

Had Eczema Twenty Years

Leg Was Swollen Three Times
Its Natural Size and Mortification Had Apparently Set In.

Itching Was Frightful, But Powley's Liquified Ozone Killed the Disease Germs and Eradicated Every Trace of the Disease.

To-day He Is Sound and Well and Mr. Banks Is Strong In the Belief That Ozone Saved His Life.

For twenty years I was troubled with eczema in my left leg. My leg was swollen three times its natural size and apparently mortification had set in. The skin had broken in several places and matter was oozing from the ulcers. The leg was black and rawish-red in parts right up to my hip and the itching was frightful.

My wife had been much benefitted by Ozone, so I decided to give it a trial. It was not long before I noticed an improvement in my blood. The humors began to disappear and soon my leg had resumed its natural healthy tone.

I believe that Ozone has saved my life, and I give this testimonial for the benefit of others. Ozone also cured me of bad kidney disorder and a most painful eye trouble.

J. B. BANKS,
787 Queen st. West, Toronto.

J. B. BANKS.

To Get Rid of Blood and Skin Disorders You Must Get at the Root of the Trouble.

You cannot cure blood and skin disorders by treating the symptoms. You must find the cause and remove it. Medical science has demonstrated that these disorders are due to disease germs. Powley's Liquified Ozone destroys these germs wherever located, and it is due to this fact alone that it is the grandest remedy for the treatment of disease that the world has ever known. If but one person or a dozen bore testimony to the fact that they have been cured it might be reasonable to think all were mistaken, or that they simply "happened" to get better, but when the number runs into the thousands, and all are alike in being most positive and enthusiastic, it becomes proof of the most convincing kind that Ozone will do all we claim for it—destroy disease germs wherever located.

The number of persons cured of blood and skin disorders by Powley's Liquified Ozone is far too great to attempt to publish them here. We give a few, however, to show that the good work is not confined to any particular part of the country:

- John Smith, Cataract, Ont., salt rheum.
- Jas. E. H. 447 East King st., Toronto, blood disorder.
- H. Lever, 19 St. Vincent st., Toronto, blood disorder.
- J. W. Brown, 25 Alexander st., Toronto, skin disease.
- Miss Crow, 243 Van Horn st., Toronto, blood poisoning from ivy.
- Miss Edythe Cooper, Cornwall, Ont., scrofula.
- Rodger Wilson, Downsview P.O., eczema.
- Herbert Cookman, Huntsville, Ont., running sore.
- Mrs. Ellen Smith, 31 St. Andre street, Montreal, eczema.
- P. Trempe, 391 Panet st., Montreal, painful boils.
- Vincent O'Neil, 103 Mitchell ave., Toronto, eczema.
- Mrs. Wm. Stevenson, 73 Laughton ave., Toronto Junction, Ont., skin disease.
- Mrs. F. Southorpe, 72 Cobourg st., Ottawa, Ont., eczema.
- C. Hagens, 91 Anderson st., Montreal, running sore.
- W. Dorsey, 22 Sultan street, Toronto, eczema.
- Dr. M. Mecklenburg, cor. Craig and Bleury sts., Montreal, eczema.
- Mr. W. Knowlton's little son, 87 Brunswick ave., Toronto, eczema.

Powley's Liquified Ozone is sold by reliable druggists—never by fakirs or peddlers. Price 50 cents and \$1.00 per bottle. Our free booklet on receipt of name and address.

EVENING GOWNS.

The Useful All Black Gown—Revival of Jet.

Women with small dress allowances will do well to invest in an all black evening gown. It is useful for a hundred and one occasions and always smart, and the wearer never appears overdressed.

Jet is being worn again. It is a good idea to have a demitote blouse of inexpensive chiffon to wear in turn with a full dress bodice, for nowadays the

DINNER DRESS.

latter is hardly a necessity at hotels and the quieter restaurants, while even at the opera one is glad occasionally of the demitote blouse.

Chiffon voile is a new fabric which will be much patronized for evening frocks this year. It has the airy appearance of chiffon, besides having admirable wearing properties. The gauzes and flowered crepes de chine are very suitable for either dinner or dance gowns.

If a girl has a good maid, a good figure, wears good corsets and knows how to put her clothes on, she ought to be able to make charming frocks at home at a small cost. Baby bodices are so becoming to young figures they depend principally for their success on a piece of good lace and a properly adjusted waistband or sash, but they must be put on with care and over properly adjusted corsets.

The illustration shows an elaborate dinner dress. JUDIC CHOLLET.

SIMPLE EFFECTS.

They Are Possible to the Woman With a Good Figure.

The corset of today seems to consist of nothing but a few strands of ribbon, but there is more to it than meets the eye, and never was this garment more difficult to make. There are certain things which every woman who aspires to be well dressed must spend her money on—namely, her corsets, her headgear and her boots. Once she has these important accessories correct, she will find it wonderfully easy to appear well dressed at a small cost. It was

CLOTH COAT.

quite a different matter in the days of tightly boned bodices, but now a graceful figure can wear the simplest stuffs and designs, and look better in them

than many do in a "fropoli" model frock yet never was dress more magnificent. Witness the gorgeous fur garments and evening wraps.

Zibeline wraps are pretty, while no expensive, and therefore will prove well come to the girl with a small allowance. Pale pastel cloths are also being used for this purpose. These wraps should not be made at home, for they require the skill of a good tailor or dressmaker.

The picture shows a three-quarter length coat made of cloth and trimmed with fur. JUDIC CHOLLET.

The Originator.

"I wonder who made the first after dinner speech?" asked the philosopher. "Adam," replied the wise guy promptly. "As soon as he got through with the core of that apple he said, 'The woman tempted me, didn't he?'"

Forced to It.

"You ought not to beg," she said. "No, ma'am," admitted the tramp. "Why do you do it?" "Well, ma'am, I wouldn't if I could git people to give me money by jest lookin' sad."

PRESCRIPTIONS UTTERLY FAIL

To cure itching and disfiguring skin diseases. But

DR. AGNEW'S OINTMENT
CURES

no matter what other or how many other applications have failed.

Madam used it and got well, and she keeps it for her friends and her children, having learned it is a neverfail in the treatment of piles, and in tetter, salt rheum, ringworm, eczema, barber's itch, and all skin eruptions. Price, 35c.

The Sisters at St. Joseph's Infant Home, South Troy, N.Y., state: "Many children come to our home covered with eczema. We would like to buy your ointment by the pound."

Dr. Agnew's Liver Pills are the most effective pills—while milder in action, more quickly setting free the digestive canal. 40 doses, 10c.

TO THE ELECTORS OF THE

COUNTY OF YORK

GENTLEMEN:

One of the largest, most enthusiastic and most representative conventions ever held in this County having unanimously nominated us to be the standard bearers of the party favouring the Government led by the Honorable Mr. Tweedie, we respectfully solicit your support in the election that is to be held on the twenty-eighth of this present month.

At the last general election in the Province this County gave unqualified approval to the policy of the Local Administration, and as that policy since that time has been most faithfully adhered to and successfully developed, it is difficult to surmise what reasons our opponents can present to the electors to induce them to change the views they so unmistakably expressed only four years ago.

The generous and well-directed efforts of the Government in aid of our agricultural interests, the assistance they have given towards the promotion of the mining industries of the Province, their careful and judicious management of the crown lands, their economical and prudent administration of our finances, and under the most adverse circumstances, the impartial and able manner in which they have maintained and improved the roads and bridges of the Province, are so well known and at times have been so candidly admitted, even by their opponents on the floors of the Legislature, that these topics are no longer within the realm of controversy, but are to be considered as part of the uncontrovertible public history of the country.

As the time between this and polling day is but short, there are many of you upon whom we shall not be able to call, but as in this contest we appeal to you for support entirely upon the public record of the Government and of ourselves, the impossibility of presenting our views to all of you in person is less to be deplored than if we were representing any narrow or sectarian views.

Your obedient servants,
W. T. WHITEHEAD,
JOHN A. CAMPBELL,
GEORGE W. ALLEN,
GEO. F. BURDEN.
