LADIES' WEAR.

Ladies' Tailor-made Skirts, Waists and complete Costumes, the newest Fall styles, are in stock and been added to each day.

Ladies' and Gentlemen's Furs. Dry Goods.

Ladies' and Gentlemen's Furs are being opened and will be ready for inspection at once. Dress Materials, Flannelettes, Costume Cloth, Cottons, Silks, Satins and a general line of Dry Goods. New additions arriving now every day.

NOTE.—We are making big preparations and anticipate an unusual big rush Exhibition week, and would advise those who have the time at their disposal to make an effort to visit our stores before then. They will have a better chance to see what we are doing and examine the new materials being placed in stock. We never do things by halves, and this Fall we will supersede anything we have done yet. The low prices we installed in this city 6 years ago and which we adhere to yet, have made our place a popular one for the masses to trade in.

The Proper Treatment for Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time, and in some cases within three days. For sale by all druggists.
