Malaria-Proof Wallace.

Mr. William Wallace of Nigeria has
 just arrived in England on one of
 his rare holidays, says The West
 African Mail. He is accompanied by
 Col. Morland, whose brilliant auda-
 city won Kano for the Empire. Mr.
 Wallace (who used to be thought a
 negro by our French friends in days
 when their knowledge of British col-
 onial methods was not so accurate
 as it now is) has served eighteen
 years on the Niger, and is malaria-
 proof.

A Scotsman and a diplomatist,
 Mr. Wallace went on embassies to
 Sokoto and Kano, on behalf of the
 Royal Niger Company, when such
 journeys involved great personal
 risk. On the assumption of direct
 Imperial control Mr. Wallace, who
 is a C.M.G., was appointed Deputy
 High Commissioner. He has visited
 every corner of the protectorate from
 Sokoto to Lake Chad. From him Sir
 Frederick Lugard has had most valu-
 able help in bringing about the ac-
 ceptance of British rule.

Paint Brushes.

Do not neglect when setting aside
 paint brushes to put them in turpentine.
 This will remove the paint, and the
 brushes can then be cleansed with hot
 soap and water.

Sunshine Furnace

Some Furnaces try to
 heat the whole neighbor-
 hood by sending 90 per cent.
 of the heat up the chimney.
 What you want is a Furnace
 that will heat your whole house,
 and send only the smoke up
 the chimney.

And this is just what the Sunshine
 Furnace does. It has more radiating
 surface than any other Furnace made,
 and all the heat is forced through the hot-air
 pipes—not into the smoke pipe and up the
 chimney.

The most economical, the greatest heat pro-
 ducer, the cleanest and simplest heater on the market.
 Sold by all enterprising dealers. Write for booklet.
