

Women with Weak Kidneys

suffer agony; yet often never realize what causes the trouble. The sharp shooting pains in the back, the dull ache across the loins, the throbbing headaches, the sleepless nights, loss of appetite, sallow skin—all are signs of dangerous kidney trouble.

have saved many a woman from hopeless suffering. They instantly check the ravages of Kidney Disease, soothe the pain, stop headaches and backaches, make the bloom in pale cheeks, and enable one to regain health and strength. SUN KIDNEY PILLS never fail.

Harvey Station.

(Special Correspondence to the Herald.)

Christmas passed very quietly here. The church at the Station was tastefully decorated with evergreens and Rev. J. A. McLean preached an appropriate Christmas sermon from Isaiah 9, 6 in the evening.

Considerable interest was taken in the horse races which it was intended to have on Christmas Day, but when the time some of the horses did not show up and the races were declared off somewhat to the disappointment of a number of people who came to witness them. A number of young men engaged in a rifle shooting match which proved to be quite interesting although, owing to the extreme cold, high scores were not made. Wilmot Tracy won first prize, T. Harris second, and Wallace Grieve third.

The closing exercises of the Superior School were held on Thursday and showed that the school had been conducted in a very efficient manner by the teachers, Misses Alward and Hunter. Miss Alward will continue to act as principal of the school, but Miss Hunter has resigned her position in the primary department where she has taught for nine terms. She has given entire satisfaction and many expressions of regret were heard when it was known that she would not accept the position again.

Among the holiday visitors are Mr. A. L. Grieve of Brownville, Maine, who is the guest of his parents, Mr. and Mrs. Rolt Grieve; Mr. A. A. Rathbourn of St. John, who is the guest of Mrs. W. E. Smith, and Mr. Maunsel Tracy of Tracy Station, the guest of his brother, Mr. Wilmot Tracy.

Saturday night was the coldest of the season, the thermometer registering 18 below the cipher.

Glencoe.

(Special Correspondence to The Herald.)

Dec. 26.—The roads at present are in a good condition for travelling and by the way the sleighs are flying we believe it is the intention of the young people to keep them so.

The largest majority of the men of this Settlement spent their Christmas at their homes.

There was a Christmas tree at the Presbyterian church at South Portage on Saturday, Christmas eve.

Miss Sadie McConnell spent Christmas at her home.

Misses Levinia and Annie McDonnell were visiting the Misses Maud and Lottie Lipsett.

Rev. W. Sables spoke in the Baptist church on Christmas night on the subject of Union Bases.

Mr. and Mrs. George Clarke were last week visiting relatives here.

Mr. and Mrs. Donald Ross and little son spent Christmas at Mrs. Ross's old home in Glencoe.

A number of our young ladies and gents attended the oyster supper at the new Odd Fellows Hall at Covered Bridge, Monday night, the 26th.

Our school has reopened here again after being closed down for the Xmas vacation. Miss Jennie Cameron is taking charge of the school this term.

Pluck and Success.

An argument against discouragement after repeated failures is offered by the life of George Frederick Watts, the great English painter.

That he was quite the most important of Great Britain's artists is now everywhere admitted, yet his merit was not generally recognized until after he had passed his sixtieth birthday. Before he died he said, with a smile, that he had never been discouraged once in spite of all the unjust criticism and, more maddening still, the utter indifference with which his pictures were received until after he had begun to descend the hill toward the valley of old age.

Ignorance About Canada.

Mr. Arthur G. Scott, a member of the Manchester Board of Commerce, said when in Toronto the other day, "In spite of the efforts of your press, the Canadian officials in England, such as Mr. Alfred Jury, who is stationed in Manchester, and the spread of education, it is astonishing how little is known in the Old Country about Canada. You would hardly believe me when I assure you that when the news of the great fire in Toronto was received in Manchester several prominent members of our Board solicited subscriptions for the sufferers on the ground that the shops of Toronto were burned and the inhabitants had sought refuge in the neighboring woods exposed to dangers from the attacks of wild animals."

Where Money Talks.

"I am a poor man," he began, "but if the devotion of a true and loving heart goes for anything with you I"—

"Oh, it goes with me all right," interrupted the fair but practical maid, "but I'm afraid it won't go with the grocer and butcher."

Faith.

Speaking of a man who fell in love with his mother-in-law and finally eloped with her, Brother Dickey said, "Well, suh, dat man had de faith dat would advertise fer a lost umbreller!"

Some people are not better than others, but they are more cautious.—Athenian Globe.

No Breakfast Table complete without

EPPS'S

An admirable food, with all its natural qualities intact, fitted to build up and maintain robust health, and to resist winter's extreme cold. It is a valuable diet for children.

First Aid in the Home

For the home there is no other "first aid" so sure as Pond's Extract—the old family doctor. Emergency hospitals use it to stop bleeding in deep cuts and value it for its efficacy to allay inflammation and banish pain. Every family medicine chest should contain its bottle of Pond's Extract.

Sold only in sealed bottles under buff wrapper.
ACCEPT NO SUBSTITUTE.
