NO. 261

SCIATICA CURED.

Another Triumph for Dr. Williams' Pink Pills.

Mr. Etsell, of Walkerton, Suffered for Months and Got no Relief Until he Began the Use of These Pills.

Of the many employees of R. Truax & Co., Walkerton, Ont., none stands higher in the confidence of his employers than does Mr. Thomas J. Etsell. He is an excellent mechanic, and has been in the employ of this firm for upwards of ten years. But although Mr. Etsell now ranks among the few men who are never absent from their post of duty, the time was when he was as often absent as present, all because of physical inability to perform his work. For years Mr. Etsell was a great sufferer from sciatica, and at times the suffering became so intense that for days he was unable to leave the house.

During these years, Mr. Etsell, as may readily be imagined, was continually on the lookout for some remedy that would rid him of the disease, but for a long time without success. Doctors were consulted and although he took the treatment prescribed, it did not help him. Then he tried electric treatment, but this also failed to give relief, and in despair he had about made up his mind that his case was hopeless and that he would be a suffering, helpless cripple to the end of his days. Then one day a neighbor advised him to try Dr. Williams' Pink Pills. At first he refused, believing they would prove like other medicines, but the neighbor was so insistent, having herself been greatly benefited by these pills, that at last he consented. The remainder of the story may best be told in his own words:

"When I began taking these pills," said Mr. Etsell to a reporter of the Telescope, "I had been off work three months. The cords of my right leg were all drawn up, and I could only limp about with the aid of my stick. The pain I suffered was terrible. I could not sleep at all during the night, and I was in misery both night and day. At first I thought the pills were doing me no good, but after I had taken six boxes I fancied I was feeling better, and was encouraged to continue the treatment. After that I got better every day, and by the time I had taken about fifteen boxes every vestige of pain had disappeared. For over a year," continued Mr. Etsell, "I have not had a twinge of pain, and although I am forty years of age I feel as well as when I was twenty. Pink Pills cured me, and I have no hesitation in announcing them the best medicine in the world for sciatica."

The cure of Mr. Etsell proves that Dr. Williams' Pink Pills are not an ordinary medicine, and that their power to cure in all troubles of the blood or nerves places them beyond all other medicines. You can get these pills from any medicine dealer or direct by mail at 50c. a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont. See that the full name "Dr. Williams' Pink Pills for Pale People" is printed on the wrapper around every box.

A woman never learns the true value of kind words until after she is married.

It is easier to kick up a row than it is to accept the kicks resulting therefrom.

A WISE PRECAUTION.

No matter whether the baby is sick or well, Baby's Own Tablets should always be in the house. They not only cure infantile disorders, but they prevent them, and should be used whenever the little ones show the slightest signs of illness. No other medicine is so enthusiastically spoken of by mothers—no other medicine has done so much to make little ones healthy and good natured. Mrs. Albert Luddington, St. Mary's River, E. S., says: "I do not believe my baby would have been alive today had it not been for Baby's Own Tablets. Since using them he is growing nicely, is good natured and is getting fat." Good for the new born baby or growing child—and above all absolutely safe. You can get Baby's Own Tablets from your druggist or by mail at 25 cents a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Did it ever occur to you that the majority of women haters are married men?

The Greatest Family Remedy

And one well known in most Canadian homes is Nerviline, a perfect panacea for all internal and external pain. Mrs. M. E. Cartwright of Morris says: "I couldn't think of being without Nerviline. When I get toothache Nerviline stops it. If I get a sick headache, have a trouble with my stomach or bowels I can rely on Nerviline to cure me promptly. To break up a cold or rub on for rheumatism or neuralgia Nerviline has no equal. It's priceless in any family. Nerviline is king over all pain and costs 25c.

TALKS OF WEST.

C. N. R. Adds 400 Miles This Year.

REACHES SASKATOON.

Prince Albert Branch Nearly Completed.

WEST IS VERY PROSPEROUS—PROSPECT FOR IMMIGRATION.

Fresh from a tour of the Canadian Northern lines in the west, Mr. William Mackenzie talked interestingly of his accomplishments and plans in railway building. It was evident that the progress his construction gangs had made this year pleased him, for he was able to say that 305 miles of track had already been laid this season, and to this they hoped to add another 100 miles before the bad weather steps in. "You know we can lay steel after the frost comes, though we cannot do any grading," he said. The Canadian Northern now had in operation and with the track laid about 1,750 miles of line west of Port Arthur.

HAVE REACHED SASKATOON.

"I was pretty well over the western extensions," said Mr. Mackenzie. "Our main line has just reached the Saskatchewan near Saskatoon, by way of Grand View. We expect that in about three weeks we will reach the elbow of the North Saskatchewan and before the season closes we hope to lay the track 60 miles farther to Battleford. There may be some delay in completing the four large bridges on the main line. That at Saskatoon is now ready to run over. The timber is pretty well all at the Battleford bridge now, having been floated down from Edmonton, and it will be ready in the spring. We will put in steel bridges at these points, but first of all we have to put up wooden structures to carry the steel. We hope to reach Edmonton by October next year. The line is now graded to within one hundred miles of that place. After that we expect to go on beyond Edmonton."

Mr. Mackenzie spoke with pleasure of the settlement along the Canadian Northern. There is a very good settlement around Humboldt and in the neighborhood of the Quill Lakes. He understood the country was pretty well settled all the way from Battleford to Edmonton.

As to the progress on the Prince Albert branch, which leaves Manitoba at the northwest corner and passes due west, Mr. Mackenzie said grading was now done to the South Saskatchewan, fifteen miles from Prince Albert. "We are thus right on the edge of the famous Carrot River country," said Mr. Mackenzie. "I never saw a finer looking country in my life than at Melfort, which I saw this trip for the first time." Trains are running as far as Melfort, a new and flourishing town, 62 miles east of Prince Albert, and the track would be laid as far as the South Saskatchewan this year. They would get into Prince Albert, which is on the south bank of the North Saskatchewan, early next year. The bridge at the present end of the grading would be put in the first thing in the spring. In other parts of Manitoba a few branch lines are now being finished up.

GRAIN MOVEMENT BACKWARD.

"Do you think there will be a grain blockade this year?" Mr. Mackenzie was asked.

"I think it will be doubtful if 50 per cent. of the grain will reach lake ports this year, judging by the way it has been moving up to the present. We have not by 750,000 to 1,000,000 bushels moved as much grain this year as last year to this date. The grain did not commence moving until three weeks later. It is coming pretty fast now, and may make up before the close of navigation. Where grain is moving out I never saw it so close to the market before. There is hardly any in store. That indicates that the facilities are greatly improved. There is no question about moving the grain in a reasonable time and in a reasonable way. If everybody wants to market on the same day there may be more or less difficulty," said Mr. Mackenzie, with a smile.

"The west is very prosperous indeed," he went on. "Everything is looking well. I met a Mr. Jansen, of Minnesota, who has large interests in the Canadian west, and who told me there would be a bigger rush from the

FOR THIRTY YEARS

Congressman Meekison Suffered With Catarrh—Read His Endorsement of Pe-ru-na.

CONGRESSMAN MEEKISON, OF OHIO.

Hon. David Meekison is well known, not only in his own State but throughout America. He began his political career by serving four consecutive terms as Mayor of the town in which he lives, during which time he became widely known as the founder of the Meekison Bank of Napoleon, Ohio. He was elected to the Fifty-fifth Congress by a very large majority, and is the acknowledged leader of his party in his section of the State.

Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peruna came to the rescue, and he dictated the following letter to Dr. Hartman as the result:

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison, ex-Member of Congress.

Over fifty members of Congress endorse Peruna as a catarrhal tonic. Men of prominence the world over praise Peruna.

HEIRS TO MILLIONS.

To Continue Toil at \$2.50 PER DAY IN New York.

United States to Canada next year than we have had yet. He is a very well-to-do man, and knows what he is talking about.

"Have you any plans for entering British Columbia?"

"We have not taken up any active negotiations for that yet. You know," Mr. Mackenzie added, with a smile, "we expected at one time to be the favored people to build this new transcontinental road. Now we must go along as best we can. It may take a little longer than it otherwise would."

A HELPLESS CHILD.

A weak and puny child is badly handicapped in the battle of life. It is isolated from the healthy enjoyments of its little fellow-beings. It cannot partake either of their play or their study work and progress in the world; its whole life is embittered by incapacity and weakness.

Any mother who expects to become a mother ought to know what Dr. Pierce's Favorite Prescription will do both for her own health and safety during her time of trial and also to insure her in bequeathing a fair measure of health and strength to the prospective little one.

The man who talks modest on the corner is as dumb as an oyster at home.

Hurried and Worried All Day.

And the worst of it is you are a little run down and have mighty little chance to catch up. Everything seems like grindstone wearing down your nerves. You are irritable and get less sleep than is absolutely necessary. Better stop before things get worse. Your best plan is to use Ferrozone for a while and give your nerves and brain a chance to pick up. Ferrozone is the finest tonic a busy man can take. It makes new blood, nourishes the body, strengthens the nerves, improves the appetite and rehabilitates the whole system. Try Ferrozone. Price 50c.

A TONIC is a medicine that gives tone to some part of the system. There are different kinds of tonics, but the tonic most needed in this country, where catarrh is so prevalent, is a tonic that operates on the mucous membranes.

Peruna is a tonic to the mucous membranes of the whole body. It gives tone to the capillary circulation which constitutes these delicate membranes.

Peruna is a specific in its operation upon the mucous membrane. It is a tonic that strikes at the root of all catarrhal affections. It gives tone to the minute blood vessels and the terminal nerve fibres. Catarrh cannot exist long where Peruna is used intelligently. Peruna seeks out catarrh in all the hidden parts of the body.

A. M. Ikerd, an employe of the C. B. & Q. R. R., West Burlington, Ia., writes:

"I had catarrh of the stomach and small intestines for a number of years. I went to a number of doctors and got no relief. Finally one of my doctors sent me to Chicago and I met the same fate. They said they could do nothing for me, that I had cancer of the stomach and there was no cure. I almost thought the same, for my breath was something awful. I could hardly stand it, it was so offensive. I could not eat anything without great misery, and I gradually grew worse.

"Finally I got one of your books, and concluded I would try Peruna, and thank God, I found a relief and a cure for that dreadful disease. I took five bottles of Peruna and two of Manalin, and I now feel like a new man. There is nothing better than Peruna, and I keep a bottle in my house all the time."—A. M. Ikerd.

Catarrh of the stomach is usually called dyspepsia. Catarrhal dyspepsia cannot be cured by pepsin powders or any other temporary relief. The only cure for real dyspepsia is a removal of the catarrh from the mucous membrane of the stomach. This Peruna will do. This Peruna has done thousands and thousands of times.

Congressman Botkin, of Kansas, was cured of catarrh of the stomach of many years' standing. Hundreds of other cases have been reported to us through unsolicited testimonials. Peruna is the only internal systemic remedy for catarrh yet devised. Every one afflicted with catarrh in the slightest degree ought to take a course of Peruna.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

house on Van Duezer street. Richard is single and lives with his brother.

For many years Thomas was employed as deckhand on the Staten Island ferry, and earned only \$1.50 a day. For the past two years he has been working with Richard as a dock builder in Manhattan. Both have a hard time to get along. They enjoy the esteem of all who know them.

**Weary Shop Girls
Pale, Tired Women**

You Feel "Draggy," Lifeless, Nervous, Never Rested.

FERROZONE

Will Make You Feel Like New—It Vitalizes, Tones and Strengthens.

The best medicine for restoring verity and strength is Ferrozone.

The time to take Ferrozone is when you first feel tired, and when appetite fails, when nerves get irritated.

Its record is marvellous—it makes you feel strong and sturdy, brings health that outlasts old age. Mrs. Mary Melong, of Harbor Bouche, Nova Scotia, writes:

"Ferrozone built me up.

"Before using it I scarcely knew what good health meant.

"I was just as miserable and weak as any woman could be.

"Tired from morning till night, bothered by trifles, unceasingly nervous.

"The first box of Ferrozone improved my blood, gave me appetite. In a short time I was like a new person. Now I rejoice in abundant good health."

Get Ferrozone. It will make an unexpected improvement in your looks, your feeling, your health. 50c. per box, or six for \$2.50. By mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.
