

Many Women Suffer Untold Agony From Kidney Trouble.

Very often they think it is from so-called "female disease." There is less female trouble than they think. Women suffer from backache, sleeplessness, nervousness, irritability, and a dragging-down feeling in the loins. So do men, and they do not have "female trouble." Why, then, blame all your trouble to female disease? With healthy kidneys, few women will ever have "female disorders." The kidneys are so closely connected with all the internal organs, that when the kidneys go wrong, everything goes wrong. Much distress would be saved if women would only take

DOAN'S KIDNEY PILLS

at stated intervals.
Miss Nellie Clark, Lambeth, Ont., tells of her cure in the following words:—"I suffered for about two years with kidney trouble. I ached all over, especially in the small of my back; not being able to sleep well, no appetite, menstruation irregular, nervous irritability, and brick-dust deposit in urine, were some of my symptoms. I took Doan's Kidney Pills. The pain in my back gradually left me, my appetite returned, I sleep well, and am effectually cured. I can highly recommend Doan's Kidney Pills to all sufferers from kidney trouble."

Nov. 18—Sunday night the rain fell quietly, followed by heavy, wet snow, which crusted everything. By Monday morning the wind rose and in a few hours the electric systems of two companies were prostrate and demoralized. Poles were sagged down and wires grounded or snapped. We were completely cut off from the rest of the world as the Russians behind the battlements of Port Arthur, while around beat the artillery of the snow and the wild blast. Through great efforts such as only great corporations can make, the Western Union and the C. P. R. Telegraph Companies have partially repaired the immense damage wrought and restored communication. In the green woods the plant water birch is making both ends meet. Evergreens, such as firs and spruce, under their snowy coats are strapped everywhere.

HEALTH FOR BABY.

Babies that are well, sleep well, eat well, and play well. A child that is not lively, rosy-cheeked and playful, needs immediate attention, or the results may be serious. Give an unwell child Baby's Own Tablets and you will be astonished how soon he will be bright and playful. For diarrhoea, constipation, simple fever, indigestion, colic, and teething irritation, these tablets have absolutely no equal. They do not stupefy the child as poisonous "soothing" medicines do—they go to the seat of the trouble and cure him. Mrs. E. Bancroft, Deerwood, Man., says:—"I have used Baby's Own Tablets for stomach and bowel troubles, for simple fevers and teething and I think them the best medicine in the world." You can get these Tablets at any drug store, or by mail at 25 cents a box by writing the Dr. Williams Medicine Co., Brockville, Ont. Wise mothers always keep the Tablets in the house to guard against a sudden illness of little ones.

ANOTHER BOXER RISING

Said to be Inevitable in
China.

BIBLE SOCIETY AGENT DECLARES FOREIGNERS ARE IN PERIL.

America May Send Troops.

Beloit, Wis., Nov. 17.—In a letter from Peking, Charles F. Gammon of the American Bible Society says a second Boxer outbreak is inevitable. He states that Minister Conger is alive to the danger,

and has notified the Chinese officials that unless the movement is suppressed at once he will request that American troops be sent to Peking.

Mr. Gammon's letter, which is addressed to his father, who lives here, is in part as follows:

"I find the situation in some parts of the North very unsatisfactory, particularly in Shan-Tung and Ho Nan. Dates have been set for the slaughter of all foreigners, and the general symptoms resemble those of 1900.

"Several secret societies, including the Boxers, have united in one great society, the purpose of which we do not understand. The officials are helpless because many of their underlings are members. In fact, the officials are forced to obtain information from missionaries.

"The causes of the trouble I do not know wholly, but heavy taxation is one of them. This is being laid at the door of the foreigners."

The Rev. Dr. John Fox, one of the secretaries of the American Bible Society, said last night that he had complete faith in Mr. Gammon's ability to judge of the situation in China. Dr. Fox said he had received advices from the representatives of the society in the Far East bearing out the alarming reports regarding conditions in China, but he was inclined to hope that the authorities would be able to suppress any disorder before it reached a serious stage.

Mr. Gammon was in China at the time of the Boxer outbreak of 1900. He was then stationed at Tien-Tsiao, and took a prominent part in the defense made by the Europeans and Americans there against the attacks of the natives.

Reports recently as to the situation in China have been of a very alarming character. Mr. Gammon's statement regarding the activity of the anti-foreign societies in Shan-Tung corroborate a dispatch from Shanghai six weeks ago which said that in Shan-Tung the Shotuan (I-Ho-Chuan?) Boxers were openly distributing prospectuses couched in the same language as those circulated before the uprising of 1900, calling for the extermination of all foreigners.

It was in Shan-Tung that the outbreak began in 1900.

Just a word of caution: Where the skin is destroyed by burns or scalds apply Weaver's Cerate, reduced with sweet oil or lard. Otherwise the Cerate in full strength should be used; the sooner the better.

Contracted Bad Cold. Doctor Said, Serious!

Wanted To Send Him Three
Hundred Miles To The
Winnipeg Hospital.

Bottle and a Half of
**Dr. Wood's Norway
Pine Syrup**
Cured.

Read what Mrs. A. G. Wheeler, Was-sau, Man., has to say about it:—"Please let me thank you for the great good that both my husband and my children have received from Dr. Wood's Norway Pine Syrup. One night when my husband came home from work he had contracted a very bad cold. He became so bad that he had to go to bed and send for the doctor. When the doctor came he pronounced it a very serious case, and wanted me to send him to the Winnipeg Hospital. This, I would not do, as it is about 800 miles to Winnipeg. I decided to try Dr. Wood's Norway Pine Syrup and got four bottles of it. He only took one-and-a-half bottles before he was all right again and only lost a few days' work. I always keep it in the house for the children. Even the baby, seven months old, takes it and seems to like it, and as for myself I do not know what I would do without it. I think that every good housekeeper should keep a bottle on hand, for I know it will save many a doctor bill."

Price 25 cents. Put up in a yellow wrapper and three pine trees the trade mark. Refuse substitutes.
