The Japs are working on the theory that Port Arthur should be shaken well before taken.

Nervous Reaction.

A Frenchman who had by chance passed over a narrow plank lying across a deep gorge in the dark, on viewing the spot the next day fell down dead while contemplating the dangers of the previous night.

But probably the reason that some automobiles go fast is to get away from the smell.

Too Great a Risk

In almost every neighborhood someone has died from an attack of colic or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

Could Not Lie On Her Left Side.

WAS TROUBLED WITH PAIN IN HER HEART FOR SIX YEARS.

Expected Her Friends Would Find Her Dead.

Mrs. C. Bondreau, Campbellton, N.B., was completely cured by

MILBURN'S Heart and Nerve Pills.

She tells of her experience in the following letter: "I was troubled with a pain in my heart and weakness for six years. Most of the time I could not lie on my left side. I consulted a doctor but got no relief and was completely discouraged. I did not think I would live long and expected my friends would find me dead. A friend brought me a box of Milburn's Heart and Nerve Pills and I took them to please her, not thinking they would do me any good. I had not used half the box when I commenced to feel myself getting better and by the time I had taken two boxes I was completely cured and can recommend them to all sufferers from heart trouble."

Sunshine Furnace

DOUBLE FEED-DOORS

Just about the meanest thing a furnace can have is a dinky little door. Ever have one? Hit the edge as often as the hole? One has to be an expert stoker to shovel coal into some furnaces. If you're not an expert you'll get as much on the floor as in the furnace.

The Sunshine furnace is equipped with a good, big door. You can put your shovel in and drop the coal just where it is wanted—no trouble, no taking aim, no missing, no scattering, or annoyance.

Everything about the Sunshine furnace is on the same scale of thoughtfulness.

Sold by all enterprising dealers. Write for booklet.
