CHURCH ANNIVERSARY.

Gibson Baptists Had a Pleasant Celebration.

Nov. 18.—The Baptist church at Gibson was the scene of a very enjoyable gathering Thursday night, the occasion being their fifteenth anniversary and it was Canada's National Thanksgiving Day. Appropriate addresses and music were furnished, several members of different denominations taking part.

The church was beautifully decorated with cut flowers and potted plants, which certainly made a very attractive and magnificent sight. The full choir was present and their singing was excellent, especially the solo by Mrs. J. H. Bradley, which was very much enjoyed. Following is the programme:

Doxology.
Invocation.—Rev. W. R. Robinson.
Hymn 687—Congregation.
Reading of Scripture—Rev. James Crisp.
Anthem—Choir.
Prayer—Rev. Mr. Keys (Africa).
Solo—Mrs. J. H. Bradley.
Address—Rev. Dr. Rogers.
Anthem—Choir.
Address—Rev. J. H. MacDonald.
Anthem—Choir.
Address—Rev. James Crisp.
Hymn 690—Congregation.
Benediction—Rev. Dr. Rogers.

The address by Rev. Dr. Rogers was a rare treat and was very interesting and witty.

Rev. J. H. MacDonald was in his usual good form and made a very practical address.

Rev. James Crisp, who is always interesting, was heard with delight.

What made the affair doubly interesting was the fact that it was the 4th anniversary of Rev. W. R. Robinson's charge, under whose leadership the church has rapidly advanced. At the close of the program a thank offering was taken up and a large sum was realized, which goes towards the church funds. During the evening refreshments were served and a very

and profitable hour was spent in social intercourse.

Next Sunday morning the pulpit of the Baptist church will be occupied by Rev. Mr. Keys of South Africa, and in the evening he will preach at Nashwaaksis. Everybody should hear this gentleman's discourse, it will be very interesting.

CATARRH, PNEUMONIA, CONSUMPTION.

Death's fateful trinity they are often called. Catarrh is the first stage, pneumonia often follows, and consumption finally extracts the full penalty. This can all be averted by using healing, balsamic Catarrhzone an antiseptic that penetrates the remotest air cells of the lungs. Catarrhzone reaches the entire mucous surface of the throat and breathing apparatus; it carries health wherever it goes, brings relief and is absolutely certain to cure. Don't delay, get Catarrhzone today. It means health, certain cure. Two months' treatment \$1.00; trial size 25c. Catarrhzone is guaranteed.

NORTHWEST HARVEST.

Condition of the Country Eminently Satisfactory.

Winnipeg, Nov. 18.—Manager Black of the Orlville Flour Mills Company, interviewed on the subject of conditions in the country as they exist at the present time, had the following to say. "While harvesting and fall ploughing were more or less delayed in the early fall, the ideal weather we have had the past few weeks has enabled the farmers to more than overtake all backwork. Their threshing is practically finished, and splendid progress has been made with the ploughing, in fact, so well have the farmers done in this respect that coupled with the large amount of new land broken during the summer and fall, a very heavy acreage may be expected the coming season, an increase of from 20 to 30 per cent. being probable. Ample rain has fallen to assure a good start for the seeding in the spring, so that conditions at this time of the year could not well be more favorable. Threshing returns, now complete, show a yield of sixty three to sixty four million bushels of wheat, and although only one and a half per cent. of the sixteen millions inspected have graded below No. 5, still better results may be expected from the large amount still to come forward, as the interior grades are always first to be marketed. The returns of wheat held in store in the interior elevators, added to the quantity now inspected show that but one-third of the crop has yet been delivered by the farmers.

The coarse grains are now starting to move and will show a considerable exportable surplus. There will be a very large amount of money in circulation this year, and all financially interested in the country are bound to be more than pleased with the final results of the past seasons harvest.

Funeral Collections.

In the course of a trial at Carnarvon it was stated that in north Wales the custom prevails of making a collection from those present at funerals, the money being handed to the clergy or ministers instead of burial fees.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Dr. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

DANCE PROGRAMMES.

We have something very neat and nobby in Dance Programmes, altogether unlike any previously used in this city. Call and have look at them.

I ALWAYS select the tobacco leaves that grow about the middle of the stalk. I find this leaf as filler in my Pharaoh is best because it is perfectly and uniformly ripened

and contains just enough gum to sweat properly and so promote the proper curing. The top leaves of the plant I reject—they are too tender and gummy and contain so much of the rancid bitterness of the tobacco that it would take me five years to sweat them out properly—even then they would not be satisfactory.

Then I see that the immature—torn—broken and injured leaves are discarded. The filler of my Pharaoh contains only clear—well nurtured—well matured—well cured leaves—the select of each year's Cuban crop.

J. BRUCE PAYNE, Limited, Granby, P.Q.
Held together by the Connecticut broadleaf and wrapped in a flawless Sumatra wrapper I import direct from Holland—the best tobacco money can buy—that's why my Pharaoh is so good.—J.B.P.
