The Kawartha Lakes.

The region known as the "Kawartha Lakes" situated about 40 miles to the north of Lake Ontario combines the wild-est primeval granite, mountain and forest scenery with lovely grassy, shrub and vine-clad shores. Throughout the chain the tourist and sportsman are at no point remote from busy town or village, with excellent transportation service, and yet in comparative seclusion. Canoe and camping parties find here their best ideal of summer outing. Handsomely illustrated descriptive matter sent free on application to J. Quinlan, D. P. A., G. T. Ry., Montreal.

Hearts that are Diseased

will never be cured by the false, unnatural stimulation of liquor. First increase your vitality, build up the system, strengthen and purify the blood—then the heart will respond and grow strong.

Ferrozine is precisely what to take, it gives you an appetite and a digestion that will look after everything that is eaten. Ferrozine improves nutrition, makes rich, vitalizing blood, and is positively the most powerful restorative and strengthener known to science; it improves the nerve tone, regulates the heart's action; makes the feeble strong and the sick well. Ferrozine will do you untold good and costs only 50c., at druggists, or Polson & Co., Kingston, Ont.

While in a reminiscent mood Senator Hoar got to chatting about New England hospitality, says an exchange. "It is better now than it used to be," he said, "but it will stand improvement here and there. I remember how I dined not long ago with a Connecticut farmer, a boyhood friend of mine. For dinner there was turkey. It was an excellent bird and I ate of it heartily. I said, 'John, this turkey will make a fine hash tomorrow.' 'Yes, George, it will,' the farmer answered, providing that you leave off now."

A miss is as good as a mile, they say,
But the real situation just this is:
A miss is much better on any old day,
And I'd lavish my kisses
On miles of misses;
But comparing the two makes me smile,
For who would go kissing a mile?
