Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morosa, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

SUCCESSFUL SMUGGLER.

The Schemes He Worked to Deceive the Customs Officials.

"There is money in smuggling," said the retired dealer in precious stones as he leaned back, "but it is dangerous to carry on the business, as possible suspects are carefully watched and, if necessary, traced till they are finally caught. However, I knew one man who pursued the trade of diamond smuggling for fifteen years and was able to retire to respectability. He was buyer for one of the large business houses in New York, and his business sent him to Europe two, three and sometimes four times a year. Every time he returned he had with him from \$10,000 to \$20,000 worth of gems which he did not declare.

"His trick was perfect simplicity combined with ingenious boldness. His hair was scanty, and at the top of his head he had a most delightful little bald spot. Customs officers as they came and went all knew him, and as they knew him he had a most pronounced wren where his other acquaintances saw a bald spot. That wren was a work of art, made of wax and gum, and it contained two or three big stones that would have been a find for the men on the pier.

"The good cigar that he had just lit and allowed to go out held a few more, and sewed in the handle of the grip that he carelessly turned over to the inspection of the officers were the rest of them. He never varied the trick, and he never lost. Each trip was worth a couple of hundred dollars to him and a great many hundred more to those who employed him. Now, that man considered himself strictly honest. He would not steal a cent from an individual, yet he schemed and plotted to rob the government."

It Wasn't All in Him.

"Johnny," said his mother severely, "some one has taken a big piece of gingerbread out of the pantry." Johnny blushed guiltily. "Oh, Johnny!" she exclaimed, "I didn't think it was in you." "It ain't all," replied Johnny; "part of it's in Elsie."

Two Problems.

"Dorothy always begins a novel in the middle."
"What's that for?"
"Why, then she has two problems to be excited over, how the story will end and how it began."
