Had His Money's Worth.

On one occasion when a boarder had devoured almost everything eatable on the table within his reach and when the landlady had supplied him until her strength and patience were well nigh exhausted she suddenly broke out with:

"I shall certainly have to raise the price of your board!"

"Don't think of doing such a thing," he replied. "It is nearly killing me now to eat all I pay for, and should you raise my board and compel me to eat more it will be the death of me."

How He Declined.

Lady—Doctor, I wish you would call around to see my husband some evening when he is at home. Do not let him know that I asked you because he declares he is not sick, but I know he has consumption or something. He's going into a decline.

Doctor—I am astonished, but I will call. What are his symptoms?

Lady—He hasn't any except weakness. He used to hold me on his lap by the hour and now even the baby tires him.

Something He Couldn't Invent.

Harold—That is Bessler, the famous inventor of the triple expansion engine, the automatic, double, back action, reversible, rapid fire gun, the compound electro hydro heated dynamo, the—

Rupert—But he looks distracted.

Harold—Yes; he can't invent a plausible excuse to give his wife for being late, and he doesn't go home.

A Happy Hour.

He—Do you remember the night I proposed to you?

She—Yes, dear.

"We sat for one hour, and you never opened your mouth."

"Yes, I remember, dear."

"Believe me, that was the happiest hour of my life!"

He Was Lucky.

"Young man," said the pompous individual, "I did not always have this carriage. When I first started in life, I had to walk."

"You were lucky," chuckled the youth. "When I first started in life, I couldn't walk."

The Miser's Story.

"He lived very poorly."

"Yes, but he died rich."—Chicago Record-Herald.

Canada's Grand Old Men.

Canada is the country of grand old men. Besides Senator Wark, who will be a centenarian a few days hence, there is Senator R. B. Dickson, K. C., who is ninety-two. He was called to the Bar in 1834—a date at which very few judges and barristers of to-day were born. Lord Strathcona, the Canadian High Commissioner in London, is such an active and energetic personality that we are apt to forget that he is eighty-three. His predecessor, Sir Charles Tupper, is a year older, but looked scarcely sixty when he was here six months ago participating in the Coronation festivities.—London Chronicle

"LUCKY"

Is often the name given by careless and thoughtless people to those who are careful and thoughtful. "What a lucky woman," is said of one whose health and beauty proclaim her free from womanly diseases. The luck often consists in her having thoughtfully considered the merits of Dr. Pierce's Favorite Prescription and proved its ability to cure the diseases peculiar to her sex.

"Favorite Prescription" is a reliable medicine for the cure of womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"I had poor health for nine years," writes Mrs. Armistie Watkins, of Acme, Kansas Co., W. Va. "Had female weakness, was very irregular and would suffer untold misery. Our family doctor did not do me any good and I concluded to write to you. When I wrote I had no idea that I would ever get well, but when your letter reached me I began to have hope. I commenced taking Dr. Pierce's medicine as directed and began to improve in strength. I was soon able to do the work for my family of six. I took eight bottles, three of 'Favorite Prescription' and five of 'Golden Medical Discovery' and two vials of 'Pellets.'"

The People's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
