M. FICKLER & CO.

Ran a Nail Through His Hand.

While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed." For sale by all druggists.

Shot His Son Dead.

Brockville Oct. 17.—A dreadful accident happened on St. Lawrence River about eight miles above here, yesterday afternoon at 5 o'clock. Lewis Darling, the 13-year-old son of Sanford Darling, residing about three miles north of Lyn, was with his father duck hunting. They were in a boat, and the father, attracted by the appearance of a couple of ducks, went to put a new cartridge in his gun. As he was putting it in the gun went off. The boy got the charge in the left side below the ribs. He died almost immediately. The affair was

accidental, and Coroner Jackson of this town after taking the father's deposition of the affair, decided an inquest was unnecessary. The family are well known and much respected throughout the country.

If Moses was the son of Pharaoh's daughter, who was the daughter of Pharaoh's son?

Customer (at a restaurant)—Can I see the proprietor? Waiter—Very sorry, sir but he's just stepped out to lunch.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grippe; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by all druggists.
