Will be something of the past. We have to thank our patrons for the very liberal attendance accorded us at this Sale during the cold month of January. BIG BARGAIN STORES.

It Wanted His Tongue.

At an auction sale in a Scotland village the auctioneer was trying to sell a number of domestic utensils, including a porridge pot. As usual, he was making a great fuss. Finishing, his keen eye caught a well known worthy, the beadle, standing at the back of the crowd, and he shouted out:

"Maister McTavish, make me an offer for this pot. Why, it would make a splendid kirk bell."

"Aye," replied the beadle, "if your tongue was in it."

Waited Twenty Years For a Solution.
A bit of pure and harmless mischief at recitation at Yale was the device of a member of the class of '72, who introduced at recitation a turtle covered by a newspaper paster on the shell. The tutor had too much pride to come down from his perch and solve the mystery of the newspaper movement, but twenty years after, meeting a member of the class, his first and abrupt question was, "Mr. W., what made that paper move?"

Our Cooks.

"I believe," said the young physician, "that bad cooks supply us with half our patients."

"That's right," rejoined the old doctor, "and good cooks supply us with the other half."

Dolly's Explanation.

"Mother, what are twins?" asked little Bobbie.

"I know," chimed in Dolly. "Twins is two babies just the same age; three babies is triplets, four is quadruplets, and five is centipeds."

Pure Selfishness.

Mae—How did Bessie raise the money to go abroad and study music?

Ethel—The neighbors took up a subscription, I believe.

Postponed Her Bath.

Miss Flora Shaw, the well known correspondent of the London Times, was once traveling through Africa in a bullock wagon. The sun was blazing, the bullocks were slow, the dust was indescribable. She was making for a frontier town, where she anticipated the comforts of a bath. At the entrance to the place Miss Shaw, dead beat, dusty and irritable, found herself confronted with the ordeal of a public reception. The officials read her a welcome. She was as civil as she could be. Then she bolted for the hotel. She gave but one order—"Hot water, quick!"

She sat on the edge of the bed and waited. Some minutes passed. At last a black servant entered with a tin vessel, in which there was something steaming. Seizing it, Miss Shaw poured out a milky, odoriferous liquid. She turned to the servant for an explanation.

The hotel was very short of water. As a distinguished guest, a point had been stretched for her. They had sent her the water in which the fish had just been boiled!

HAD OVER 500 BOILS.

This may seem an exaggeration to you, BUT IT IS TRUE.

All sufferers from Bad Blood should read about this miraculous cure by

BURDOCK BLOOD BITTERS.

CURED IN 1885.

Mr. David F. Mott wrote us from Spring Valley, Ont., in 1885. He said:—I suffered from impure blood and had over 500 boils, but since taking BURDOCK BLOOD BITTERS I am entirely cured, and can recommend it to any person troubled with bad blood.

CONFIRMED IN 1901.

Mr. Mott writes us from 62 Broad St., Utica, N.Y., under date of Dec. 31st, 1901. He says:—Some time ago I received a letter from your firm, saying that some years ago you received a testimonial from me, stating that I had over 500 boils. Yes, sir, I had, and I must say that I have never had the reappearance of one since I took the course of your BURDOCK BLOOD BITTERS. I thank God that I have had good health ever since, for I was a great sufferer. I wish B.B.B. a world of success, which it surely deserves.
