
I Advise Suffering Women Strongly, to Take Doctor Pierce's Favorite Prescription.

This advice comes from a woman who had suffered all the miseries women can suffer from disease, and had been perfectly and permanently cured by the use of Dr. Pierce's Favorite Prescription.

This great medicine for women establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

Read Mrs. Kempson's letter and, if you are sick, follow her advice.

"Although it has been quite a time since I wrote you," says Mrs. Fred Kempson, of Cambria, Hillsdale Co., Mich., Box 57, "still your name is a blessing in our house, and I think it my duty to let you know that I am still enjoying good health, thanks to you and your 'Favorite Prescription.' When I think how I was five years ago, and then see how I am now, I say, God bless Dr. Pierce's works, and may he live long to help poor suffering women. I have never had any return of my weakness and am well and hearty. Can do all my own work without any pain. You saved me from the grave when all others failed. I advise suffering women strongly, to take Dr. Pierce's Favorite Prescription, as I know it will cure in all cases, if indeed there is a cure."

Dr. Pierce's Pleasant Pellets are an excellent laxative, suited to the use of delicate women.

THE "WAVE MEKE."

Graceful and Refined Dance Performed by Fijian Maidens.

"The Fijian natives call their dances 'mekes,' and the best of them all is the 'wave meke,'" says a traveler who has witnessed these graceful evolutions. "A lot of pretty girls, in two or three rows, act the movements of the sea as it rolls in upon the reefs.

"First of all, they bend down in unison and sweep the ground slowly with their hands, waving their fingers in order to represent the little wavelets flecked by the wind. Then they sway their bodies to and fro to show the long roll of the tropical wave, and presently their figures rise and fall as do the breakers. The action of the dance becomes more and more violent. The wave is dashing up the barrier reef. The girls spring forward and clap their hands and then drop to the ground with a long musical cry. The wave has surmounted the reef and emptied itself into the glassy lagoon. The dance is over.

"Every movement of the 'wave meke' is graceful and refined. The best ballet girls in your American theaters are not better trained than these young Fijian maidens, who spend a good half of their happy, careless, lazy lives dancing their 'mekes' or playing in the surf. There are no finer dancers in the world. Nearly all their ballets describe the scenes around them or the incidents of their daily life. Other 'mekes' picture the palms swaying in the breeze, the canoes tossing in a gale and the clouds sailing across the sky."

A Famous New York Bank.

Early last century a charter was granted a company to set up a chemical works in New York, and in consideration of the boon these works would be a clause was added granting banking privileges. The astute men at the head of the concern saw possibilities of development on banking lines not apparent in the manufacture of chemicals and decided to make the business a banking one. To retain the privilege, however, it was necessary to manufacture chemicals, and so then, as today, an admirable pretense was made of doing this. In the fine establishment of the great Chemical National bank on Broadway a little shop is apportioned to a manufacturing chemist, who potters about mixing ingredients. He is not much troubled with business, but now and again a New York citizen will startle a visitor by taking him into this fine bank and asking for a dime's worth of castor oil—which is supplied. This was the only bank which did not suspend specie payments during the civil war.

Military Geese.

Even the geese in Germany march with military precision, which may be the reason why the famous drill style of the German infantry is called the "goose step." A writer in Travel thus describes the great goose armies which are so interesting to the health seekers at Bad-Nauheim:

"It is worth while to go to Ober-Moerlen at 6 o'clock in the afternoon to see these geese returning home from the fields. The village is white with them; hundreds and thousands, regiments and brigades of geese, marching along with military precision. As they near home they separate of their own accord; sixteen to the right, twelve to the left, a detachment up a lane, and so on—all quacking loudly, but bearing themselves with that keen sense of order and discipline which distinguishes the vaterland."

A Good Reason.

Mrs. Greene—What do you have an alarm clock in your chamber for if you don't have the alarm wound up?

Mrs. Gray—If you could have heard the awful things my husband said when the alarm went off you wouldn't ask me.—Boston Transcript.

Scanning His Motive.

You can't be dead sure that a young man is saving to get married just because he stops smoking cigars and begins to smoke a pipe.—Boston Globe.

No; he may be smoking the pipe to get even with the neighbors.—Cleveland Plain Dealer.

Cruel Man.

"Before marriage you always gave in to me when I cried."

"Well, I've learned to swim since then."—Toronto Moon.

Owes His Life to a Neighbor's Kindness

Mr. D. P. Dangherty, well known throughout Mercer and Summer counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhœa; was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy, which cured him in less than twenty-four hours. For sale by all druggists.

The dull white or the glossy finish on laundered linen is a matter of taste—to get either finish perfect is a matter of using Celluloid Starch.

Just add lukewarm water—soaks into fabric without rubbing and stiffens perfectly. The edge or point of the iron will give the gloss.

Good grocers sell it.

SHOT GUN

- PRESCRIPTION -

We suppose we are not revealing any trade secrets when we say that many medicines are made up on the principle of the so-called "Shot Gun" Prescriptions, which were formerly somewhat in vogue. The idea of the Shot Gun Prescriptions was to put into a medicine a large number of different drugs, each useful for different purposes, in the hope that some of them might hit the case.

The most successful physicians we know use a more direct method. The medicine we sell sell over our own name, and guarantee, does the same. This medicine is called

Staples' Dyspepsia Remedy.

It is the best remedy we know of for Dyspepsia in all forms, such as Indigestion, Costiveness, Biliousness, Sour Stomach, Heartburn, Water Brach, Sick Headache and all the terrible diseases caused by Dyspepsia. It is not a scattering "Shot Gun" Prescription but it goes straight to the mark, and has cured so many people right here in town, that it gives us confidence to sell it on an absolute guarantee, as follows: If you use a bottle and it does not help you, we will give you your money back without a word of complaint. We could not afford to guarantee it so boldly if we had not seen it succeed ninety-eight out of every one hundred cases.
