

DRAGGED TO DEATH

Shocking and Fatal Accident

TO A BOY AT SPRINGFIELD

Tyler T. Gordon, Aged 13 Years,

THROWN FROM A HORSE AND KILLED NEAR HIS HOME.

A shocking accident occurred at Springfield in the parish of Queensbury last evening, resulting in the death of Tyler T. Gordon, the thirteen-year-old son of Mr. Sherman Gordon of that place.

From particulars of the affair to hand, it seems that after supper the boy started out on horseback, as was his usual custom, to bring the cows home from the pasture. He had both bridle and halter on the horse, and boyish like, after seating himself on the animal's back tied the halter rope around his waist. Failing to return at the usual hour with the cows the boy's father, becoming anxious over the delay, started out to investigate the cause of his son's absence. He had proceeded not more than one hundred and fifty rods from the house, when he came upon the riderless horse, and the dead and mangled body of the boy lying upon the ground near the animal's feet, and with the halter rope still around his waist. A single glance was sufficient to tell the story as to how the little fellow had come to his death. He had fallen from the horse's back and had been dragged, tossed about, and trampled upon until the life had been shaken out of his body.

After untying the rope the father turned in horror from the spot, and summoned several of his neighbors who went and tenderly bore the body of the unfortunate boy to the house. The boy's clothing was covered with dust and blood and the ground in the vicinity showed signs of the terrible struggle that had taken place.

The victim of the accident was a bright and promising youth and his tragic death has cast a gloom over the community and great sympathy is felt for the grief stricken relatives.

The funeral will take place tomorrow morning at ten o'clock with services by Rev. Mr. Rutledge. Undertaker Robert B. Adams has charge of the arrangements.

Marysville News.

(By Our Own Reporter.)

July 14.—Dr. Fisher and his family have gone to their summer camp on the St. John river, near Burton, where little Stella Clayton is visiting the bed.

A man in speaking of the bad water in the Saint John river told the Herald representative a few days ago that the people of both Fredericton and Marysville were supplied from that source, which statement is incorrect as the citizens of Marysville get their washing water from Mill Brook and that for drinking purposes comes from springs at the back of town and is very refreshing and considered to be of the very best quality. In recent years pipes have been laid and several of the houses are now supplied.

Our base ball nine continue the good work. Last Tuesday evening they went to St. Marys and defeated the crack team of that place in a very interesting game which was witnessed by a large crowd of spectators. The score was 10 to 3. The last time these teams met Marysville lost, therefore honors are even.

The theatre going people of Marysville will hail with delight the appearance of "Town Topics" at the Fredericton opera house next Monday evening. If there is

a late train a large number from here will attend.

The rain yesterday afternoon was a very welcome visitor not only to the farmers in this section, but also to the lumbermen, as the river has been very low.

The shingle mill was compelled to stop operations yesterday, there being no cedar logs available, but there are several in the stream and with a raise of water will likely be brought out.

Miss Mary and Master Frank Merritt spent Wednesday in Fredericton, the guests of their grandmother, Mrs. E. M. Merritt, Brunswick street.

The many friends of Miss Ethel Day will be sorry to hear that she is confined to her home suffering from quincy.

(Special Correspondence to the Herald)

June 29.—Our school, which closed on Thursday, has been under the skillful care of Miss Louise Trail of Lower Southampt. A large number were present at the examination and found that the school had increased since the last time they met and as a school they said a few words to the teacher.

Dear Teacher: We cannot tell you how delighted we are to be the means of conveying to you our expression of our united love. You have made our lessons pleasant to us, so it would be ungrateful to call them tasks. We know that we have often tried your temper and forbearance, but you have dealt gently with us in our waywardness, teaching us by example as well as precept, the advantages of kindness and self control. We will never forget you. We shall look back to this school in after life, not as a place of penance, but as a scene of mental enjoyment, where the paths of learning were strewn with flowers, and whenever memory recalls our school days, our hearts will warm towards you as they do today. We love and respected you as a friend, in that light dear teacher, we all regard you. Please accept our earnest good wishes. May you always be as happy as you have endeavored to make your pupils, and then nothing better could be wished for them. May they be always as faithful to their duties to others as you have been in your duties to them.

Teacher, we thank you for all your kind endeavors to do us good. May your good wishes for us be all fulfilled in years to come.

We trust years hence you may hear from us, mingling with the great world, helping forward in one way and another, life's good work. And may the world, the great school in which we are all scholars, find us faithful in all the good lessons we have to learn, in short, may we make our lives a grand success, and be admitted to a higher school in the time to come that they may be always as faithful to their duties to others as you have been in your duties to them.

A Fine Span.

Dr. B. M. Mullin of St. Mary's is now the proud possessor of the handsomest, best matched and speediest spans of blacks to be found in this section of the country. The doctor has for some time been looking about for a mate to the valuable black mare, which has been his property for several years, but did not succeed in laying hands on one until yesterday. When he saw the animal on Queen street, at first he thought it was his own, so striking was the resemblance. He afterwards learned that it belonged to a man from Millville, and was not long in seeking him out, and making the purchase.

Services at Nashwaak.

Rev. C. W. Sables will preach at Nashwaak next Sunday, July 17th, at 11 a. m., and on Sunday, July 24th, will be at Glencoe all day. The ordinance of baptism will be administered at the close of the forenoon service and the right hand of fellowship extended at the evening service. The service for Nasonworth for the evening of July 24th has been cancelled.

KRUGER DEAD.

Ex-President of the Transvaal Passed Away.

PNEUMONIA AND HEART FAILURE THE CAUSE.

Relatives will Ask Authority to Take the Remains to South Africa.

(Special to Daily Herald.)

Clarens, Switzerland, July 14.—Paul Kruger, former president of the Transvaal Republic, died here at 3 o'clock this morning from pneumonia and supervening heart failure. Mr. Kruger lost consciousness Monday. His daughter and son-in-law were with him at the time of his death. He had been out only once since his arrival here at the beginning of the last month.

The ex-President's body will be embalmed and will be placed in a vault pending the funeral arrangements. Application will be made to the British government for authority to transport the remains to the Transvaal. In the meantime they will be temporarily interred here.
