His Hot Bath.

"I had a law partner once in Mississippi," said a southern lawyer, "who began to feel the effects of long years of hard work at his profession, and he was advised by his physician to go to the Arkansas hot springs and take the baths. The day of his arrival an attendant shut him up in a bathroom and, giving him a thermometer, told him to let the hot water run until it had reached a certain temperature and then to shut it off.

"The old fellow had more clear grit than any man I ever knew. When the attendant went back an hour later, my partner was standing up in a tub of boiling hot water. The skin was fairly cooked off his feet, but he vowed he wouldn't get out until the specified temperature had been registered. He was holding the thermometer up in front of his face instead of putting it in the water."

"One of the most curious races I ever saw," writes a correspondent of the London Tatler, "was on Mr. Carl Hagenbeck's lawn at Hamburg. Some seven children mounted on the backs of large turtles or tortoises raced across the lawn. To give impetus to their queer steeds most of them armed themselves with cabbages, which they tied to the end of sticks, ever and anon dangling them as tempting morsels in front of the turtles. It was a strange race and occupied some time. Every now and then a turtle would grasp a piece of cabbage and then quietly eat it before resuming its journey."

Inane Verbosity.

"Don't you think that Mrs. Chatson is quite a brilliant conversationalist?"
"Oh, quite! She can express less in more words than any one I ever met."

True to life.

No one will believe how perfectly—how true to the original—the Berliner Gram-o-phone reproduces sound until they have heard it. That is why we let all good Canadians try it before they buy it.

The Berliner Gram-o-phone

reproduces bands, orchestras, instruments, singers and talkers with the same quality of tone as the original.

Don't confuse it with the ordinary talking-machine—others have made that mistake before they heard it.

Its repertoire is practically unlimited.

It is the only talking machine made in Canada.

Guaranteed for five years.

The hard flat maroon discs are practically indestructible. Prices from \$15 to \$45. Can be bought on the instalment plan, \$1.00 cash and \$2.00 per month for 8 months. Write for catalogue and our easy payment plan.
