

Events of a Day.

Weather Forecast.

Fine, becoming warmer. Saturday, fine and warm.

Band Concert.

The Fredericton Brass Band gave one of their delightful open air concerts at the west end band stand last evening and a large crowd of spectators were present.

Mr. Skillings Dead.

Mr. E. L. Skillings, an advertising agent well known among Fredericton business men, died last night at the Dufferin Hotel, St. John, aged 47. He was ill only a week.

The License Exams.

The examinations for graduates in arts who wish to qualify for Grammar school licenses will commence at the Normal school building on Monday morning next. The examinations for the student teachers will commence on Tuesday morning.

Fishing Trip.

Messrs. Atherton Coburn, D. B. Winslow and Charles Fowler, left today for Cain's River on a ten days' fishing trip. They will be accompanied by Harry Allen and Arthur Pringle as guides.

Completed His Course.

Mr. Wilmot Lemont returned today from Boston where he has been taking a course in instrumental music. Mr. Lemont studied the piano under Carl Faelpes at the Faelpes piano school and took a course in the pipe organ at the New England conservatory of music.

Christian Socialism.

Fredericton people will in a few days have an opportunity of hearing Rev. Mark Guy Pearse lecture. The distinguished author and lecturer will attend the Methodist conference which will be held here next week and on the following Monday will deliver a lecture in the Methodist church on Christian Socialism.

New Brunswick Won.

The P. E. Islanders did not put in an appearance at the interprovincial rifle match at Sussex yesterday, and the competition was between New Brunswick and Nova Scotia, the former winning by three points—730 to 727. The New Brunswick scores were: Major Wetmore, 96, Capt. Forbes and Sergt. Chandler each 93, Capt. Arnold, 91, Major J. T. Hart, 90, Major McRobbie, Pt. Jardine and Major A. E. Macle each 89. The highest Nova Scotia score was 96 and the lowest 82.

Gilson Water Supply.

The residents of G. son, who recently had a touch of what might have been a serious fire, are talking of erecting a stand pipe and reservoir in the village and have such water power as will be capable of throwing a stream of water over the highest building. They feel that they have in years past suffered severely from fire, and that the time has now arrived when they should instal proper fire protection. The report that a committee of the residents were arranging to purchase a fire engine from the town of Woodstock, is not correct as no person has been authorized to negotiate such a purchase.

A Horrible Accident.

A letter received from Mr. Gilbert Cook, formerly of this city but now employed with the Fish River Lumber Company, at Eagle Lake Mills, Me., tells of a horrible accident which occurred in the mill there recently and the most terrible which ever occurred in Maine. The victim was Geo. H. Burbick, of Grafton, N. H., head sawyer and one of the most popular men in the employ of the company. In some unaccountable manner he fell onto the rotary saw and went through with the log, his body being cut into about one hundred pieces. The deceased was considered one of the best sawyers in the Eastern States. Naturally the employers of the mill received quite a shock. Another Fredericton boy employed there is Tommy Minnewweather, and they are doing well.

Lt Col Loggie returned this morning from Sussex where he was attending the rifle match yesterday.

NORMAL SCHOOL

Interesting Closing Exercises this Morning.

MISS VEGA CREED AND MISS MADDOX WINNERS OF MINTO MEDALS.

Review of the Term's Work and Addresses.

The closing exercises at the Provincial Normal school took place at the assembly hall of that building this morning.

A comparatively small number of spectators were present. On the platform were Chancellor Harrison and Dr. A. M. Scott, of the University and Principals J. M. Palmer of Sackville.

The exercises which consisted altogether of a review of the term's work, were of an interesting character.

A class of little tots were present from the Model school and Miss Lizzie Maddox of Carleton Co., with the aid of the black board put them through a lesson in numbers. This bright young lady showed that she had profited by the term's work in the method of teaching and acquitted herself most creditably.

Miss Alma Belliveau of this city, demonstrated how to teach the "First Steps in Reading," in a manner which showed she had a good grasp of her subject and new how to impart it.

Miss Vega Creed, daughter of Dr. Creed of the Normal school showed the method of teaching Literature.

Miss Shanklin of St. John Co., showed how she would teach a class in Botany. She used a number of plants and drawings and her subject was very interesting.

At the conclusion of the exhibitions in teaching the students were examined in the different subjects taken up during the term and all seemed to possess a thorough knowledge of the different branches of the work.

The Prize Winners.

The principal announced that the Governor General's silver medal for the highest professional standing in the senior class had been captured by Miss Vera Creed of this city, who made an average of 57.1, and that Miss Lizzie Maddox of Wilklow, Carleton County, was the winner of the governor general's bronze medal for the highest professional standing in the junior class, having made an average of 53.7. Both young ladies, amid loud applause, came to the platform and were presented with the medals by the Chancellor, who complimented them both on the evidence they had given of application to study. He mentioned the benefits which a sound knowledge of professional work would be to them in their profession. He was pleased to see the adjacent counties of York and Carleton show up so well and concluded with some good advice not only to the prize winners but to the student teachers generally.

Miss Creed is a daughter of Dr. Creed of the Normal School, and Miss Maddox belongs to Wilklow, Carleton County. Both go out from the Normal School with good records and every prospect of success.

The following is a list of the general standing in class A.

Miss Babbitt	82.3
" Hannah	74.3
" Moore	74.3
" Copp	72.1
" Smith	71.0
" Shanklin	70.9
Mr. Straight	70.9

An address containing much good advice was delivered by Dr. Scott, after which Dr. Crockett delivered the closing address.

SUPREME COURT.

A Number of Cases Engaged Bench's Attention.

At the Supreme Court yesterday afternoon in the case of Pickard vs. Kearney et al.—J. C. Hartley moved for a non-suit or a new trial. F. B. Carvell, contra. Court considers.

At this morning's sitting Justices Tuck, Hannington, Landry, Barker and McLeod were present. The case of the King vs. Francis McGuire was taken up. Hon. Mr. McKeown, K. C., in response to a rule calling upon the Attorney General to shew cause why the defendant should not have leave to appeal from a conviction against an indictment for theft in the St. John County Court, and why the County Court Judge should not state a case to this court, stated that the crown has no objection to the leave being granted. Rule accordingly returnable on Friday next.

McMonagle vs. Campbell—Mr. McMonagle, K. C., moves for judgment non-obstanto verdicto or for a new trial. W. C. H. Grimmer, contra. Rule refused. Verdict may be entered for the plaintiff on the plea of non-cepit.

King vs. Walter Cahill, ex parte Frank Tait—J. D. Phinney, K. C., shews cause against a rule nisi granted last term for selling liquor contra to the Canada Temperance Act.

The same vs. the same—The like for keeping for sale liquor. G. W. Allen, K. C., supports the rules.

That Watering Trough.

To the Editor of the Herald,

Sir: I wish to correct a statement in last night's Gleaner.

The watering trough, pipe and taps are mine, but the water was granted by the council for the benefit of the citizens and the public generally.

In fairness to me the water superintendent should state this in his report and not make it appear it was for my use only.

In reply to the alderman who remarked I was queer in my ways, I would say I am not alone in this. There are many queer people in this community and the council have their portion. I am willing to leave that part to my fellow citizens to judge.

A Quaker lady one said to her husband "Every one is queer but thee and me, and even thee are a little queer."

Yours truly,
Henry Chestnut.

FOUND.

A Man's Bicycle, found on King street on Monday night last, can be had by calling on John Chase, Metropolitan Life Insurance Office, describing property and paying for this advertisement.
June 8—d21

NOTICE.

The annual general meeting of the shareholders of The Hart Boot and Shoe Company, (Limited), will be held at the offices of the Company in the City of Fredericton at half past three o'clock in the afternoon of Wednesday, the fifteenth day of June, A. D. 1904, for the election of Directors and the transaction of such other business as may legally be brought before the meeting.
Dated May 21st, 1904—d14

JOHN KILBURN,
President.
