Mrs. Thomas Stanger of this city, who went to Manguerville this morning to visit her daughter, Mrs. H. E. Harrison, was the victim of quite a serious accident shortly after her arrival at that place. She was riding from the boat landing to Mr. Harrison's residence on a light sloven wagon, and had the misfortune to lose her balance and fall from her seat to the ground. One of the hind wheels of the vehicle passed over her left side and arm, inflicting a very painful injury. Dr. Atherton of this city, was telephoned for and is now in attendance upon the injured lady.

Early Morning Racket.

There was quite a racket at Fannen Settlement at an early hour on Sunday morning and the police had to be called to restore order. About three o'clock two unknown men with handkerchiefs tied over their heads, appeared in front of a house occupied by a Mrs. Thompson, and drove two sticks of wood through the panels of the front door. After doing this they immediately took to their heels and made good their escape. The screams of the terrified occupants of the house aroused the whole neighborhood.

LIGHTNING'S FREAKS.

Violent Electrical Storm Passed Over the City on Sunday.

An electrical storm of unusual violence, accompanied by a heavy downpour of rain, passed over the city yesterday afternoon. It came on very unexpectedly, and lasted upwards of an hour. The lightning, which was of a particularly vivid nature; got mixed up with the electrical fire alarm system and put it out of order for the time being. City Electrician White was kept busy most of the afternoon making repairs. During the storm a large birch tree near Pine Bluff Camp at Springhill was struck by a bolt of lightning and split down the centre for a distance of about ten feet. Mr. W. T. Chestnut, and several friends, were standing a few yards from the tree at the time, and felt the shock, but escaped without injury. The noise made by the bolt in striking resembled the bursting of a bomb shell, and a huge bolt of electric fire seemed to roll down the trunk of the tree and disappear into the ground.

Three men named Barkhouse, Woodworth and Granville, who board at Tribe's Hotel, Marysville, were more or less injured by an electric shock during the storm. A broken telephone wire is supposed to have attracted the lightning. All were rendered unconscious. Barkhouse recovered in a few minutes. Granville pulled around in a half an hour. Woodworth was quite seriously unnerved being still unable to work.
