M. FICKLER & CO.'S

Big Down Town Stores.

Ran a Nail Through His Hand.

While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed." For sale by all druggists.

An Unpleasant Experience.

St. Stephen Courier: While taking a stroll around his camp at the main river one morning this week, Fred Ham had a somewhat exciting adventure. He was walking out upon a wing dam when he heard a snarl behind him and, looking around, saw a very large wild cat. The cat wanted to pass his way and lost no time in making his intentions known for, with one bound, he lit on Mr. Ham's shoulder. Man and cat went over the lower side of the dam and lit on the rocks below. The fall knocked the fight out of the cat which started to run away, but a ball from Mr. Ham's rifle laid him low, and his skin is now stretched on a board at Howard McAdam's. Mr. Ham was not injured except for some bruises from the rocks.

Bandmann Opera Co.

Lovers of music in Fredericton should not miss the opportunity of going to the opera house on Friday and Saturday next, to hear the world renowned Bandmann opera company, who have been playing to crowded houses wherever they have appeared since landing in Canada three months ago. Friday evening "The Country Girl" will be produced, and on Saturday "Florodora." Both these are made an immense hit in London, E.g. The music is bright and catchy, and the scenery and costumes are magnificent. Judging by the manner in which the seats are being taken up bumper houses will welcome Mr. Bandmann and his excellent company on their first visit to this town, and they richly deserve it.

The new nine story hotel being built in Johannesburg will be the biggest establishment of its kind in South Africa.

An Excellent Record.

Woodstock Dispatch: Jas W Gallagher returned on Saturday with Gertie Glen from the Fredericton and Chatham races, where his mare started in four races and won three first places. The mare started in eleven races this season, winning 6 first places, 2 seconds, a third, a 4th, and was sent to the stable on the Woodstock track for not getting a 1st place in 5 heats, though she had finished 2nd four times and third once. In Chatham she lowered her own and the track record by going a half in 1-08 and a mile in 2:19 1/2 on a heavy track in a rain storm. Over and above the entrance money Gertie Glen has earned \$633 this season, which is probably better than has been done by any horse trotting in the province this season. Mr. Gallagher is loud in his praises of the treatment extended to visiting horsemen by the management of the Fredericton and the Chatham tracks.

CAUGHT MOONSHINERS.

Quebec, Oct. 8.—Three illicit liquor stills of large proportions were seized at St. Savre today by excise officers. They contained 2,400 gallons of liquor, and a large amount of other material.

A great deal of liberality in giving is simply refined selfishness. It is the outcome of a desire to save ourselves trouble.

An electrical typesetting machine will, says its inventor, revolutionize the mechanical work on a newspaper.

Mr W B Clements of Montreal, is among the guests at the Queen.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grippe; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by all druggists.
