

WHEN LIFE'S AT STAKE

The most timid man will take any chance of escape. The slender rope dropped down the precipice, the slippery log over the abyss, anything that offers a chance of life, is eagerly snatched at. The end the man seeks is safety. He cares nothing for the means to that end.

There are thousands of men and women whose lives are at stake, who are hindered from accepting the one means of safety by foolish prejudice.

Doctor Pierce's Golden Medical Discovery has been the means of restoring health to many men and women whose hollow cough, bleeding lungs, emaciation and weakness seemed to warrant the statement of local physicians—"There is no cure possible."

"I should prejudice against a put-up medicine hinder you from trying what has cured thousands of suffering men and women?"

"Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave to-day," writes Mr. Moses Miles, of Hilliard, Uinta Co., Wyoming. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption. My wife had taken Dr. Pierce's Favorite Prescription and it had helped her so much she insisted on my trying his 'Golden Medical Discovery'—which I did. I have taken four bottles and am now a man, weighing 185 pounds, thanks to Dr. Pierce's Golden Medical Discovery."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose.

Rising Young Artist.

A New York correspondent writes that Mr. William A. Cowan, son of Inspector Cowan of Guelph, who is pursuing his art studies in New York city, has been elected one of the original members of the North American Affiliation of the O. K. Club. The O. K. Club was founded in London two years ago, and its objects, broadly speaking, are to promote good-fellowship among persons interested in science, art and literature. Membership is perpetual, and the oath administered on election is a pledge to oppose "whatever is superfluous in science, meretricious in art and erotic in literature." No member has ever been elected who has not accomplished work of recognized merit. Mr. Cowan formerly a student at the Toronto School of Art, is the first and so far the only representative of Canada in the club.

He was arraigned in the Municipal Court late this afternoon and held in \$50,000 bail for a hearing March 3.

THE HARDEST PAIN TO ENDURE

You Take No Chances.

All druggists guarantee every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

Attacked by Wild Beast.

Vancouver, B. C., Feb. 27.—At an early hour yesterday morning, while J. Morrison, an employee of the Vancouver Power company, was walking from the tunnel on Lake Oquiltan on a lonely road, he was suddenly attacked by a fierce beast which sprang from the bushes and seized him by the arm. He was badly bitten in the struggle. He escaped and ran to the city of New Westminster, a mile or so, and is now in the hospital for treatment. It was so dark at the time of the accident that he could not tell whether the animal was a lynx or a cougar.

Boils were so painful could not sleep at night.

APPEARED ON NECK, LEGS AND ARMS.

Burdock Blood Bitters CURED THEM.

It is well-known to all that bad blood is the direct cause of all skin diseases and it is necessary for the blood to be cleansed before the eruptions will disappear. For this purpose there is nothing to equal Burdock Blood Bitters as the thousands of testimonials we have on hand will testify.

Mr. Willard Thompson, McNeill's Mills, P.E.I., writes us as follows: "I wish to state to you what Burdock Blood Bitters has done for me. Some time ago my blood got out of order and many boils appeared on my neck, legs and arms. They were so painful that I could not sleep at night. After having tried many different remedies without any success, I finally decided, on the advice of a friend, to use Burdock Blood Bitters. Before I had quite used two bottles the boils had completely disappeared, and I wish to emphasize the fact that I think Burdock Blood Bitters the best blood purifier on the market to-day."

SHOT GUN

- PRESCRIPTION -

We suppose we are not revealing any trade secrets when we say that many medicines are made up on the principle of the so-called "Shot Gun" Prescriptions, which were formerly somewhat in vogue. The idea of the Shot Gun Prescriptions was to put into a medicine a large number of different drugs, each useful for different purposes, in the hope that some of them might hit the case.

The most successful physicians we know use a more direct method. The medicine we sell over our own name, and guarantee, does the same. This medicine is called

Staples' Dyspepsia Remedy.

It is the best remedy we know of for Dyspepsia in all forms, such as Indigestion, Costiveness, Biliousness, Sour Stomach, Heartburn, Water Brach, Sick Headache and all the terrible diseases caused by Dyspepsia. It is not a scattering "Shot Gun" Prescription but it goes straight to the mark, and has cured so many people right here in town, that it gives us confidence to sell it on an absolute guarantee, as follows: If you use a bottle and it does not help you, we will give you your money back without a word of complaint. We could not afford to guarantee it so boldly if we had not seen it succeed ninety-eight out of every one hundred cases.
