

REV. F. C. HARTLEY

Resigns the Pastorate of
the Free Baptist Church.RESIGNATION ANNOUNCED AT LAST
EVENING'S MEETING.As Yet He Is Undecided In Regard
To the Future.

At the evening service of the F. B. church last night, Rev. F. Clarke Hartley read to the congregation a copy of a letter addressed to the clerk, in which he tendered his resignation as pastor. He requested that the resignation be accepted to take effect on October 1st. The announcement came as a surprise to many in the congregation and it has been received on all sides with expressions of deep regret.

The rev. gentleman has been pastor of the Free Baptist church for fourteen years, and his earnest labors have been attended with a great degree of success. When he assumed charge there was an indebtedness on the church property, of some \$5,000, and largely as a result of his efforts this has been wiped out, and there is now a snug credit balance. During Mr. Hartley's pastorate no less than three hundred candidates have been baptized and received into the church, and all the church organizations have made substantial progress.

In conversation with the Herald today Mr. Hartley said he was quite undecided as to his future course. He had been tendered a call to the Houlton church some weeks ago, but had declined it and hardly thought that it would be renewed. He added that his reason for resigning was that he thought a change after his long term of service would be both beneficial to himself and to the church. He had been well treated by people of all denominations, and would be very sorry when the time came for him to leave the city.

The New Anthem.

It was a new anthem, composed by the village organist, and this was its effect: The soprano started off with the very laudable though rather startling announcement, "I will wash." Straightway the alto, not to be outdone, declared she would wash. And the tenor, finding it to be the thing, warbled forth he would wash. Then the deep chested basso, as though calling up all his fortitude for the plunge, bellowed forth the stern resolve that he also would wash. Next a short interlude on the organ, strongly suggestive of the escaping of steam or splash of the waves, after which the choir, individually and collectively, asserted the firm, unshaken resolve that they would wash. At last they solved the problem by stating that they proposed to "wash their hands in innocence."

How It Affected Him.

Mrs. Brownovich—I understand your husband is seriously ill.

Mrs. Smithinsky—Yes. He's too ill to do anything except make good resolutions.—Cincinnati Enquirer.

What would you give ten years from now for pictures of baby, showing him when he was a week old, a month old, three months old, and so on through his babyhood? A great deal, wouldn't you? It's easy with a Camera to catch him in all of his cute poses. This is but one of the pleasures that a Camera gives. A full line of CAMERAS and SUPPLIES here.
