### Baseball Games.

The Victoria baseball team of Newcastle arrived in the city at noon today and are playing the Tartars at Scully's Grove this afternoon before a large number of spectators. They will meet the Tartars again at Scully's Grove tomorrow morning and should draw a good crowd.

### A Drifting Match.

The yacht race yesterday afternoon between the Asthore and Doreen resulted in nothing more than a drifting match, the wind being very light. The race proved rather uninteresting for spectators. The Doreen outtailed her opponent in the light air and managed to get across the line, while the Asthore was unable to finish.

### Badly Needed.

The building committee of the county council are taking steps to improve the sanitary condition of the county court house. Several local plumbers have been invited to tender for the work. The wretched sanitary condition of the court house furnished the subject of a presentment by the grand jury at the last circuit court. It is to be hoped that the building committee will make a perfect job of it this time.

### A Doctor's Death.

Dr. John H. McKay, who died at Truro yesterday of Bright's disease, was the leading physician of that town and a brother of Senator McKay. He was 58 years old, a Conservative taking an active part in politics and for the past twenty-three years was president of the Colchester Conservative Association. His second wife, who survives him, is a daughter of Mr. J. J. Snook, the well known harness manufacturer of Truro.

### Taylor--Pollock.

Mr. Frank A. Taylor of Kintore, Victoria County, and Miss Edna M. Pollock, daughter of the late Joseph Pollock, were married at the bride's home, this city, at three o'clock yesterday afternoon. Rev. Willard Macdonald tied the nuptial knot in the presence of a few friends of the contracting parties. The groom's present to the bride was a handsome gold chain. The happy couple left last evening for Albany, N. Y., where they will reside in future.

### The Government Meeting.

The local government finished the business of the session yesterday afternoon and Premier Tweedie and Hons. C. H. LaBillois and F. J. Sweeney went to St. John by the evening train. Hon. L. P. Farris left for home by boat this morning. A meeting of the Board of Education was held yesterday afternoon, but only routine business was transacted. The lumbermen's request for a reduction in the mileage rate, has been referred to Premier Tweedie, the acting surveyor general, who will prepare a reply and submit it to the lumbermen in a few days.

### Katherine Rober Co.

The Katherine Rober Stock Company, will open an engagement for one week at the city opera house, on Monday night of next week, presenting a repertoire of plays a little out of the ordinary with a repertoire company. Miss Rober has engaged one of the strongest acting companies that she has ever had the pleasure of presenting to her patrons. A list of plays may be found in the advertisement in another column. The play selected for Monday night will be "Roxann's Claim."

This is one of the strongest plays on the repertoire, and is sure to please. Matinee will be given on Saturday.

### MR. HUDSON'S OPINION.

Former Fredericton Man Thinks Parker Will be President.

Moncton Times: Among the arrivals at the Brunswick last evening was Mr. John P. Hudson, of Brooklyn, N. Y., a former Fredericton man, who is on a holiday trip to the province. Mr. Hudson has been on a trip to the North Shore, visiting the Caraquet shore, Chatham, Newcastle and Bathurst, and is now on his return to St. Andrews where Mrs. Hudson is spending the summer. Mr. Hudson was accompanied on his North Shore trip by Dr. Hugh P. O'Neil, of St. Andrews, who is now at Cape Bauld.

Mr. Hudson left Fredericton 37 years ago and became a citizen of New York, where he practised law for many years, being a member of the firm of Tracey, Catlin and Hudson. At present the former Fredericton man is clerk of the Supreme Court of Brooklyn. In conversation with the Times representative respecting the coming presidential election, Mr. Hudson expressed the opinion quite emphatically that Parker will win, and one of his chief reasons for saying that is because nearly all the big newspapers are for him.

### AN ELOPEMENT SPOILED.

Disappointed Lover Now Wants His Money Back.

A well known character about town who lately came in for a legacy by the death of a relative in the Old Country, and is generally reported to be possessed of more money than brains, has lodged a complaint with the authorities against a married woman living at St. Mary's for obtaining money from him under false pretences. It seems that he had been keeping company with the woman some time, and recently she, at his urgent request, consented to elope to Scotland with him and get married. On the strength of her promise he gave her a gold watch and advanced \$25 towards the expenses of the trip. The gallant swain made all arrangements for the elopement, but the other party, for some reason or other, failed to come to time. He now wants his money and watch back and says there will be wigs on the green if he doesn't get them. The fellow in question, since he came in for the legacy, has been burning the candle at both ends.

### THE NEW GYMNASIUM

At the University will be Erected at Once.

The altered plans for the new gymnasium at the U. N. B., have arrived from the architect in St. John, and the work of construction will be proceeded with at once. John Maxwell is the contractor, and a large crew of men will be employed in order to have the building ready before the snow flies. When completed the University will have one of the most complete and best equipped gymnasiums in the Maritime Provinces. The building will be erected on the site of the old gymnasium, just above the Science building. It will be entirely of brick, and will add much to the appearance of the grounds.

The students expressed themselves as in favor of having the new gymnasium erected in the College field, but the committee from the Senate who had the affair in charge, decided it would be in the best interests of the College to have the gymnasium near the University buildings. The students and friends of the U. N. B. will be greatly pleased to hear that the work of erection will be proceeded with at once.

### Married in Boston.

A Boston despatch of Wednesday says: The marriage of Frank MacGregor, a well known Boston printer to Miss Agnes Landers, of St. John, was solemnized this afternoon at the Holy Cross Cathedral. The bridesmaid was Miss Gertrude McGowan, of St. John, a cousin of the bride, and John F. Ward, of Boston, attended the groom. The happy couple will spend their honeymoon in Europe, sailing Friday on the steamer Celtic. (Mr. McGregor is a former Frederictonian and a grandson of the late Barney McCafferty, and learned his trade at the Farmer office in this city.)

### THE ODDFELLOWS.

A Notable Gathering to be Held Here Next Week.

The grand lodge of the I. O. O. F. of the Maritime Provinces will meet here in annual session Wednesday of next week. It is expected that there will be between three and four hundred delegates in attendance. The grand encampment opens in the Odd Fellow's hall on Tuesday at 10 o'clock, and the grand lodge meets at 10 o'clock on the following day in the Church Hall. The grand assembly of the Daughters of Rebekah will convene in the Knights of Pythias hall on Wednesday at 10 o'clock. As many of the delegates are bringing relatives and friends with them it is likely the number of visitors will go above the five hundred mark. Victoria Lodge is making elaborate preparations for the entertainment of the visitors, and are hopeful that the civic authorities will co-operate to the extent of having the streets cleaned up and the grass crop cut and hauled away.

The Steamer Victoria has been chartered for Thursday afternoon and the visitors will be entertained to a sail on the river. She will leave her wharf at 3.30 and return about 6.30. Luncheon will be served on board.

The Fredericton Tourist Association will present each of the delegates with a copy of their illustrated tourist pamphlet to take home with them as a souvenir of their visit to the most beautiful city in Canada.

Traffic Manager Tiffin of the I. C. R., and party left for Moncton last evening in the private car attached to the nine o'clock train.
