty girl from Belleville came on a visit and shortly afterwards there was a hasty marriage unknown to the girl's parents. After the honeymoon the couple began to disagree, and a few months later the wife went to live with her mother. McKee made overtures for a reconciliation, and one actually did take place, but new disagreements arose and the couple again separated. Then McKee went to the States. Now a despatch from Grand Rapids, Mich., announces that McKee, after receiving a letter, placed the muzzle of a revolver in his mouth and blew his brains out.

Wakeful Children.

For a long time the two-year-old child of Mr. P. L. McPherson, 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets which quieted her stomach and she slept the whole night through. Two boxes of these tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

Milk Separator Exploded.

Bridgeton, N. J., Nov. 27.—One man has been killed and two others so seriously injured that there is very slight chance of their recovery by the blowing up of the separator bowl in an ice and milk plant here.

The bowl which was made of steel and copper, flew to pieces, just as an exploding fly wheel does, and the pieces were hurled in all directions. Some of them flying into other departments of the plant, caused considerable damage to the ice-making machinery. The walls of the building were riddled.

DECEMBER!

THE HOLIDAY MONTH.

When nearly everybody has some friend or near relative that they wish to remember in the way of a present of some kind. They give the selecting of that gift little consideration until the very last minute, when the stores are crowded and the result is they very seldom get just what they want or what they intended. Do your shopping early—you will get better satisfaction, better assortments to select from and better attendance. We have made special efforts this year to have our

HOLIDAY STOCK

Completed early to avoid the big rush at Xmas, and have made liberal reductions in the prices to induce the public to buy early. Have you read our circular giving prices for holiday wearables? If not send for one and it will be mailed to you. We are better prepared than ever to furnish you with anything that young or old need for winter wear, the best that the market produces, at right prices, the medium and the low priced are here in abundance. We call special attention to our stock of

- FUR GOODS -

That we have in stock this Fall. We bought them right and for cash, and we know we can show you how you can save dollars on Fur Coats.

M. FICKLER & CO.

MAKERS OF LOW PRICES.

by shots from cannon. Pieces of metal were picked up 200 feet from the plant.

Not only were the men injured by the flying metal, but they were almost drowned by the suddenly released volume of milk.

For a Bad Cold.

If you have a bad cold you need a good reliable medicine like Chamberlain's Cough Remedy to loosen and relieve it, and to allay the irritation and inflammation of the throat and lungs. The soothing and healing properties of this remedy and the quick cures which it effects make it a favorite everywhere. For sale by all druggists.

Tortured with Pain.

Too Weak to Work.

ULCERS, BOILS AND PIMPLES ALL OVER HER BODY

Such was the condition of Mrs. Samuel Deitz, Zurich, Ont.

She happily found relief from her terrible suffering by using

Burdock Blood Bitters.

A remedy without a rival for the cure of all diseases and troubles arising from bad blood. A record extending over a quarter of a century and thousands of testimonials will prove this. Mrs. Deitz writes: "Too weak to work, tortured with the pain of ulcers, boils and pimples all over my body, especially on my face. I had almost made up my mind to give up trying to have them cured. I was ashamed to have any person come to see me, my face was in such a terrible state. I tried everything I could think of but got worse and worse. I was then led to try Burdock Blood Bitters and was surprised at the wonderful change the first bottle made. Altogether I took seven bottles and am now completely cured and am in perfect health again. I feel that B.B.B. saved my life."
